President,
General Court Martial.

Capt. Fuller.

1. Duty at CISHQ prevents me appearing in person. I have known the m/n officer, first as an N.C.O. for a period of 4 months and thought sufficient of him to give him a letter of introduction to friends in England in Feb 1940.

2. He served under me for approximately 4 months last year. I found him reliable and of good character, was responsible and carried out some very important duties. I do not hesitate, from my experience with him, to give him anything but an excellent character.
