### DISORDER IN CHICAGO.

THE STREET CAR STRIKE  
LEADS TO TROUBLE.

Sympathizers and Strikers Attack  
Non-union Men—Three Thousand  
and Men Have Quit Work.

Chicago, Nov. 13.—Constant scenes of disorder over a district of approximately fifty square miles resulted from the inauguration of a strike on the Chicago City Railway, one of the two principal local surface companies. All along the lines, wherever cars were started, strike sympathizers made desperate onslaughts on the crews. The tie-up through the south side to the business district where the company operates was complete. A number of cars were wrecked, and that no person was killed was no fault of the rioters. One man had his back broken, and the first shot of the strike was fired at Wentworth avenue and West 60th street, where a mob of several hundred persons tried to hold up a train. Many persons, chiefly non-union car men, were injured by flying stones or splintered glass. Two women were among those hurt. Excepting a few dozen passengers, who had to flee from the cars, 300,000 daily patrons of the company were forced to all sorts of vehicles to get down town and back. With faces and hands bleeding from the attacks of the strikers, motormen, gripmen and conductors who tried to run trains returned to the barns and refused to go out again unless the trains bore platoons of police or with patrol wagons alongside. Under orders from Mayor Harrison, whose announced purpose was to preserve an impartial attitude, the police confined their efforts to clearing blockades and crowds from the streets.

The strike is the outgrowth of persistent efforts for increased wages and exclusion of non-union employees. About 3,000 men, practically the entire force of the company's wage-earners, are out. The company's stationary firemen, to whom the trainmen looked for assistance, declined to strike, although they have demanded higher wages. The firemen have offered their services to the company as mediators, but the company has announced no decision on the proffer.

### INCREASE \$22,000,000.

Canada's Foreign Trade for the Last Four Months.

Ottawa, Nov. 13.—An increase of over \$22,000,000 in aggregate foreign trade for the four months ending October 31st, as compared with the same period of last year, is the splendid showing which Canada makes. The aggregate for the four months was \$179,254,045. For the four months ending October 31st, 1902, the figures were \$157,230,992. The total imports were \$85,824,255, showing an increase of \$15,918,713. Of this sum imports of free goods amounted to nearly one-half. As these consist of raw materials for factories, it indicates a brisk condition of manufacturing. Exports of domestic produce amounted to \$83,284,191, being a gain of \$2,150,845, as compared with exports for the same four months of last year. The increases were: Products of the mine, \$1,126,762; animals and their products, \$1,592,611; agricultural products, \$1,640,714; manufactured products, \$340,924. There was a falling off of \$1,519,860 in products of the forest, \$995,710 in products of the fisheries and \$34,649 in miscellaneous products. The following is a comparative statement of the imports and exports for the four months in detail:

### YOUNG WOMEN ARRESTED.

Detectives Follow Up Robbery of Wm. Lescombe.

Toronto, Nov. 13.—Two young women were arrested yesterday by Detective Forrest in connection with the brutal assault and robbery of William Lescombe of Boyne P. O. on Monday night. They are Jessie Meffen, alias Maggie Price, and Bessie Lorraine, both of the east end. Lescombe was taken for a drive by two women and two men, who robbed him of \$240 and left him lying almost unconscious on the Kingston road. Detectives Forrest and Slemm headed the vehicle off on King street east, but the carriage was empty. Thos. Graham, the driver, would volunteer no information regarding the affair and he was locked up. Graham is now in jail on remand. The men concerned in the case are unknown to the police.

### ATTACKS GOLDWIN SMITH.

A VIGOROUS ONSLAUGHT BY  
THE MORNING POST.

British Free Traders Regard His Support as Good Omen, but The Post Disagrees.

London, Nov. 13.—The Morning Post makes an onslaught upon Mr. Goldwin Smith's recent article in The Monthly Review entitled "Canada, the Empire, and Mr. Chamberlain." The Post says it is well worth studying, if only because a more amazing tissue of misapprehensions was never put together by an inhabitant of a British dependency. The separations of the Provinces, which he refers to are only half truths. Every Canadian knows that more traffic passes through the Soo Canal in one year than through the Suez Canal, and that the waves of geological uplift between the prairie and the coast are full of prosperous mining towns. It is pitiful to think that a life-long student of the world's history is bringing himself to regard the empire as a fortuitous concurrence of atoms. It is impossible to spend a day on Canadian soil without becoming conscious that Canadians of all parties regard Mr. Chamberlain as the statesman for the age; still, Mr. Goldwin Smith would have us believe that Canada would favor a renewal of commercial reciprocity with the United States. The free traders of England refuse to see that Canadian Liberals, having under their eyes the example of American prosperity, have long since abandoned their belief in the dogmas of the Cobden Club. That Mr. Goldwin Smith is with them they regard as a good omen, but he is always on the losing side.

### H. W. SOUTHAM KILLED.

A Well-known Londoner Falls Under a Train.

London, Ont., Nov. 13.—A terrible death overtook Harold W. Southam in the Grand Trunk yard here shortly before 8 o'clock last evening. He intended leaving for Detroit on business, but as he missed his train he decided to take the Sarnia train and go by way of the tunnel. This latter train was just pulling out of the station when he ran to board it, and in attempting to do so he missed his footing and fell under the wheels. He was carried about 50 yards before the train was stopped, and his body horribly mangled, portions being scattered all over that distance. Deceased was the eldest son of Mr. Richard Southam of the Southam Printing Company, of which he was a member, and a nephew of Wm. Southam of The Hamilton Spectator. He was about 30 years of age and most popular, particularly in athletic circles. A wife and two children survive him.

### SMASHED THE SALOONS.

The Action of the Citizens of Gainesville, Ga.

New York, Nov. 13.—The Times has the following from Gainesville, Ga.: On the ringing of the fire bell this afternoon at 3 o'clock 400 citizens, armed with axes, gathered at the city hall, as previously arranged, and proceeded to smash the "blind tigers" and other notorious resorts of the city. After completing their work of demolition the members of the mob, through their leaders, served notice on the proprietors of the liquor joints and other resorts that they must leave the county in ten days, and that no attempt to reopen their places will be tolerated. The committee of citizens was comprised of the best people of the city, and was headed by the Rev. J. W. Wynne, pastor of the First Baptist Church. A mass meeting was held after the alleged violators of the law had been visited, at which a large sum was raised to be used in the prosecution of any person who shall attempt to reopen one of the closed resorts. There has been a great deal of trouble here recently, in which liquor has played a large part, and as this county is dry, the illegal sale was regarded as the chief of the evils. A few weeks ago the Rev. C. F. Petty had a duel with C. C. Lipscomb as a result of an article charging Lipscomb with running a "blind tiger."

### A BOY'S TERRIBLE DEATH.

Packed in Bale of Cotton and Crushed Beyond Recognition.

New York, Nov. 13.—A despatch to The Tribune from Forest, Miss., says: Henry Bailey, son of a well-known planter of Smith county, has been killed by being packed in a bale of cotton at a ginney near Lemons. Young Bailey had come to the gin with several wagon loads of cotton sent by his father, and in some manner fell in to the press without being noticed. The tragedy was only discovered by a shoe heel seen protruding when a bale was removed from the press. The lad was crushed beyond recognition, but his clothing made the identification complete.
