THE "PATENT" BURNER.

English and Continental Patents Secured.

The New Export Incandescent Lighting Company, Ltd.,
36 Mansell St., LONDON, E. Eng.

having had numerous enquiries for a Burner which being simple in construction and easy to clean shall meet the popular demand as to price, have pleasure in submitting this Burner with confidence to their Clients.

It is Brass throughout, consisting of two pieces only—the one part is shewn in Fig. 3, containing the gallery holder, chimney guard and injector, this latter having in its base a threaded orifice to take the adapter. The second part is shewn in Fig. 1, which completes the burner. This section is gently inserted into the support shewn in Fig. 3. It is manufactured to fit perfectly so as to prevent escape of gas or the ingress of air save in the space and manner specially provided.
