Cash Deposits with Three Provincial Governments

## HAIL INSURANCE

It is Every Man's Privilege to carry his own risk and save the insurance premium, but why pay a premium and still carry the risk?

We Offer insurance that has been on trial for TEN YEARS in Manitoba and Saskatchewan and it shows an unbroken record of loss claims PAID IN FULL, to which thousands of satisfied insurers will bear witness.

Why Experiment with something that is on record as having failed whenever put to the test of a bad hail season, or with the NEW and UNTRIED METHODS of Companies having little or no knowledge of Hail Insurance.

OURS is not cheap insurance, but an article that CAN BE DEPENDED UPON, and the price is reasonable.

## BINDER TWINE CO-OPERATION

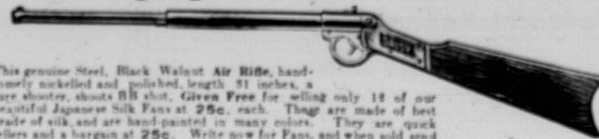

**E**IGHT thousand farmers at Brantford desire all Grain Growers' Sub-Associations to write or telegraph us night letter message, "Special Rate," instantly for carload rates of 12 tons or more on Binder Twine, every ball guaranteed. We protect you against hailstorms or drought. Apply for samples—don't delay. As farmers your duty is very plain. You must stand for the Grain Growers—the Grange—this great company and co-operation collectively if you expect to win out, otherwise you will be helplessly lost, no matter how good your crops. Advertising for tenders locally from our opponents is no game and will not demonstrate to advantage. We are placing a million dollars' worth of our binder twine with you at actual cost. Prefer you to take the time instead of paying us cash. There must be no corral of this Canadian market; we are fighting desperately for you. We are up against nearly everything in sight and bucking hundreds of million of dollars of capital. Surely you must understand the situation. Don't confuse the Company. If you want to do departmental store business with us on Binder Twine or any other article send your money direct to Brantford. We are manufacturers; we don't, however, advise it. Someone must be paid for soliciting, distributing, collecting and looking after the shipments. Of course our opponents will quote our prices on binder twine and sell for even less, anything to unhorse this Company. Rise like men to the occasion and give us the benefit of your undivided loyalty. We smashed the Twine and Fibre Combine twenty years ago with their forty millions of capital, and have held down prices on twine ever since. We are today largely preventing a corral of all Canadian manufacturing interests; which you ought to understand and rise to the occasion collectively and separately as farmers' organizations. Every ball of the Company's twine will be branded with our Manager's name.
