TONS ON THE DUMP

A Good Strike Has Been Made on the and Other Properties.

of next week. A contract has been let pany will be able to deliver at the mines district, was sold Tuesday for \$20,000 with John F. Linburg to rawhide some with John F. Linburg to rawhide some with John F. Linburg to rawhide some of London, England. The sellers were of London, England. The sellers were near there. He, and his associates, of London, England. The sellers were near there. He, and his associates, of London, England. The sellers were near there. He, and his associates, of London, England. The appeal did pressed air is delivered direct to the presse siding, and Mr. Linburg is now hard at mines, and is fed to the machines withwork making preparations for the task. plant to be constructed here will cost Stables are being erected at the Velvet about \$150,000.

Stables are being erected at the Velvet about \$150,000.

A company is installing a plant at A compa The distance is about six miles from the estimated that the company there will mine to the railway siding. The ore, which will be sacked at the mine, will be sacked at the mine. and from there down to the siding it will make even a better rate.

be rawhided. Mr. Limburg expects to make the round trip each day with his horses, and ore per day to each animal.

crosscutting the ledge and drifting along of ore is being reached. No assays of

arranging for sacks. The Velvet is eclipsing all records in the way of quick development.

Poorman Stock Being Sold. There has been considerable activity in Poorman stock for the past week and the reason for this unusual move was unknown. It is said to be due to an approaching change in the management. It is said that Colonel Ridpath is going out and is selling his holdings. He is the owner of 35,000 shares and controls some 18,000 shares that belong to others. "Other interests require my atten-

tion," he said to a Spokane reporter, "and as I was offered a fair price for my No. I do not know who are the purchasers of my stock. The sale is being made through a broker.' Colonel Ridpath received 10% cents a share for his stock. As high as 11 cents

was bid for small blocks Saturday. Mr. Ridpath has been managing the property. It is not known who will succeed him. Other extensive owners of Poorman stock are Charles Liftchild of Spokane and Bigelow and Himes of New

J. W. Boyd Going East. J. W. Boyd left Tuesday for the east,

in the interests of the New York-Kootenay Mining company. Mr. Boyd re Eagle company at sheriff's sale, and about a fortnight, and on the Nickle will not be long before then become while away he expects to meet the east- Plate in about the same time. I cannot will not be long before they have reern stockholders, with the view of re- say how large a crew will be employed organizing the company so as to protect at either of those mines; that will detheir interests. Mr. Boyd's project is somewhat similar to the reorganization property. I may not say who they will Go to the Pen for Three Years for Path and some of his friends were secured proved without a dissenting vote, and plan adopted by the Line people. The purposes incorporating a new company, with a capital of \$250,000, to which the assets of the old Red Eagle company will be transferred. Shareholders in the assets of the properties, and the appointment all our properties, and the appointment all our properties, and the appointment of the permanent superintendent of each of the permanent superintendent will be transierred. Shareholders in the old company will be issued stock in the new concern on payment of their share of a sum sufficient to reimburse Mr. Boyd for his outlay in purchasing the stores of the report, which he stores of the first store of the report, which he stores of the first store of the report, which he stores of the first store of the paying is 30 cents is asked.

The Poorman is making a shipment of their share of their share of a sum sufficient to reimburse Mr. Boyd for his outlay in purchasing the stores of the total company on January 3, were of the permanent superintendent of each mine will be left to him. Who will be a large quantity of ore on hand. The boyd for his outlay in purchasing the stores of the first company on January 3, were of the permanent superintendent of each mine will be left to him. Who will be a large quantity of ore on hand. The say that either Boyd for his outlay in purchasing the say that, either. will mean the opening up of a number on it at once."

of local properties. from the shaft and 420 feet from the entrance. The expectation was that the ore would be encountered at this point, and it is thought before the workings are extended much fore the workings are extended much fore the workings are extended much fore that a large vein will be found.

Despite the large dealings in the above the standard stocks there is a good movement was the worst tissue of falsehoods and perjury that had ever opening of the property. It is expected to the standard stocks there is a good movement with the shaft and utilized as the main working farther that a large vein will be found,

evening again. Appointed Provincial Agents. The following persons have been appointed provincial agents for foreign mining companies:

Tom Lavelle, for the Esther & Queen Anne Gold Mining company. F. H. Oliver, for the Josie Gold Min-
