Hail's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Ghostly Decorations-Weird Costume 'at the Hostess-A Good Way to Open the Fun-Glimpsing the Future Husband or Wife.

Preparations for Halloween parties are already under way. To celebrate the season properly the house and the entertainment should savor richly of mystery and harvest home. Everything that takes place must be an effort to pry into the future or to insure future prosperity. If effort is made to give color to this effect in the decorations of the room the pleasure of the occasion will be doubled. These may be as freakish as ingenuity can pro-

If desired the hostess can array herar desired the hostess can array her-self as a witch in a long gown of red, bordered with frogs, lizards and ser-pents cut out of black cloth. On her head let her wear a long pointed bat of scarlet, with a black veil caught at its tip, the hat coming from a pointed crown of half carrots.

A group of little boy gnomes, got up in suits of earth colored cambric, with large beards, belts of red or bright green and horns to match, may attend her. If she has a cave or gypsy tent anywhere in which she tells fortunes, a strange monster to stand just outside the door can be built of potatoes pivoted together with pointed sticks.

A very good test to open the fun with and one that makes conversation general at once consists of drawing one's fate out of a caldron of alcohol. The witch prepares this by first writing the fates on a piece of paper and wrapping each in tinfoil.

These are put into the caldron and alcohol poured over them and lighted. Every person present braves the flame to know what the future has in store. To get them out without burning the fingers causes great fun, and to add to this each person reads about the words on his or her slip of paper. "A
