BATTLE STILL WAGED.

A Slight Success of the Russians Revive Their Vain Hopes for the Moment.

Japanese Were Enveloped at One Point and Compelled to Leave Their Guns.

A STRONG APPEAL FOR PEACE.

TOKIO, Oct. 18.—The Russians enveloped an advanced column on Sunday, October 16, and captured fourteen guns. The Russians are now concentrating in front of the left army under General Oku and the centre army under General Nodzu. A great battle is expected.

An Appeal For Peace

TOKIO, Oct. 18.—There is a strong appeal for peace in the appalling tragedy which is now under enactment in Manchuria. Both armies have fought ferociously for a week, and desperate fighting still continues. It is probable that the death toll will be largely increased before the final shot is fired. The preliminary reports indicate that about 20,000 men of both sides, the larger portion of Russians, have been either killed or wounded since the armies closed in combat.

Shocked at the Slaughter

Even the Japanese, to whom the great victory is of paramount importance, seem to be shocked by the slaughter of their enemies. The Japanese people are receiving the news from the field of battle calmly, and there can be heard no shouts proclaiming their victory. Few flags are displayed. Later a justification may be had, but many feel that no demonstration should be made. A prominent Japanese said to the Associated

Press correspondent today: "We have won a sweeping and a decisive victory, which may prove to be the salvation of our country's existence, but we regret both our own losses and the terrible slaughter which our forces have inflicted on the enemy. We regret still more the necessity which forced us to engage in this war."

Is There Hope of Peace

A member of the diplomatic corps, in an interview with the correspondent of the Associated Press, said: "I believe the world will recoil from the sickening slaughter of this battle. Every interest of humanity demands the adjustment of the differences between the two nations and the proclamation of peace. The situation between the two belligerents is a delicate one, but what a splendid triumph for diplomacy it would be if peace could be arranged. It seems to me that the question of honor is no longer involved. If Russia feels that such a question is involved, surely the heroic and successful defence of Port Arthur and the valor shown by Russian soldiers on the fields of Manchuria should ever determine the quality of Russian courage. Russians should remember that the distance dividing her strength and the limitations of her railway are historical factors in this war."

BISHOP CONSECRATED.

Ceremonies in Connection With Elevation of Bishop Worrell to See of Nova Scotia.

MONTREAL, Oct. 18.—The formal consecration of Bishop-elect Worrell of Nova Scotia took place this morning in Christ Church Cathedral. The ceremony proper began at 11 a. m., when the primate of Canada, the Archbishop of Montreal, and other bishops and clergy and laity of the Ecclesiastical province of Canada, marched down the aisle of the church preceded by the choir. After choral communion conducted by the Bishop of Toronto, the Gospels were read by the Bishops of Ottawa and Fredericton, after which an anthem was rendered by the choir. The Bishop of the Philippines, who was present to present a message of greeting from the House of Bishops of the Episcopal Church of the United States, delivered a sermon from the text, "Be filled with the Spirit."

THE CAMMACK TRIAL.

The Celebrated Case Now Before the Jury at Woodstock

Judge Gregory's Charge to the Grand Jury.

Attorney General Pughley on Hand to Prosecute the Case.

WOODSTOCK, N. B., Oct. 18.—The Circuit Court opened this morning, presided over by Mr. Justice Gregory. The question of interest is the Cammack trial, Thomas Cammack and Walter Cammack, father and son, are jointly accused of the murder of William Doherty last July. There is so far nothing like the interest that was manifested in the celebrated Gee case, perhaps because of the election.

Judge Gregory charged the Grand Jury at some length on the case, summing up the points of the evidence and going over the facts as set forth in the depositions taken before the magistrate. He spoke of the ridiculous idea which the Cammacks and Alice Boyd seemed to have that because her first husband was in the penitentiary she was no longer bound by the marriage tie. So far the evidence did not show any strong motive on the part of the Cammacks. He summarized the evidence as it stood against Walter Cammack and told the jury that if they chose they could find a true bill in the one case, while finding no bill in the other. At the same time the depositions contained sufficient evidence to place Walter Cammack on his trial.

The Jury retired at 12 o'clock and later returned to the court with a true bill against both prisoners. W. P. Jones represented the Attorney General this morning, who arrived himself on the noon train to take up the case of the prosecution. The prisoner, Thomas Cammack, is defended by J. R. H. Simmer, while Walter Cammack is defended by J. Chapman Hartley.

BROKE JAIL.

A Bad Character Makes His Escape From Parry Sound Jail.

PARRY SOUND, Ont., Oct. 18.—William Kelly, a desperate character who was serving a six months' term in Parry Sound jail for house breaking, broke jail last evening. He had been attending to the furnaces in the collar and gained his liberty by way of the window which opened to take in the wood. Assisted by some one of the other prisoners he scaled the 13 foot wall and made good his escape under cover of darkness.
