Important.

PAINE'S CELERY COMPOUND.

Guarantees a Freedom
From Disease and
Sickness.

INDIFFERENCE AND CARELESS-
NESS LEAD TO PHYSICAL SHIP-
WRECK AND THE GRAVE.

The weak, ailing, sick and diseased have
now more than ever before under their
control their physical condition. They
are free agents, and almost wholly respon-
sible for their future. When the brain is
affected, and the mind can discern between
right and wrong, a duty to themselves,
their friends and country loudly demands
a marked decision—prompt and deter-
mined action when health is impaired and life
is in danger.

It is the part of wisdom that true de-
cision be made to-day; to-morrow may be
too late. In thousands of cases the check-
ing and banishment of disease depends up-
on instant action; an hour's loss frequently
means the snuffing out of some precious
life.

Few people in our country are without
some knowledge of the wondrous life-
giving virtues of Paine's Celery Com-
pound, a medicine that guarantees re-
lease from the diseases common to life.

What will your decision be to-day, poor
sufferer? Will you give Paine's Celery
Compound the fair and honest testing
that others are giving it, with its certain
reward of health, strength, vigor and hap-
piness, or will you remain indifferent and
careless, content to pass your few days of
weakness, misery, agony and wretchedness
until the dark grave claims you as its
victim?

It is almost needless to enumerate the
blessed results that flow from Paine's
Celery Compound when used promptly in
springtime, as you and your friends have
a knowledge of them. Of this you may
be assured; the seeds of disease are banish-
ed, the system is fortified, the blood is
made red and pure, the nervous system
digestion regulated, headaches, sideaches
and backaches forever dispelled, and
sweet, restful sleep takes the place of in-
somnia.

Dreams go by contraries and the
man who indulges in it is always
contrary.

Halifax Wants Steel Ship- building Bonus.

Halifax, April 17—The Halifax
board of trade this afternoon un-
animously passed a resolution urg-
ing the federal government of
Canada to encourage the building
of modern steel ships in the Dom-
inion by passing a measure grant-
ing assistance to the same, which
shall be sufficient in amount to
place Canada on a parity at least
with our chief competitors. The
resolution asks that the bonus be
granted so much per ton on the out-
put of strictly Canadian yards.

Toronto, April 17—The execu-
tive committee of the Canadian
Manufacturers' Association today
passed a resolution advocating the
granting of a subsidy to the steel
shipbuilding in Canada. The
annual meeting of the Canadian
Manufacturers' Association will be
held at Halifax August 13 and 14.

An Editor's Opinion

Of the Marvellous Restorative Qual-
ities of Dr. Chase's Nerve Food.

Mr. A. R. Fawcett, the well-known
editor and proprietor of The Leader and
Recorder, Toronto Junction, writes:—
"It is very seldom that I meet a medi-
cine of any description, but this spring
I got so badly run down and out of
sorts generally that I became some-
what alarmed. Chancing to read a
testimonial about the merits derived
from Dr. Chase's Nerve Food, from a
gentleman whose case seemed to be
identical with my own, I purchased a
box, and commenced using it.

"The result was simply marvellous.
I was benefited from the first and soon
restored to my usual good health.
never felt better in my life than I do
now. To tell the simple truth, I did
not have very great faith in any medi-
cine until I used Dr. Chase's Nerve
Food, but now I have no hesitation in
strongly recommending this great
remedy to others, as a valuable and ef-
fective remedy."

Dr. Chase's Nerve Food, the great
nerve restorative and blood builder is
making hosts of cures in all parts of
this broad Dominion. Gradually and
thoroughly the human system is
overcome weakness and disease.

THROWN 100 FEET AND BADLY SCALDED IN EXPLOSION.

SHUBENACADIE, N. S. April, 16—
A terrible accident occurred at
North Salem, six miles from this
place, at 6 o'clock last night. The
boiler of the Robert Gass steam
mill exploded. The boiler was
thrown 30 feet and Fireman Bout-
lier, of Halifax, was found 100
feet away terribly scalded and his
shoulder dislocated.

He was attended by Dr. McClean,
who went out from here post haste
and this morning removed Bout-
lier to Halifax hospital in a pre-
vious condition. The loss of boiler
and destruction of property are not
likely to exceed \$500.

MURPHY'S ORDERS.

A critic of military discipline
was engaged in a very earnest de-
bate with a colonel over the alleged
arbitrary methods of those com-
manding the rank and file.

The colonel had warmly contended
that there was every effort to be
just, and departures from equity
were exceptional.

You have given this matter con-
siderable attention, and I venture
that you cannot give an instance
of abused authority towards a
private.

Can't I? and the army critic's
eye twinkled. Did you ever hear
of the case of poor Tim Murphy?

Never did, sir.
Tim enlisted in the Rangers,
though he had never bestrode a
horse in his life. He was taken
our for drill with other recruits
under command of a sergeant. As
luck would have it, Tim had one of
the worst buckers in the regiment.

Now min, said the sergeant, ad-
dressing them, no man is allowed to
discount without orders from a
superior officer; mind that.

Tim was no sooner in the saddle
than he was propelled through a
lengthy parabola and came down
so hard that he had barely enough
breath to subside upon.

Murphy, shouted the sergeant,
as he discovered the offender spread
out on the ground, yez dismounted.
I did, sir.

Did yez have others?
I did, sir.
From headquarters?
No sir, hind quarters.
Take him to th guard house.

MESSRS. C. C. RICHARDS & Co.

Gentlemen—After suffering for
seven years of inflammatory rheu-
matism, so bad that I was eleven
months confined to my room, and
for two years could not dress my-
self without help. Your agent
gave me a bottle of MINARD'S
LINIMENT in May, 97, and asked
me to try it, which I did, and was
so well pleased with the results I
procured more. Five bottles com-
pletely cured me and I have had
no return of the pain for eighteen
months.

The above facts are well known
to everybody in this village and
neighborhood.
Yours gratefully, A. DAIRY.

this tenacious skin disorder which has baffled
many a physician in seeking after a cure. One
application puts out the fire, takes away the
itching, stinging sensation, and after a few appli-
cations the eruptions begin to dry up, diminish,
and eventually disappear entirely. The beauty
of the treatment is, it leaves no scar or trace of
