More Than You Expect
in Soap

You who are used to ordinary soaps will be surprised when you first try Taylor's Infants' Delight Soap.

No other soap compares with it for every toilet purpose—the bath, massage, shampoo, or for washing baby's rose-leaf skin.

For we make this soap of pure coconut oil from the isle of Ceylon, and vegetable oils from France.

We clarify and blend these oils and mill them by our own special process. Nothing is left undone to make this soap supreme.

Infants' Delight Soap

is the product of forty-four years of conscientious effort and costly experiment. Over a million Canadian families find it superior.

Its use prevents chapping, roughness and other skin complaints.

Containing a small amount of boracic acid, it combines the healing qualities of this much used antiseptic and cleanser with the stimulating and nourishing action of pure vegetable oils and essences.

It makes a rich, creamy lather, cooling and delightfully refreshing.

LABOR MEN

INVITED HERE

To Address a Public Meeting at Early Date.

The Trades and Labor Council had a short meeting last night, everything being arranged without any delay. The attendance of delegates was fair. Arrangements were made for a meeting to be held within the course of the next two weeks. The meeting will be open to the public. It is the intention to have a number of good speakers to address the gathering, among them Samuel Gompers, President of the American Federation of Labor; John Mitchell, Vice-President of the American Federation; Frank Morrison, Secretary of that body, and John B. Lennan, Treasurer. Other speakers will be W. Glockling, President of the Dominion Trades and Labor Congress, and P. M. Draper, Secretary of the same.

A communication was read from the American Federation of Labor stating that all international unions which were not affiliated with the Council and should be have been ordered to do so.

A committee of three was appointed to wait upon the aldermen who, early in the year, expressed their intention of fighting for the Hydro-electric scheme and who did not do so at the meeting last Monday. The committee will ask their reasons for not supporting the scheme.

Credentals were received from the painters.

A donation of \$10 was made to the Moulders' Union.

The Council made note that a plumbing inspector was likely to be appointed and thought that the position should be occupied by a competent plumber.

TO NORMAL STUDENTS.

All Saints' Chapter of the Daughters of the King held a very delightful reception for the Anglican Normal students at the school house of All Saints' Church last evening. Misses Olive Caine and Bessie Leckie played a piano duet in a splendid manner; Miss Dempsey played a violin solo; Miss G. Kirby sang "The Glow Worm," and Miss Victoria Stares charmed the audience with a song, "When We're Together." Miss Stares was a guest and her hostesses were much indebted to her for so materially helping with the entertainment on such short notice. The Venerable Archdeacon Forrester addressed the guests in a short, but pointed speech.

Hallowe'en games were indulged in, and light refreshments served, after which, with the singing of the National Anthem, the happy evening was brought to a close.

MAN DROWNED.

Richmond, Que., Nov. 6.—Wm. Moore met death by drowning in what is called the Mud Brook, yesterday. Just how the accident happened is not known. Mr. Moore had not been well for some time.

"And now, my boy, who was Adam?" asked the Sunday school teacher. "He was the guy who shut out the Tigers in the last game for the world's championship," replied the pupil.—Detroit Free Press.

The palate is almost tickled with Scott's Emulsion of Cod Liver Oil. The stomach knows nothing about it, it does not trouble you there. You feel it first in the strength it brings; it shows in the color of cheek and smoothing out of wrinkles.

It was a beautiful thing to do, to cover the odious taste of Cod Liver Oil, evade the tax on the stomach, and take health by surprise.

It warms, soothes, strengthens and invigorates.

Stanley Mills & Co., Limited Saturday, Nov. 6th, 1909

The test of any store's usefulness in a community is the service it gives to its patrons. Past records or future promises count for mighty little when you have hurried shopping to do. What you want most is a good service right at the moment—a service that will attend to your wants without any fuss or delay—a service that will enable you to accomplish the most in a limited space of time, and the store that can give you that service is the store you are most likely to deal at.

Now, service giving is a hobby with this store, we might almost say it is one of the fundamental principles upon which this business is built—a satisfactory store service, a quick courteous store service, every move filled with enthusiasm and a constant studying of how every action will be received by you.

Every detail of the Stanley Mills & Co. store service is being continually weighed in the balance and when found wanting depend upon it, the remedy is applied without delay.—STANLEY MILLS & CO., LIMITED.

\$15 Coats and Suits

When the designers and "tailors" got busy on these very special and moderately-priced garments they evidently set themselves about to see just how much style and how much "exclusiveness" and how much money's worth they could crowd into a fifteen dollar garment and it's even surprising to ourselves, who are eternally demanding more and more from the makers for our money.

New "Ulster" Suits

The ladies know what's what, and that's why through the whole day we are continually showing and "trying on" one or more of these Swagger Long Coats—the Ulster Coats in beautiful winter cloths and colors with new trimmings. A grand choice at all prices; the greatest value in the city at the popular price \$15.00

Tailored Suits at \$15.00

ORANGEMEN
MAKE MERRY.Celebration of Gunpowder Plot
Anniversary Last Evening.

Feasting and merriment galore were the features in the Orange Hall last night when the local orangemen held their annual Gunpowder Plot banquet.

The ladies of the order supplied the good things for the banquet, and when the banqueters sat down at 8.30 it was to tables literally groaning under the weight of palate ticklers. The attack made on the delicacies was a steady one for about 45 minutes, and the result was conclusive evidence of the ladies' abilities as connoisseurs in the culinary department.

When the feasting had satisfied the inner man, songsters and edifying speakers held sway, after which the mythological Terpsichore presided, while the lads and lassies indulged in his pleasant art.
