SCHLANGES AND GINERAL

IN CASE 1996 of PANNO

B. Chairman of Part of the Company of the Company

inspected place in the great of the British site interference in one by trivit a Colonier, but it is the colonier in the colonier, but it is set in the colonier of a Storier State of State State State of State State State of State State State of State State State State of State Sta

of the Throat.

On the approximent of the service maladies the Clintment should be well rubbed at least three times a day upon the fieck and upper part of the cheet, ao as to penetrate to the glands, as salt is forced into mean; this course will at once remove inflammation and ulcoration. The worst cases will yield to this treatment by following the printed directions.
