FINANCIAL AND COMMERCIAL.

despatch of Friday, to the New York leading grain circular of that day, as

A Liverpool despatch of Friday, to the New York prose quotes a leading grain circular of that day, as follows:—"Trade at British wheat markets held since the commencement of the week, continued extermely dull. A finuse it was the continued and the commencement of the week, continued externely dull. A finuse was generally concorded, without it paper quarter was generally concorded, without it paper quarter was generally concorded, without it paper quarter was generally concorded, without it paper and the south of Russia remained corporations. Business here since Tuesday has been equilibriuments. Business here since Tuesday has been equilibriuments. Business here since Tuesday has been equilibriuments and contained has been as a sow demand at a decline of 9d per quarter. At the Corm Exchange white and red. Flour was very dull. Maize was allow of sale at 9d per quarter below Tuesday's prices."

CROP ARPORES.

The statement of the condition of the growing crops which we laid before our readers this morning embrand reports from 72 points in the Province and contained a good deal of information which it may be well to summarise. In regard to barley we find that 37 townships report a decrease of the control of the province and contained a good deal of information which it may be well to summarise. In regard to barley we find that 37 townships report a decrease of the control of the province and contained a good deal of information which it may be well to summarise. Magita material.

Westernation of good cargine of all critical states of the control of the cont 300 bush. Outside markets have all continued dull. English quotations show a fall of 3d on red wheat; of 2d on red winter and white; of 3d on club; of 1s 6d on corn, and of 4d on barley, since this day week. English markets have been very dull indeed, and some failures have occurred in Liverpool during the week, but it is thought that these may, perhaps, improve the situation. The weather is said to have become rather warmer, but not seasonably warm yet. The total suphands were becoming light; their deliveries, however, showed a slight increase, but their total deliveries in the harvest year are stated at 6,122,000 qrs. against 6,496,000 in the preceding year, and 6,587,000 in the corresponding period of 1875-6. Taking the consumption at the usual rate stated above there would seem to have been an excess of over 1,500,000 in the supply during the present harvest year, but we are at a loss to see how this can have been fictual by the case in default of any such large increase in the stocks on hand as must have inevitably followed from any such great surplus of supply over consumption, and are consequently inclined to think that the rate of consumption must be on the increase. French advices report prices to have been in buyers' favour, but as had been already noticeable in several previous weeks, any decline is more able in several previous weeks, any decline is more difficult to effect there than in the United Kingdom; the majority of the markets were rather lower, but a few of them better. At Marseilles the trade was dull

to \$4.60.

WHEAT—The week has been marked by a fall of at least three to five cents in prices; but a fair enquiry has been engard for spring at the decline. No. 2 fall has been offered at \$1.07 f.o.c., with no but of \$1.00 f.o.c. with no but to \$1.00 f.o.c. with no but of \$1.00 f.o.c. with no \$1

The Toronto Club has won back the Lacrosse championship from the Shamrocks in a match which was alike creditable to both sides. The play was hard, but not exceptionally rough, and the Toronto boys won the concluding game with a dash and verve which elicited the heartiest cheers from the vast audience which was assembled to see the match. The return game will be played on the Toronto Lacrosse grounds in a few weeks, the Shamrocks meanwhile giving up their regular work and going into training for the event.

Says the Montreal Witness:—"The lacrosse

SANFORD'S RADICAL CURE

CATARRH.

THROAT, AND LUNGS, CALLED ULCERATIVE CATARRIL.
ALSO NERVOUS HEADACHE, DIZZINESS, CLOUDER MEMORY, DEPRESSION OF SPIRITS AND LOSS OF NERVI

A Druggist's Testimony.

FRANK T. MAYNARD.
79 Main street, Petaluma, Cal., Feb. 17, 18.8.

A Druggist's Testimony. Gentlemen,—We have been selling Sanforn's Ran-form Cure for the last year. On the start our sales were small; the people were incredulous, it being to most of them a new preparation, and they could buy to many cheaper remedies for 25 cents and 50 cents. Now the price is no object. We sell more of the Addical Cure inan all other catarrh remedies put ogether, and I have yet to hear of case that it has not given the most complete satisfaction.

SANFORD'S RADICAL CURE is a local and Co stitutional Remedy. It is inhaled, thus acting directly upon the nasal cavities. It is taken internally, thus neutralizing and puritying the acidified blood. A new and wonderful remedy, destroying

VOLTAIC PLASTERS.

Medical.

Three Authentic Cures.

GENTLEMEN,—I beg leave to say that I have sold several dozen of Sandrorn's Radical Curse during relieved by it, also three cases in which cures have been effected. From the above facts I am convinced that it is the best remedy for this disagreeable complaint that has yet been offered to the public.

Respectfully,

FRANK T. MAYNARD

COMPLETE SATISFACTION

ot given the most complete satisfaction.

Very truly,

3. W. GIFFORD.

19 W. High street, Oskaloosa, Ia. More Satisfaction.

Messrs. Weeks & Potter—Dear Sirs: Your Sax-conn's Radicat Curn sells better and gives more statisfaction than any similar preparation we have ever handled. Respectfully, C. WAKEFIELD & CO., Prop's Wakefield's Family Medicine. Bloomington, Ill., Feb. 18, 1878.

Messrs. Weeks & Potter, Gentlemen.—One year ago I was seized with a severe attack of Rheumatism in my right hip, to which I was subject. I tried the various liniments and rheumatic cures, but without the least benefit, when my son, a druggist, suggested one of your Collins' Voltate Plastres. The effect was almost immediately well again, and was able to work upon my farm as usual, whereas, before the application of the Plaster, I could do nothing, and every step gave me pain. A few weeks since, one year from the first attack, the disease returned, but I am happy to say the second Plaster proved as efficacious as the first and I am now well. My wife wishes me to add that one Plaster has cured her of a very lame back. We think there is nothing in the world of remedies that can compare with the Collins' Voltaic Plastres for Rheumatism and Lame Back, and cheerfully recommend them to the suffering.

Price \$1.50 per Bottle—Six for \$7.50.

FOR 50c. Your Farm is Fer Sale or to Rent and expenses a salary of \$100.00 per month
