Notice

All persons are warned that tres-
passing on Beaubear's Island is
strictly prohibited and any person
who is found on the Island will be
prosecuted.

O'BRIEN LTD.
July 13th, 1922. Nelson, N. B.
79-26

Trucking

I am prepared to do any and
all kinds of trucking which you
may require. Quick service and
moderate charges. Phone 228 or
arrange with me personally,
FINLAY COPP,
46-pd. Newcastle, N. B.

For Sale

The late George Russell property
situated in rear of the Post Office
in the Town of Newcastle, at present
occupied by Miss Bella Russell.
Property to be disposed of at once.
For further particulars apply to:
WM. FERGUSON,
Newcastle, N. B.

We Want 300 Men

Right now for big paying mechanical
jobs. If you are mechanically inclined
and like working around automobiles and
tractors, don't delay. Never was there
such a demand for trained men. A few
weeks time invested now will give you a
trade that will mean independence for
life. Learn automobile and tractor op-
erating and repairing, tire vulcanizing,
battery building and oxy-acetylene weld-
ing by the Hemphill practical system.
Free employment service is at your dis-
posal. Free catalogue. Get big pay
and steady work. Do it now. Hem-
phill Auto Tractor School, 183 King St.
West, Toronto.

**FREQUENT HEAD-
ACHES**

**A Sure Sign the Blood is
Watery and Impure**

People with thin blood are more
subject to headaches than full-
blooded persons and the form of
anemia that afflicts growing girls
is almost always accompanied by
headaches, together with disturban-
ces of the digestive organs.

Whenever you have constant or
recurring headaches and pallor of
the face, they show that the blood is
thin and your efforts should be di-
rected toward building up your
blood. A fair treatment with Dr.
William's Pink Pills will do this,
and the rich, red blood made by
these pills banishes the headache.

More disturbances to the health
are caused by their blood than most
people have any idea of. When
your blood is impoverished, the
nerves suffer from lack of nourish-
ment, and you may be troubled with
insomnia, neuritis, neuralgia or
sciatica. Muscles subject to strain
are undernourished and you may
have muscular rheumatism or lum-
bago. If your blood is thin and you
begin to show symptoms of any of
these disorders, try building up the
blood with Dr. William's Pink Pills,
and as the blood is restored to its
normal condition the trouble
will disappear. There are many
people who owe their present
state of good health to Dr. Williams'
Pink Pills, and most of them do not
hesitate to say so.

If you are suffering from any con-
dition due to poor, watery blood, or
weak nerves, begin taking Dr. Wil-
liams' Pink Pills now, and note how
your strength and health will im-
prove.

You can get these pills from
any dealer in medicine or by mail
postpaid, at 50c a box, from Dr.
Williams Medicine Co., Brockville,
Ont.

**Irish Settlers Will
Come to Canada**

Inaugrating of a new winter
service from the south of Ireland to
Canada, the White Star-Dominion
Line announces that the new steam-
ship Doric, will make two special
sailings in January from Liverpool
to Halifax, via Queenstown, and
that it is hoped to continue sailings
during the succeeding months. This
will be the first time that
steamers on the North Atlantic
Canadian service have called at the
South Irish port. Many young
farmers and others are believed to
be anxious to emigrate to this
country from the South of Ireland.

**WOMAN IN P. E. I.
DUPED IN WEST**

Charlottetown, P.E.I., Nov. 27--
Calling upon a physician of a
neighboring village whom she be-
lieved to be her father-in-law, a
young woman, who, with a two-year
old child arrived here a few days
ago from the west, discovered that
the man she had traveled across
the continent to visit had no mar-
ried son and had never heard of her.
In her story to the local author-
ities the woman said that she was
the wife of a school teacher in the
west who lost his position and had,
with the help of the school trust-
ees, sent his wife to the home of
his father in Prince Edward Island
for shelter while he sought
employment in the United States.
She had left the west with her
ticket and \$15 in cash.
So far as can be ascertained the
woman has been heartlessly duped
and the situation is made more
more pathetic by the fact
that immediate admission to a ma-
ternity hospital was necessary. She
has been taken care of in the local
hospital and her child sent to an
orphanage.

**A Pioneer Pension
System**

The Canadian Pacific Railway is
this year celebrating the twentieth
anniversary of the foundation of the
Company's system of pensions for
the employees.

It was in 1902 that the Board of
Directors, under the Presidency of
Lord Shaughnessy, looked into the
future for the benefit of those who
were laying the foundations of the
service that was to take so large a
part in the up-building of Canada.
In December, 1902, the directors
passed a resolution stating that a
time had come when provision should
be made for officers and permanent
employees who, after long years of
faithful service, had reached an age
when they were unequal to the
further performance of their duties,
and announcing that a plan of super-
annuation had been determined upon.

The plan was a generous one.
The Company provided all the money
necessary, and the employees were
not called upon to contribute to it
in any way whatever. In 1903 when
it was first put into effect Canadian
Pacific employees numbered about
40,000. To-day they approximate
90,000, and every one of them, from
the humblest stenographer, office
boy, or "track walker" or even the
minor employee at some far-off out-
post in China or in Europe, has old-
age sustenance guaranteed so long
as he or she stays with the Com-
pany.

Some Statistics
The Company's first contribution to
the pension fund was \$250,000
which was supplemented by annual
grants starting at \$80,000 which
have, from time to time, been in-
creased, until for some years past it
has been \$500,000 annually. To the
end of 1922 the Company had con-
tributed a total of \$4,715,000 to the
fund while payments on pensions had
amounted to \$3,857,802, leaving a
balance to the credit of the fund of
\$857,203. In 1922 the total pay-
ments made amounted to \$508,051,
and at October 1st of this year the
total number of the Company's pen-
sioners was 1,182, each of whom
was drawing an average of \$35.92
per month. It is of interest to note
that since the pension fund became
operative, 877 pensions have become
inoperative through the death of the
beneficiaries.

Having in view conditions of in-
creased living costs which then pre-
valued the world over, the Company
in 1919 allowed the pensioners an
additional bonus of twenty-five per
cent. of their regular allowance.
This went into effect on May 1st of
that year, and continued until the
end of 1922. In view of the modifi-
cation of the pension fund means
if necessary, that bonus is this year
set at twenty per cent.

Kept in Canada
By far the greater part of this
money is of course distributed in
Canada, just as is the case with the
Company's vast payroll of over
\$100,000,000 annually, and the many
millions it yearly spends on the
purchase of supplies under the pol-
icy of distributing as much of its
expenditure as is possible in the
country it exists to serve.

The operation of the fund is sim-
plicity itself. Upon reaching the
age of 65 every employee who has
joined the staff before reaching the
age of forty is entitled to retirement
if the Company so desires and can
claim a pension of one per cent. of
the average monthly pay received
for the ten years preceding retire-
ment for every year in which he has
been in the Company's service. This
is as the system was first devised
twenty years ago, and there has
been but one amendment to its pro-
visions. It is of interest to note
in some cases the amount of the
pension so calculated was insuffi-
cient to protect the recipient against
want as was intended, and it was
provided that from thenceforth the
minimum amount of pension paid
would be \$20 per month.

Fosters Efficiency
That this system has been a big
factor in fostering the efficiency so
largely identified with Canadian
Pacific operation is undeniable. Mr.
E. W. Beatty, President of the
Company, speaks of it not only as a
prime necessity in these days of
sociological progress, and as an in-
herent right of those who give lives
of faithful work to Canadian Pacific
service, but also as one of the
things that has helped to bring into
existence the high standard of co-
operation that exists between all
branches of the Company's service.
"It is helping to make contented em-
ployees," says Mr. Beatty, "and that
is the first requisite of faithful, effi-
cient service."

**Reaches
Deep Colds
Immediately!**

**Rubbed on, Vicks
Has a double effect**

HERE is the last word in treating
cold troubles—rub Vicks well in
over throat and chest. Get into bed
and leave the coverings loose about
the neck. All night long you breathe
in the healing vapors of camphor,
menthol, eucalyptus, turpentine, etc.
The application also acts like a heat-
ing liniment for plaster—almost sure
to loosen the cold before morning.

Vicks is just as good, too, for inflam-
mations, such as cuts, burns, bruises,
sores, stings and skin itching.

**GOOD home-made
bread has always
been the chief food
of the earth's sturdiest
races. None of the
breakfast foods or
health foods can equal
bread in nourishment.
Good bread is the
most digestible food as
well as the cheapest.**

**To Build Plant
To Extract Seed**

The Department of Lands and
Mines has decided to proceed with
the erection of the seed extraction
plant in nursery plot of the Uni-
versity of New Brunswick, in connec-
tion with the re-seeding of burned
forest areas. Some time ago ten-
ders were called for the erection
of a concrete building for this pur-
pose but the project proved too
costly and was not undertaken.
A second call for tenders has
been issued and in this case the
material for construction of this
plant will be wood.

**MANY UNITED
STATES FARMERS
COMING**

Winnipeg, Nov. 28—Canada; and
particularly the Western Prairie,
will be the mecca for United States
farmers next year, according to H.
W. Clark, General Agent of the
Canada Colonization Association at
Trenton, Missouri, who was in
Winnipeg Tuesday.

Mr. Clark, who has been out
west with several United States
farmers, looking over farm lands,
said the industrial boom across
the line was breaking and in
the next six months it would
result in a great industrial crisis.
People who moved out of Canada
this winter, with the intention of
seeking work in cities of the South
were making a big mistake.

Next year as a result of the
Canadian Government Immigra-
tion policy, and with farming and
general conditions good, there
would be a heavy influx from the
United States, said Mr. Clark.

The facts of the big western crop
this year, had been thoroughly
disseminated not only among the
farming communities but also among
the industrial population. As a
result thousands were looking to
Canada. Agents of
the Colonization Association
in the United States were not able
to interest farmers there in mov-
ing from one state to another.
Instead they favored Canada with
its cheap lands and assured pro-
duction.

**THE IMPORTANCE
OF THE "PRESS"**

"Edmund Burke said that there
were Three Estates in Parliament
but in the Reports' Gallery yonder
there sat a 'Fourth Estate' more
important far than they all."
—Carlyle's "Heroes and Hero
Worship."

The Value of a Guarantee

lies not so much in its protective penalty as in its satisfying assurance. No firm selling goods
with a guarantee attached, expects to be called upon to pay the penalty.
For it is naturally the intention to so carefully guard
the quality that dissatisfaction will be impossible.

Throughout its many years of service "King Cole"
Tea has consistently been sold with a guarantee—a
guarantee definite and substantial. It is printed on
every "King Cole" package.

It carries to the buyer an evidence of good
faith—a confidence in ability to serve—
a determination to serve well.

"You'll Like the Flavor."

Flour & Feeds

We carry a full line of Hard Wheat and Blend Flours,
Shorts, Bran, Feed Flour, Cracked Corn, Corn Meal, Rolled
Oats, Beef, Pork, Oats & Hay.
