STEER Brothers

Your Boys and Girls.

Broths are good to give children in summer. Chicken, beef or mutton may be used as the basis of broth. Use a pint of water to each pound of the meat. Put the meat on in cold water and allow it to come to a boil, then lower the fire so that it will barely simmer for three or four hours. Or prepare on the fireless cooker as directed for soup.

When the meat is tender, remove it and add enough water to make up the

original amount of liquid; strain through a wire sieve and set it away to cool. When cold the fat may be removed in a solid piece, leaving a clear liquid or jelly. Heat a small portion, seasoning with salt only. Broth has little or no nutritive value in itself, but if added to milk or thickened with arrowroot, cornstarch, or gelatin, or eaten with dry bread crumbs it will become a real food. If it is desired to use the broth at once, pour out a little into a bowl or soup plate, and set the dish on the ice or in a pan of very

cold water. Prunes are also good occasionally. Wash them well through several waters, then put them to soak overnight. Cook them the next day in the same water. It will take only a little cooking to make them tender. A very little sugar may be added, but for baby it is best to omit the sugar, as the fruit has its own sugar. The clear juice is laxative. In the second year the cooked fruit may be squeezed through a colander and the strained pulp given the baby.

PLAGIARISED AND OTHERWISE.

B.I.S. PROTEST McASKILL.

Manager McGrath of the B.I.S. protested yesterday to the Baseball League against the eligibility of McAskill of the Red Lions to play in the regular League series under the residential clause. It appears that it is required of all players not Newfoundlanders, that they be in the country at least six months before the date of the opening game. The Lions contend that the player in question is here since January and is thus qualified, but Mr. McGrath claims that this is not the case and has furnished proofs to the contrary. A full inquiry into all the facts is now being conducted by President Hawvermale.

RED LIONS PROTEST BRAZIE.

A counter protest has also been received from Mr. Hiltz questioning the amateur standing of Brazie, the Irish catcher. While no definite statement is made by the Lions it is claimed that this player once contended that he had some years ago a try-out with the New York Giants. This is a serious matter as his playing would likely professionalize the whole B.I.S. team, and is being carefully investigated by the League officials.

TO-NIGHTS GAME.

The game to-night between the B.I.S. and Red Lions will commence promptly at 7 o'clock. As can be imagined in view of the above, feelings between the two teams are running rather high, so that a spirited clash is likely to be witnessed by the fans. The process of investigating such protests is naturally slow and laborious so that President Hawvermale may not be able to make a pronouncement as to whether the two players are eligible or not until late this afternoon.

THE LINEUPS:

Provided the protests are not upheld by the League, to-night's players will likely be:

B.I.S.	RED LIONS.
Carew	McAskill
Brazie	Catcher
French	1st base
Brien	2nd base
Doyle	3rd base
McGrath	S. S.
Williams	Mullings
Grace	Right Field
Channing	Centre Field
	Left Field
	Quick
	Mr. Chesman will umpire, while Mr. Outerbridge will be in charge of the score sheets.

CHANGES.

As will be noted, the B.I.S. have two changes in their lineup. Sergt. Pat Brien (the Gallipoli and Somme veteran) will guard the keystone, and Vince Williams (the Mount Cashel star) replaces C. Grace in the outer gardens.

And the Worst is Yet to Come--

Saves Eggs

Royal Baking Powder makes it possible to produce appetizing and wholesome cakes, muffins, corn bread, etc., with fewer eggs than are usually required.

In many recipes the number of eggs may be reduced and excellent results obtained by adding an additional quantity of Royal Baking Powder, about a teaspoon, for each egg omitted. The following tested recipe is a practical illustration:

SPONGE CAKE

1 cup sugar
1/2 cup water
3 eggs
2 teaspoon Royal Baking Powder
1 cup flour
1 teaspoon salt
1/4 cup cold water
1 teaspoon flavoring

DIRECTIONS: Boil sugar and water until syrup spins a thread and add to the stiffly beaten whites of eggs, beating until the mixture is cold. Sift together three times the flour, salt and baking powder; beat yolks of eggs until thick; add a little at a time flour mixture and egg yolks alternately to white of egg mixture, stirring after each addition. Add 1/4 cup cold water and flavoring. Mix lightly and bake in moderate oven one hour.

The old method called for six eggs and no baking powder

Naval Heroes

Welcomed.

RESERVIST A. MUGFORD AWARD.
ED FRENCH MEDAL.

There was a large gathering of citizens at the railway station yesterday afternoon to welcome the following returned naval heroes who arrived by the express on furlough:—H. Wareham, J. Soper, J. Keefe, L. Hann, P. Jennings, E. Coles, C. Porter, A. Mugford, P. Tarrant, R. Brown, P. Coles, J. Hayes, J. Whealan, L. Baker, J. Taylor and W. Gardiner.

His Excellency the Governor, who returned from his tour of the South Coast, shook hands with the naval boys and extended to them an address of welcome. His Excellency was proud to be associated with such a fine class of men, whose equals were not to be found in the world to-day. He was pleased to see so many of the men risen in their ratings, which in the British Navy was hard to accomplish, promotion by no means being so rapid as in the land forces. The Governor also related to the crowd the story told him a few minutes before by Royal Naval Reservist Albert Mugford, of St. John's, French Shore, who wore on his breast a French Medal presented by the French Government for his gallantry in rescuing, single-handed, the crew of a disabled hydroplane in the teeth of a raging gale and mountainous seas. At the time of winning the distinction Reservist Mugford was attached to a patrol ship off the Coast of France. While pounding their way through a swift running sea, the usual life of a patrol boat, they sighted a hydroplane in distress and bearing down upon her, a boat was launched to rescue her crew who were then clinging to their doomed plane. Mugford with three others

constituted the rescuing party. After pulling away from the ship's side it was discovered that the boat was too small to take on the crew of the plane. They, therefore, immediately returned to the ship. While the Captain was considering what was best to be done, Mugford lowered himself into the boat and volunteered to go to the rescue single-handed, which he did, and one by one saved the crew of the disabled machine. A further attempt by our hero to rescue the hydroplane had to be abandoned just at the moment when he was about to make good his effort. In the meantime the gale which was then raging had increased to greater violence, almost filling his frail boat with water, and with great difficulty did he return to his ship.

The Premier, on behalf of the Ladies' Reception Committee and the whole country, welcomed the returned heroes. Cheers were given for His Excellency, the Premier and the Ladies' Reception Committee, after which the men were placed in cabs and driven through the city.

On Saturday, the 14th inst., a Flower Day will be held in St. John's in aid of the French Red Cross Fund. Donations of flowers are earnestly solicited, and persons willing to give are requested to send their flowers on Friday, the 13th, to MRS. CHAS. MCK. HARVEY, 3 Musgrave Terrace, Gower Street.—July 9, 41
