Baltimore, Md., Oct. 12.-The Temple cup will stay in Baltimore another year. It has been won twice in succes and if the Orioles take it again it is theirs absolutely. The former champions also take 60 per cent of the mo ney paid in at the gates during the three games in Boston, and the two played here, while the winners of the nnant will get but 40 per cent, unless, is generally believed, the players have agreed among themselves to divide the spoils equally. Yesterday's game, like all the others of the series, save one, was an easy proposition for the Baltimoreans, who won as they pleased, while the visitors never appeared to think they had any chance yhatever. Barely a thousand spectators saw the game. At its conclusion both teams disbanded, and many of the players left for their homes, two of m, Jennings and Kelley, to prepare for the early assumption of marital r sponsibility. Score:
