

## WHISKARD'S Three Busy Stores 228, 230, 232 Dundas Street

### Marvels in Millinery

If you ever had occasion to make comparisons between this millinery store and the best that exists outside of it, you are buying your Millinery here. It would be very remarkable were it otherwise, for we are certainly embodying more style and more quality into our Trimmed Hats—the prices considered—than any other millinery store in the city seems able or willing to do.

### In Ready-to-Wear Hats.

We are showing complete ranges and styles at such prices as these—  
97c, \$1.00, \$1.50, \$1.69, \$1.85 each.  
BEAUTIFUL LINES OF CAMEL'S HAIR HATS, nicely trimmed, at \$1.97, \$2.25 and \$2.49 each.

Just in, some fine Black Ostrich Feathers, large sizes, special prices, \$1.95, \$2.39, \$2.97 each.

CAMEL'S HAIR SHAPES, ready to trim, 75c, 97c, \$1.49, \$1.69 each.

### Just in Per Special Import.

12 doz. Swiss Embroidered Pillow Shams, new goods; we sell them at 25c each. See them.

### Rare Dress Goods Trading.

Underpriced Lots Every One of Them.

They represent what is left of good lines. We've made prices on them after this style:

Ladies' Fine Venetian Cloth, 54 inches wide, in green, fawn and navy blue, regular price \$1.00, our price 75c yard.

Fine Luster Cloth, 50 inches wide, in golden brown, green and blue, regular 90c, our price now 75c yard.

Very heavy plain Serge Dress Goods, in black, navy blue, brown, cardinal and green, only 25c yard. Children's Fleece-lined Vests and Drawers, at 10c, 12½c, 15c, 19c each.

During September and October at very low rates. Particulars at the city ticket office, 335 Richmond street, or depot, corner Clarence and Bathurst streets. Telephone 205. G. W. RUGGLES, JOHN PAUL, G. P. and T. A., City Pass Agents.

## TRADE ADVICES CONTINUE GOOD

Volume of Canadian Business Is Very Large.

### 1901 WOOL CLIP CLEANED UP

Bradstreet's Finds Present Condition Throughout the Country Most Encouraging.

New York, Oct. 3.—Bradstreet's report on Canadian trade says: Canadian trade continues very good. Large sales of Canadian wool exported to the United States are reported, by which all of the 1901 wool clip has been cleaned up and stocks of the 1902 wool clip that are left are held at fancy prices.

Bank clearings at Canadian cities for the nine months exceed those of the year previous by 25 per cent. For the week they aggregate \$4,570,211—a gain of 7 per cent over last week and 38 per cent over a week ago. For the nine months failures are 18 per cent fewer in number and liabilities are 9 per cent smaller than a year ago.

Trade at Montreal is showing a good healthy expansion in seasonal lines. Shipments on fall orders are large and sorting purchases are increasing in volume. There have been comparatively few failures and payments are being generally well met. Large shipments of wheat have been going through the port but wheat exporters' prices are lower than in Ontario. The volume of trade at Toronto has been quite large this week. Orders

In all departments of wholesale trade have been numerous, and the prospects point to a steady demand throughout the end of the year. There is already a fair movement in grain to the market in this province and the money circulation is increasing.

At the Pacific coast trade is very fair. The prospects for trade for the balance of the year are very promising. Crops have been satisfactory. Provincial grain is to some extent taking the place of Manitoba wheat. The Yukon trade, which is about over, was as heavy as last year. More favorable weather has been experienced in Manitoba lately for the harvest, and the wheat harvest has been benefited thereby. In some departments stocks are exhausted and factories are so far behind in orders that they are unable to accept repeats.

In London there is good inquiry for parcels of goods for sorting fall stocks in country retailing centers. Grain deliveries are increasing, and there is also good demand from the retailers for many seasonal lines. Payments are improving.

The condition of trade at Ottawa is encouraging. The movement in seasonal goods is larger and orders now coming forward for future shipments are satisfactory. Staple and imported goods are firmly held. Dun's review: Mild and unseasonable weather interferes with retail trade at Halifax, but wholesale business is good and produce shipments large. Jobbers report increased demands for groceries, hardware and drygoods at St. John, but retail trade is hampered by rainy weather. Payments are well met. Fall trade is satisfactory at Montreal, with collections well maintained. All merchandise values are firm and an excellent export trade continues in dairy products. Manufacturing and jobbing circles are active at Quebec, where goods command good prices, and the demand for labor exceeds the supply. Wholesalers report activity in all retail lines and wholesale trade is brisk, with collections prompt. Wheat shipments are heavy and money is commencing to move. Hardware and building materials are in demand.

### SNOT FIANCE'S PORTRAIT

Then Turned His Pistol on Himself.

Mad Deed of a Jilted Lover in Pittsburgh.

Pittsburgh, Oct. 3.—Because his sweetheart in Hungary had jilted him, Louis Rigzotti, a miner employed at the Essen mine, owned by the Pittsburgh Coal Company, last night shot five holes through the girl's picture hanging on the wall in his room and then shot himself through the heart.

Rigzotti came to this country five years ago, leaving behind in Hungary a pretty girl who had promised to marry him when he secured a suitable place to work and accumulated enough of this world's goods to keep them. He crossed the ocean and located at Bridgeville.

He worked hard and three months ago sent her sufficient money to buy her ticket and a suitable wedding outfit. Anxiously he waited for a message from his intended. Yesterday morning the letter came.

In the coldest of words she told him she had changed her mind. She would not marry him. She had met another who had won her heart. The wedding would occur early in November.

Rigzotti did not go to work. He began drinking. At 4 o'clock yesterday afternoon he returned to his boarding house and retired to his room. A few minutes later his landlady heard six pistol shots in rapid succession. She found Rigzotti lying on the floor dead with a bullet hole through his heart. The picture of his former sweetheart was riddled with bullet holes and the revolver lay on the floor.

### New York Alderman Arrested.

New York, Oct. 3.—William Dieken, an alderman of Greater New York from the Williamsburg district, Brooklyn, was arrested yesterday on a warrant charging him with bribery. The complaint is John McG. Woodbury, commissioner of the department of street cleaning. The charge of bribery made against the alderman by Commissioner Woodbury is not of an ordinary character. No money was given to the commissioner by the alderman, nor was any offered. The charge is based on an alleged promise of the alderman to vote for measures before the board of aldermen, which Commissioner Woodbury desires passed, if the commissioner would reinstate one of the alderman's constituents.

### Unruly Elephant Killed.

New York, Oct. 3.—"Tom," the fractious trick elephant at the Central Park Zoo, was killed today. Several days ago he became so unruly that he was dangerous to his keepers to go near him. It took 28 minutes to kill the big animal, 600 grains of cyanide of potassium being administered to him in two pails of bran mush. After eating the first pailful "Tom" fell to his knees in spasms, which denoted death. Only pack officials and keepers witnessed the killing.

### Stoning Passenger Trains.

Syracuse, N. Y., Oct. 2.—Last night as the Chicago and Boston special on the New York Central was entering the tunnel east of this city a stone was thrown at a parlor car, breaking a window. The flying glass cut Miss Harriet Wadsworth, of Genesee, in several places about the face. Miss Wadsworth was returning from the wedding of her brother, J. W. Wadsworth, jun., and Miss Alice Hay. This is the third passenger train that has been stoned at this point. No clue to the miscreants has been obtained.

### \$100 Reward—\$100.

to learn that there is at least one cured disease, and that it is possible to cure in all its stages, and that is Catarrh. Catarrh is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Catarrh is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CHENEY & CO., Toledo, O. Sold by druggists. Catarrh's Family Pills are the best.

### "A STUPENDOUS BLUNDER"

Well-Known Doctor So Terms Chicago Drainage Canal.

Polluted Water Supply Chief Factor in Typhoid.

Chicago, Oct. 3.—A "stupendous blunder" was the term applied to the drainage canal last night by Dr. Ludwig Heiktoen in addressing the members of the Chicago Medical Society at their weekly meeting in Schiller Hall. Dr. Heiktoen was discussing a paper read by Dr. Arthur H. Reynolds, commissary of health, in which the advisability of extending the sanitary district so as to include Evanston and South Chicago may well be doubted. Taxpayers have reason to be discouraged to know that, after they have expended over \$40,000,000, the drainage canal is a failure. The sanitary trustees may well consider some other method of purifying the water than digging more canals.

Health Commissioner Reynolds explained the recent epidemic as due largely to the drought of five months, ending in February, and the succeeding heavy rains from March to July. Lack of funds, he said, had prevented the city from flushing the sewers properly, and they became congested. When the rains at last flushed them the result was an outbreak of typhoid.

"After it has been shown that it is practically impossible to prevent the contamination of the city's water supply," said Dr. Heiktoen, "the advisability of extending the sanitary district so as to include Evanston and South Chicago may well be doubted. Taxpayers have reason to be discouraged to know that, after they have expended over \$40,000,000, the drainage canal is a failure. The sanitary trustees may well consider some other method of purifying the water than digging more canals."

### Watch the Perrin Comet.

Geneva, N. Y., Oct. 3.—Prof. William R. Brooks, director of Smith Observatory, has had the new comet discovered by Mr. Perrin at the Lick Observatory under frequent observations since its discovery. When last observed it was in the lower part of Cassiopeia's chair, and is moving westward toward the northern part of Cygnus. Dr. Brooks says the comet is increasing in brightness, and is now about twenty times brighter than at discovery. On the 6th it will be about 25 times brighter than when first observed, when it will be a few degrees north of the upper star in the Cross of Cygnus. The comet will not be as brilliant one, but may be seen with the naked eye when well located, and may be observed with a good field glass or small telescope.

### Rear-End Collision.

Washington, Oct. 3.—A rear-end collision between two trains occurred on the Philadelphia, Wilmington and Baltimore Railroad, and the other of the Richmond, Fredericksburg and Potomac Railroad, occurred early today on the outskirts of the city, resulting in the death of Fireman E. S. Keys and Engineer J. S. Perdue.

### To Repeal Canadian Grain Duty.

Peoria, Ill., Oct. 3.—The second day of the national grain dealers' convention was more liberally attended than the preceding day. A little business was attempted in convention, and the day was devoted principally to speech-making. Among the papers read was one by J. T. McCall, of Minneapolis, on the effects of the Canadian "Grain" and strongly advocated the measure. Consideration of amendments to the constitution will come up tomorrow, as will the selection of next year's meeting place. Milwaukee and St. Louis are prominent candidates.

### New Corner at Windsor.

Windsor, Ont., Oct. 3.—Dr. J. S. LaBelle has been appointed to the position of coroner, made vacant by the resignation of Dr. J. O. Resume, at the time of his acceptance of the position for member of Parliament. Dr. Aymot, of Belle River, has been appointed an associate coroner.

### Archbishop Kaine Worse.

St. Louis, Oct. 3.—Archbishop John J. Kaine, who has been in poor health for the past six months, has experienced a marked change for the worse in the past two days. The archbishop's ailment is closely akin to paralysis, and while his physicians do not think there is immediate danger, it is known from the nature of his disease that he is likely to come at any time.

## STRAIGHT-FORWARD EVIDENCE FROM MEN OF NATIONAL PROMINENCE.

That Pe-ru-na Cures Catarrh Wherever Located.

Congressmen, Governors, Generals, Counsuls, Recommend Pe-ru-na.

No other remedy has received the unqualified endorsement of so many distinguished American citizens as Pe-ru-na. The pharmacopoeia does not furnish a catarrh remedy so well known. It is acknowledged on all hands that Pe-ru-na and catarrh are so indelibly associated that to speak of one is to think of the other.

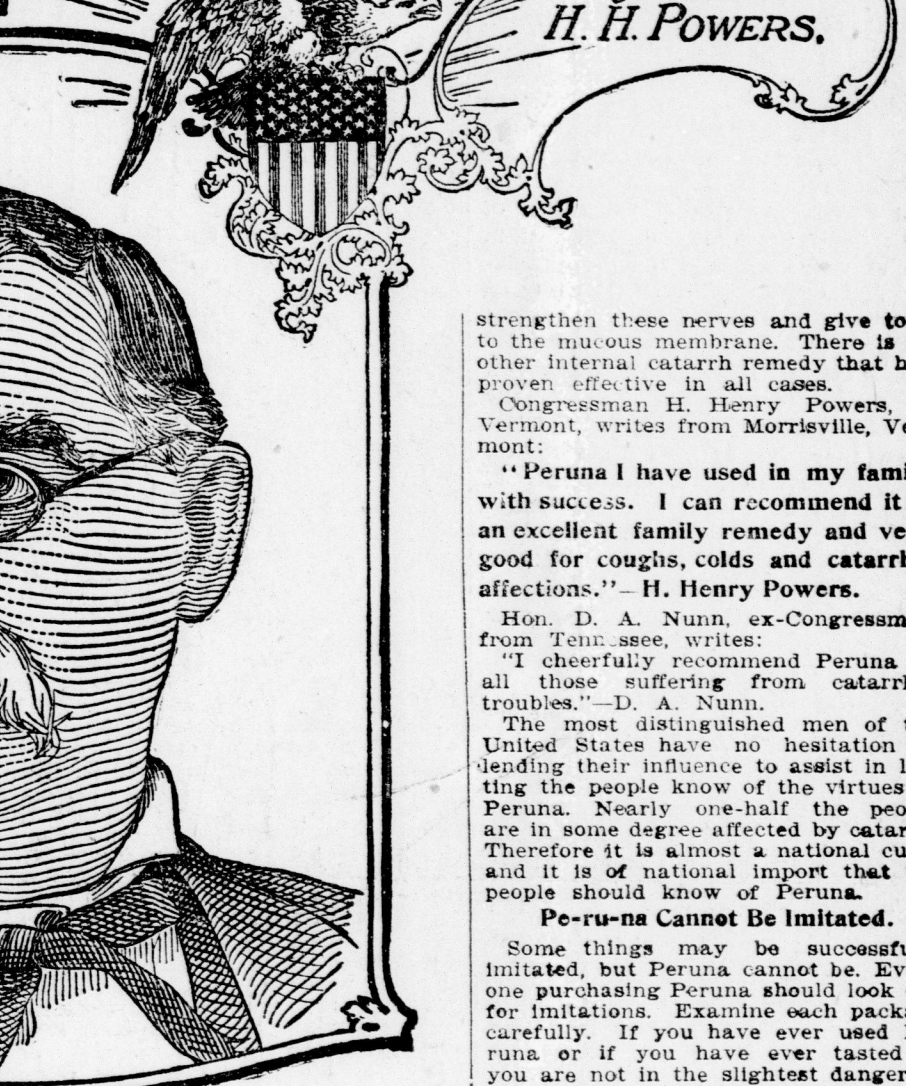

Congressman H. H. POWERS.

### Congressman Fred S. Goodrich.

Fred S. Goodrich, ex-member of Congress from Florida (1st session), writes the following letter from Shawnee, Okla.:

"I am assured and am satisfied that your Pe-ru-na is not only a cure for catarrh, but also a most vigorous tonic, and as so many of my friends have been benefited by its use, I have no hesitation in recommending it to the public."—Fred S. Goodrich.

Pe-ru-na has cured more cases of

### GREAT TEMAGAMI FOREST

#### Rangers Carefully Guard it From Fire.

#### Colonization Roads There Are Best in the Province.

Toronto, Oct. 3.—Mr. Thomas Southworth, superintendent of the bureau of forestry, has returned from a visit to the Temagami forest reserves. He states that last year the department closed their operations on the reserve on Oct. 1, and would have done so this year, but that it is an open season for moose, and a number of hunters are going in on Oct. 15, and it was decided to leave several rangers there to guard against fire. One fire has occurred this year, caused by Pittsburgh tourists. The fire was extinguished by the rangers after two days' work, and was confined to an area of two acres. The tourists were apprehended and fined \$25 each.

### Alabama Coal Strike.

Birmingham, Ala., Oct. 3.—President Edward Flynn, of the United Mine Workers of America, district of Alabama, said today that he had issued orders that all the miners of the Tennessee Coal, Iron and Railroad Company at the Blue Creek and Blockton mines suspend work on Monday next. About 1,600 men will be involved, which, added to those already out in the Pratt mines division, will make the total number of strikers over 4,000. The strike grows out of the refusal of the company to withhold assessments made by the miners' union for the anthracite strikers from the wages of the miners who object to paying it. President Flynn says all miners who refuse to pay the assessment will be expelled. Officials of the miners' union are now making a canvass among the miners of the Sloss-Sheffield Company.

### Good Price for Mine.

Helena, Mont., Oct. 3.—The Great Mining Company has sold its mine in Fergus county to a syndicate headed by John A. Drake. The price is said to have been near \$1,000,000.

### Riot at Barge Office.

New York, Oct. 3.—There was a small riot to day at the barge office, when the police attempted to keep back a crowd of about 4,000 persons, mostly Italians, who had come to that place for the purpose of going to Ellis Island to see if any of their friends were among the 1,256 emigrants that arrived here yesterday on the steamer Roma.

### Style.

Style need not cost a woman more than 10c. If she will only buy a cake of that famous English Soap, Dr. J. C. Williams' Maypole Soap, which washes and dyes at one operation. Highest quality, Maypole Soap, which washes and dyes at one operation. "No mess, no trouble" with Maypole Soap. Sold everywhere. See for Colors. 15c. for Black.

### Died at Sarina.

Port Huron, Mich., Oct. 2.—Lewis H. Robinson, of 256 Court street, manager of the Grand Trunk elevator at Sarina, died suddenly of heart failure at 8 o'clock last evening. The death occurred at the elevator, where Mr. Robinson was superintending the unloading of a vessel.

### British Columbia Wants Beef.

Toronto, Oct. 3.—E. H. Hadwin, vice-president of the Dominion Live Stock Association for British Columbia, is in the city buying young steers to feed in British Columbia for the benefit of the Columbia and Yukon markets. He reports beef scarce in the west and has ordered several hundred cattle.

### Husband Was the Murderer.

New York, Oct. 3.—A coroner's jury today, in the case of Mrs. Harry Rose, who was shot and killed Sept. 27, returned a verdict that Mrs. Rose died from wounds from a revolver at the hands of her husband. The coroner sent Rose to the Tombs to await the action of the grand jury. Mr. Rose was stage manager at a local theater, and the supposed motive was jealousy.

### They Father Consumption.

Bad coughs, colds and catarrh are responsible for more consumption than is generally supposed. Catarrh cures more quickly than ordinary remedies, because it is the only antiseptic yet discovered that is powerful enough to reach the root of the trouble in remote parts of the lungs and bronchial tubes. Catarrh is a germ-killing vapor. Colds can't last ten minutes, as though more than thirty minutes when Catarrh is inhaled. It clears nose, throat and air passages at once, stops coughing, headache, and catarrh from any part of the system. Two months' treatment, at trial price, 25c. Druggists or N. C. Felson & Co., Kingston, Ont.

### Dr. Hamilton's Pills are Mild.

Gentlemen, if you are bold, be on hand early at the Grig House, London, on Monday, Oct. 15, and see Prof. Dorenwald's fine Toupees and Wig worn by over 400 heads. Remember, only one day.

### Good Price for Mine.

Helena, Mont., Oct. 3.—The Great Mining Company has sold its mine in Fergus county to a syndicate headed by John A. Drake. The price is said to have been near \$1,000,000.
