CITY BILLED FOR \$300

Solicitor's Advice Is Asked in Connection With L. and P. S. R. Pavement.

Although most of the time of the board of control yesterday was taken up with the Glaubitz matter, some other business, mostly of a routine nature, was transacted.

Commissioner Grant ment department was instructed to communicate with Ottawa with a view to securing, if possible, information as to the population of the annexed districts, according to the last Dominion census. The purpose of this is to discover whether the city at present has a population of 50,000, according to Dominion census, in which case it would be exempt from payment of a propor-tion of the salary of the district provincial medical officer of health. The Ontario board has billed the city for ontario board has billed the city for some \$300 in this connection, and unless the fact of a 50,000 population can Log Cabin Home-Made Loaf. established this must be paid not only this year but every year until the Dominion census shows that the figure has been reached.

Hundred-Year-Old Tree. Lieut.-Col. Gartshore's complaint that a tree 100 years old which stood in front of his property was cut down half, but under the bylaw the city was by the engineer's department was filed after City Engineer Brazier had ex-owners of the adjacent property. Some plained that the tree was right in the of the members of the board were of centre of the location of a sidewalk he had been instructed to lay. It was impossible to lay the walk on either convinced that the city owned it. side of the tree, and it had been cut

A request by the L. and P. S. Commission for the paving of the roadway tary authorities had asked that a num between the two lines of tracks on ber of bad holes on Oxford street op Bathurst street opposite the Colborne posite the camp grounds be filled with street freight sheds was referred to the city solicitor for advice as to the apportionment of the cost of such work. It was pointed out that the railway commission had agreed to pay

The mayor reported that the mili

mission to string a banner across the street at Dundas and Richmond streets next Tuesday in connection with a campaign to raise money for the purchase if five motor ambulances to be sent for the use of the Red Cross in France. Subway Drainage Problem.

The question of the drainage of the Vharncliffe road subway was discussed t some length. The engineer explained that, while the Grand Trunk had agreed to put in a drain, the company's agreement made no provision for the mainenance. A suggestion was made that a sewer be constructed to connect the subway with the Evergreen avenue section of the storm sewer, but, as the engineer estimated that this would cost \$1,000 beyond the original estimate of Chipman and Powers, and as no money is available for this work, it was decided to leave matters as they are, except that connection be made with the subway drain and the sanitary ewer that, in case of the former bento the latter. This, Mr. Brazier hought, would cost only about \$60.
