If you are building or going to complete some unfinished rooms, let us show you some colored samples, illustrating the beautiful color effects obtainable by using this sanitary and durable board for walls and ceilings in all classes of buildings.
We carry a large stock in assorted sizes.

MAIL ORDERS.
We solicit out of town orders which receive our personal attention. The length of time taken to fill orders is governed very largely by how busy we are in the department of our factory in which the particular goods are made. While we have exceptional facilities for promptly turning out goods, it is important to place orders as far ahead as possible. Orders are filled by us in the rotation in which they are received, and customers can always depend on our doing everything in reason to give prompt despatch.

SO OUR READERS MAY JUDGE

Road Commissioner McBeath
Writes Letter to Press—What
Are the Facts?

The following letter appeared in a recent issue of The Tribune, and is reproduced so that our readers in the district mentioned can judge of the matter for themselves.

To the Editor of The Tribune:—
Sir,—Last week's Graphic, more popularly known as the "Weekly Kick" contained an article entitled "Money Wasted" which would lead one to believe that the Editor of the Graphic is an authority on road making. It is too bad that such intelligence should be wasted in a town of Campbellton's size. Why is he not in charge of the King Edward Highway which I understand has been under construction between Montreal and New York some few years since? I believe Campbellton could exist very well without the "Graphic," to which I am proud to state, I am not a subscriber. Perhaps as the Graphic Editor is so well informed he will explain to the public how much money was spent on the road last year and how far the same would go towards crowning a nine mile road.

Thanking you for space in your valuable paper, I am,
Yours truly,
JOHN McBEATH,
Supervisor.

Head of Tide, N. B., June 24th, 1918.
We have only to remark that if there was more "kick" and less "lie" in the makeup of our esteemed friend the supervisor at Head Tide even the small amount of money he is entrusted to expend on the roads might be used to good advantage.

Industrious, sober and truthful residents of the district between here and the end of Supervisor McBeath's district have called and complained of the manner in which the road work is being performed and we personally saw two men shovelling the sods and muck out of the ditch of the Christopher Brook Hill and placing this material on the middle of the road where it was worse than useless, and where it remained only a few days as the next rain washed it all down the hill into the brook. It is such lack of supervision which has made the road between Campbellton and Morrissey Rock during the past two years a disgrace to any community.

Correspondent Answered.
"What does one raise when he sows wild oats?" asked a correspondent. Well, we know a young man who raised checks. And his crop led to a close crop in prison.

ANOTHER STORM DOES MUCH DAMAGE

Heavy Easterly Gale With Rain
Floods Whole
Country.

Another severe easterly storm with heavy rain flooded this district on Monday and did considerable damage to crops, roads, and fishermen's nets. The rain was the worst in recent years.

In many places the crops have been serious damages, as many fields of hay and potatoes were under water. Along the bay the fishermen have again suffered loss. Their nets have been badly torn and in some cases washed ashore. This is the third time this season that their nets have been damaged, and they have decided, in many cases, to take up their nets.

The roads are in a very bad condition and only the constant use of the road drag can put them in a fit condition.

DALHOUSIE.

Dalhousie, July 10.—The citizens of Dalhousie responded nobly to the call that was made by the painting president of the Dalhousie Women's Institute in attending in large numbers at the Opera House on Saturday evening to hear the lecture delivered by Mrs. J. W. V. Lawlor, of the city of St. John, N. B., president of the House Wives League of that city, which has a membership of 2000 members.

On the platform besides Mrs. Lawlor, Rev. R. J. Coleman and Mrs. S. J. Beckingham president of the Dalhousie Women's Institute, occupied seats.

Hon. C. H. LaBille, president.

The following programme was successfully carried out, and highly appreciated by the large audience:

God Save the King.

Piano Solo—Miss Mildred Smith.

Guitar Solo—N. B.

Violin Solo—Miss Bessie Bell, Joggins.

Mrs. N. S.

Lecture—Mrs. J. W. Lawlor, St. John, N. B.

Vote of thanks—To the lecturer and ladies who assisted with music and singing, proposed by Mrs. Beckingham and seconded by Miss Haddow.

Vocal Solo—Miss Mary Coleman.

Vocal Solo—Miss Mary Bateman.

Accompanists—Miss Jennie Bateman.

Piano, Miss Mattie Cook, Violin.

Address—Rev. R. J. Coleman.

Silver Collection—Taken by Mrs. Wm. J. Simpson and Miss Haddow.

God Save the King.

Mrs. Lawlor spoke for nearly an hour. The gravity of the food situation and the urgency of conservation were dealt with and great stress laid upon individual efforts. A strong appeal was made to each woman to so conserve and substitute as if the solution of the food problem depended entirely on her. Suspension of criticism as to what the neighbours or government were or were not doing, was entreated. "There is not enough food in the world to feed all the people of the world. Somebody must go short. It must not be our soldiers who are fighting for us in the trenches," said the speaker, and the men at the front cannot be fed unless we women in our kitchens eliminate waste cut down food consumption, become experts in the use of substitutes for wheat, beef, pork, sugar and fat, and devote our time and our energies wholeheartedly to the conservation task before us.

Before coming to the shiretown of Restigouche Co., Mrs. Lawlor had addressed large meetings on the North Shore of New Brunswick viz., at Bathurst, St. John, Salmon Beach and Tétouche. She is addressing meeting under the auspices of the Provincial Department of Agriculture.

She is a fluent and pleasing speaker.

A. R. Wetmore, Provincial engineer of N. B., was in town on Monday with his father Mr. N. Ingram.

Mrs. Park, wife of Dr. J. E. Park, the medical officer of the 132nd Battalion and little son Everett of New Glasgow, N. S. who were visiting Mrs. L. D. Jones have returned home.

Miss Sue Scott, Montreal, arrived home last week very much improved in health.

Mrs. J. Fred Knight, Master Ever Knight and little Dorothy Lennox, after spending a few days in Dalhousie, are visiting her brother R. L.

GOVERNMENT SALMON MAKE GET-AWAY

High Freshet Carries Away Dam
at Fish Pond Giving Fish
Freedom.

Monday's severe storm and heavy rain made a very high freshet in the stream at New Mills on which the salmon pond was located, and the dam across the mouth was carried away, allowing about three hundred salmon, which were placed in the pond for spawning purposes, to gain their freedom, and they are now away in the briny deep.

Mr. Movat said they were a fine lot of fish and the loss will be a serious one as the season is too far advanced to get more at New Mills.

those present were Chas. Powell, John B. Delaney, John Almony Sr., S. Blanchard, Thos. G. Scott, John Oakleaf, Andrew Barberie, Wm. J. McNeil, D. G. Stewart, C. H. LaBille, John Almony, Jr.

The sum of \$3700 was voted to carry on the school work for the current year. It is an increase over past years as the board of trustees in their report recommended an increase in salary \$150, to the principal of the school, \$100, to each of the three lady teachers, and \$25 to the caretaker. Some repairs to be made to the building, flag staff, etc.

Doctor A. G. Ferguson who has been chairman of the Board during twenty years was the retiring trustee and in a letter addressed to the secretary, which was read to the meeting, he requested that his name be not placed again before the meeting for re-election. The rate-payers appreciating the splendid services rendered to the district by Doctor Ferguson, unanimously elected him trustee, and upon resolution unanimously carried, a committee of three consisting of Hon. C. H. LaBille, Andrew Barberie and D. G. Stewart was appointed to interview Dr. Ferguson, and to convey to him the wishes of the rate-payers, so strongly expressed at the annual meeting. Doctor Ferguson courteously acquiesced to the wishes of the people and accepted to act as trustee. The Board therefore consists of Doctor A. G. Ferguson, Thos. G. Scott, E. Ben Richard, John B. Delaney, Sec. Treasurer, S. Blanchard, Auditor, John Almony, Sr., Caretaker.

OBITUARY.

Margaret Dundon.

The death of Margaret Dundon occurred on Sunday morning, June 30th at the home of her parents Mr. and Mrs. Thomas Dundon, at Shannonnvale after eight months illness with inflammatory rheumatism. Margaret was fourteen years of age, and every possible means was taken to allay the dread disease. She was bright, and lovable, though quiet and reserved in disposition and bore her illness with patience and good cheer.

The funeral which was very largely attended was held on Tuesday morning, July 2nd.

Rev. R. Robichaud of Upper Balmoral celebrated Requiem High Mass at 9 o'clock. Interment was made in the R. C. cemetery at Shannonnvale.

The pall bearers were her friends and class mates. Daniel McLaughlin, Wesley Archibald, John Hynes, Walter McKinnon, Thomas O'Neil and John LaPointe.

Mr. and Mrs. Dundon and family have the sympathy of a host of friends in their sad bereavement.

PRESIDENT RAISING SHEEP.

As an example to the nation, President Wilson has purchased a flock of sixteen Shropshire sheep and put them to make mutton and wool on the lawn behind the White House, known as the President's Park.
