Armstrong's Wagon Seat Spring

THE CHEAPEST IS NOT ALWAYS THE BEST.

Farmers buying wagons for 1889 should see that our standard 1 1/2 in. spring is used. Our Reinforced Bolt Hole for attaching makes the strongest and most durable bearing connection. No wear on bolts. No possibility of shifting. The easiest riding and lightest spring made. Every one warranted. Hardware dealers and wagon makers, get our revised price list, free on application.

J. B. ARMSTRONG, MANUFACTURER, GUELPH, CANADA.

HERE IS PROOF.

THE Managers of the ST. CATHARINES BUSINESS COLLEGE will give \$100.00 to any charitable institution named by any person or rival college that can furnish the name of a student who has taken a full course in shorthand at this college and who has failed to secure a position; or the name of a student who has taken a full course in any department and who has lost his position through incompetency.

MANITOBA STOCK FARM

The undersigned would like to communicate with a practical dairyman who would be willing to stock a large dairy farm on shares. It is a fine improved farm, with every convenience for a cheese factory or creamery, and situated about 11 miles from Winnipeg. He would also be glad to hear from any party who would exchange some stock for Manitoba property.

AMERICAN

Shropshire Registry Association.

IT will be to the interest of all sheep breeders to observe the limitation as adopted by the American Shropshire Registry Association at their annual meeting, November, 1888, and make the application at once, to have their flocks recorded. The rules are as follows:

"Imported sheep. All sheep imported before July 1st, 1888, must be recorded before April 1st, 1889, and those imported after July 1st, 1888, must be entered for registration within one year after they arrive in America if they will be ineligible for registration in the Record.

"All American bred sheep, born after January 1st, 1889, to be acceptable for registration, must be recorded within one year after birth.
