

SOCIETIES.

	PAGE
Canadian Section of American Waterworks Association (¼)	20
Canadian Society of Civil Engineers (¼)	20
Canadian Gas Association (¼)	Aug. 10 82 CN
Canadian Society of Civil Engineers, Ottawa Branch (¼)	135
Civic Improvement League of Ottawa (¼)	138
Canadian Society of Civil Engineers (¼)	141
Western Canada Irrigation Association (¼)	142
Union of Canadian Municipalities (¼)	142
Royal Architectural Institute of Canada (⅙)	161
Engineering Societies and Industry (½)	181
Important Meeting of American Chemical Society (1) ..	181
Canadian Public Health Association (½)	222
Canadian Society of Civil Engineers (¼)	222
Appointment of Alien Engineers (4)	238
Canadian Society of Civil Engineers Toronto Branch (¼)	Sept. 21 166 CN
Canadian Society of Civil Engineers (¼)	302
Canadian Society of Civil Engineers, Manitoba (¼) ..	302
Canadian Society of Civil Engineers (½)	304
Canadian Society of Civil Engineers, Toronto (¾) ..	314
Canadian Society of Civil Engineers (¼) ..Oct. 19	222 CN
Canadian Soc. of Civil Engineers, Ottawa (⅙) Oct. 19	222 CN
Canadian Society of Civil Engineers (Manitoba) (¾) ..	339
Canadian Society of Civil Engineers (½)	344
American Road Builders' Association (½)	363
Canadian Society of Civil Engineers (Toronto) (⅙) ..	368
Canadian Society of Civil Engineers (Toronto) (¾) ..	412
British Columbia Institute of Civil Engineers (½) ..	420
Canadian Society of Civil Engineers, Regina (½) ..	420
Canadian Society of Civil Engineers, Edmonton (¼) ..	420
Canadian Society of Civil Engineers, Toronto (¼) ..	420
The Engineer in Canada (¾)	435
Canadian Society of Civil Engineers (Ottawa) (½) ..	439
Canadian Society of Civil Engineers (¾)	441
Canadian Society of Civil Engineers (½)	476
Canadian Society of Civil Engineers, Toronto (¼) ..	483
Canadian Society of Civil Engineers, Calgary (½) ..	483
Proposed Specifications for Highway Bridges (5½) ..	507
Canadian Society of Civil Engineers, Regina (½) ..	518
Canadian Society of Civil Engineers, Manitoba (½) ..	518
American Waterworks Association (⅙)	Dec. 21 338 CN
Canadian Society of Civil Engineers (¼)	538
Canadian Society of Civil Engineers, Edmonton (¼) ..	538
Canadian Society of Civil Engineers, Victoria (¼) ..	538

SURVEYING AND GEODESY.

Azimuth (4)	145
Photogrammetry for Taking Topography of Watershed (3½)	397
Dominion Land Survey Monuments (3½)	433

TOWN PLANNING.

Progress of Civic Improvement in Canada (2½)	47
Planning of a Modern City (1¼)	179
Improvements on Niagara Falls Park and River Railway (1¼)	300
Town Planning as a Money Saver (1¾)	313
Municipal Engineering Practice (1¼)	448
Citizen Co-Operation in Governments (1¾)	462
Town-Planning Development in Canada (½)	495
Town Planning: Laying out of Curves (8½)	497

WAR.

Behind the German Trenches (1)	56
Business Profits Tax (1)	60
Water Supply for Troops in the Field (2)	117
New Requirements for Engineer Officers (⅙)	156
Substitutes for Ferro-Manganese (¾)	170
Engineer in War (¾)	179
War Exports and Peace (¾)	201
U. of T. Men Now With Construction Battalion (1) ..	423

WATER SUPPLY.

	PAGE
Pollution of Canadian Streams (2)	7
International Joint Commission (¾)	8
Rosewater Hydraulic Table giving discharge of pipes (2)	9
Use of Precipitation Data (¾)	11
Pollution of Boundary Waters (½)	18
Montreal Aqueduct Report (¾)	19
Canadian Section of American Waterworks Association (¼)	20
Determination of Maximum Stream Flow (4¼)	29
Pumping Machinery—Test Duty vs. Operating Results (5)	31
Difficulties in Designing and Operating Medium Sized Waterworks Plants (4)	36
Montreal Controllers Refuse to Permit Aqueduct Investigation (¾)	39
Construction of Canada's Biggest Military Camp (13½) ..	41
Waterworks of Canada (1)	50
Formation of Ice in Water Mains (½)	55
Application of Newton's Second Law of Motion to Certain Hydraulic Problems (6)	68
Winnipeg Aqueduct Report Delayed (½)	72
Irrigation Structures (1)	78
Rosewater Hydraulic Table (1¼)	90
Water Waste (¾)	99
Greater Winnipeg Water Supply (2¾)	107
Plans and Records of Water Distribution Systems (4¾) ..	111
Water Supply for Troops in the Field (2)	117
Depreciation of Machinery (½)	139
Pollution of Boundary Waters (½)	159
Rosewater's Hydraulic Table (½)	159
Experiments on the Plastic Elongation of Wire (1½) ..	160
Automatic Coagulant Feeding Device for Mechanical Filters (2½)	175
Waterworks Handbook (1½)	178
Hydraulic Tables (¾)	178
Alignment Diagram Applied to the Flow of Water in Uniform and Compound Mains (6½)	192
Toronto's Mechanical Filtration Plant (15)	203
Alignment Diagram Applied to the Flow of Water in Uniform and Compound Mains (5¾)	216
Surges in an Open Canal (6½)	235
Unique Steel Water Tank (½)	240
Water Department Organization and Management Under Municipal Control (6)	248
Chlorination of Water (2¾)	251
Typhoid Toll (½)	256
Control of Water (¾)	258
Report of Board of Engineers on Shoal Lake Aqueduct (1¼)	287
Aqueduct for Greater Winnipeg Water District (4½) ..	294
Report on Water Supply for Hamilton (2½)	298
Electrolysis in Underground Pipes (¾)	300
Application of Coagulant Intermittently in Excess Amounts (3¾)	312
Montreal Aqueduct Power House (½)	324
Ford City Plans Own Works (½)	324
International Joint Commission (1¾)	325
Manitoba Hydrometric Survey (9)	327
Studies Regarding Concrete Mixtures Employed in Construction of Shoal Lake Aqueduct (7½)	331
Standard Specifications for Hydrants and Valves (3) ..	360
Water Supply of Port Arthur (7)	379
Photogrammetry for Taking Topography of Watershed (3½)	397
Winnipeg-Shoal Lake Aqueduct Construction (11)	401
Breaks in Cast Iron Pipe Lines (1¾)	408
Gravity Water Supply for Calgary (3¾)	409
Control of Norman Dam (2)	411
New Westminster Waterworks Construction (14½)	413
Report Upon Montreal Aqueduct (¼)	420
Gravity Water Supply for Calgary (4¼)	421
Engineers Condemn Montreal Aqueduct Scheme (8)	424A
Useful Type of Cribwork (2¼)	425
Disinfection and Other Progress in Municipal Water Supplies (3)	427
Steel Pipe Conduit at Loch Raven, Md. (1¾)	434
Efficiency in Civic Undertakings (3½)	438
Report on Filtration for Calgary (4)	443
Centrifugal Pumps and Suction Dredges (3)	449
Montreal Aqueduct Report (¾)	453
Water Hammer Problems Solved by the Use of Alignment Charts (12)	455
New Westminster Waterworks Construction (9¾)	465
