Men are not restored to their original position in this way. At the time of the revolution there were about a million outcasts in Japan. For these Christ died, and to them the gospel of His grace comes with its offer of peace and joy and eternal life.

A Light Keeper's Story.

HIS WIFE WAS A FEARFUL SUFFERER FROM RHEUMATISM.

Her Joints Were Swollen and Distorted, Her Nights Almost Sleepless and Her Appetite Gone—Suffered for Several Years Before Relief was Found.

From the Kingston News.

Mr. Hugh McLaren, lighthouse keeper on Wolfe Island, is one of the best known men in this section, and to his vigilance in the performance of his duties is due the safety of the many craft sailing in that part of the St. Lawrence. Mrs. McLaren, his wife, has been an invalid for a number of years, and in conversation with a reporter recently, Mr. McLaren stated that she was rapidly regaining her old-time health under the treatment of that most marvellous of modern medicines—Dr. Williams' Pink Pills. Asked if he had any objections to giving the particulars, Mr. McLaren replied that emphatically he had not, if such publication was likely to benefit any other sufferer. He said: "A number of years ago my wife contracted rheuma-

tism, and a considerable time was a helpless invalid. Her joints were swollen and distorted; her nights were sleepless and her appetite poor and very fickle. During those years she experienced excruciating tortures, the pain never ceasing day or night. She had the benefit of skilled medical advice but the treatment afforded no relief, and we began to fear that her trouble had gone beyond human aid. On a number of occasions I had read in the papers of cases of rheumatism being cured by the use of Dr. Williams'

Pink Pills, and this at last determined us to give them a trial. She had used some three boxes before any improvement was noticed; and then we began to note that she slept better and that her appetite was improved. Then the pains gradually began to subside, and after using about a dozen boxes she was able to get up and walk about. She continued to use the pills for a while longer, and although occasionally she feels twinges of the trouble in changeable weather, she now enjoys better health than she has done for years, and can sleep as soundly as ever she did in her life, while her appetite never was better. I look upon Dr. Williams' Pink Pills as a wonderful medicine, for I know they have done wonders in my wife's case, and I feel certain that if any who are afflicted as she was will give them a good trial, equally happy results will follow, and I therefore give this testimony freely, hoping that it will benefit some other sufferer."

Mr. McLaren's strong testimony proves the claim made, that Dr. Williams' Pink Pills cure when other medicines fail, and that they deserve to rank as the greatest discovery of modern medical science. The public should always be on their guard against imitations and substitutes, which some unscrupulous dealers for the sake of extra profit, urge upon purchasers. There is no other remedy "just the same as" or "just as good" as Dr. Williams' Pink Pills, and the genuine always have the full trade mark, "Dr. Williams' Pink Pills for Pale People" on the wrapper around every box.
