situation to confront a great many foundries. The shutting down of two stacks in this district on account of labor troubles cuts off considerable tonnage from the local production.

Furnaces have sold their product so far ahead that there is really no fixed market at the present time, and on this account we have recently omitted our usual quotations from our weekly reports.

In order to give a general idea of the situation, however, we quote below figures which may be taken as a fair average of the prices at which new business is being entered for later deliveries. These are on the cash basis, f.o.b. cars Buffalo:

No. 1 Strong foundry

SKAGWAY CUSTOMS REGULATIONS.—The Skagway Chamber of Commerce is seeking the co-operation of the Canadian Boards of Trade in the East in obtaining Government customs regulations at Skagway that will permit the warehousing in bond and subsequent re-entry of Canadian goods into Canada in broken bulk as the trade may require. In a lengthy resolution passed by the Skagway Chamber of Commerce and forwarded to the Toronto Board of Trade the benefits

that the people of the Canadian Yukon would derive are set forth, and as the resolution states are too self-evident to require more than a mere mention.
