Mr. Cleveland hints that the mothers of our land mold the characters of their sons. This may explain why we always have so large a surp us of toughs. The character of a son should be molded by his father, and the molding implements should always be within convenient reach.—Courier-

The Oregon Legislature has passed a law that bicyclists must dismount when they got within a hundred yards of a team, and remain standing until the team has passed. This law may be a good one, but it doesn't go far enough; it should be amended so as to compel the bicyclist to take of his hat and remain uncovered while the driver of the team is passing him .-Norristown Herald.

There is President Bartlett of Dartmouth College, in the dry-dock with a broken arm, caused by falling on the ice, and Prof. Sumner of Yale, in the ditto with a ditto, caused by falling off a bicycle. It is high time the students beld a meeting to consider how far it is safe to allow the Faculty to go in their reckless love of manly sports.

Another faith cure.—"Say, wife, where's that bottle of cough medicine that cured my cold a couple of weeks ago!" inquired a Sacramento husband the other evening. TESTIMONIAL.

J. F. Brine, M. D., Port Hill, P. E. I., writes Messrs. Puttner Emulsion Co, Halifax, N. S.:

Dear Sir,—I have used your Emulsion extensively during the past four years, and have much pleasure in adding my testimony as to its efficacy. We had here last summer numerous cases of Whooping Cough and Scarlet Fever. I found the Emulsion answer admirably when the acute symptoms had subsided, in very many instances. In most wasting disorders, especially there peculiar to children, your Emulsion has rendered the good service, being pleasant to the taste and no feeling of nausea following its admir's tration.

It seldom fails giving good results, and I prefer it to any other preparation of the kind.
