The stamp of the "Crown" is the stamp of reliability—it's a guarantee. The success of the "Crown" Sporting Lines last year was not unexpected—they were worth it, and, as in anything else, worth meant success.

Our Fall and Winter Catalogue issue was exhausted almost before we knew it, and we had to express our regrets to many a merchant because the demand exceeded the supply. Our Spring issue we will almost double, but if you wish a copy, and are not already on our list, don't wait, it's risky. Simply drop us a card. Our Spring Catalogue will be a "Sporting Catalogue" in every sense. Write.
