# Primary Recitations

WITH EXPLANATORY NOTES AND

## Lessons in Primary Elocution

A collection of appropriate recitations for young children not further advanced than the First Reader, and lessons in elocution suited to their capacity.

The selections have been made with great care from the best of similar works, and there is nothing in child-literature published that is better calculated to assist in accomplishing the end sought, viz.: the cultivation of a more perfect elocution and the foundation of a literary taste among the little ones. The lessons in elocution are particularly well adapted for children of the primary classes, and include exercises in breathing, voice development, and distinct articulation. They are suitable for home practice as well as school, and every child should be thoroughly and systematically trained in them.

Sir Morell Mackenzie in "The Hygiene of the Speaking Voice" says: "As to commencing the education of speaking (which, of course, includes the reading) voice, it can hardly be begun too soon." This book aims to aid the teacher in making this beginning.

# Manual of Punctuation

.. AND SOME ..

TYPOGRAPHICAL MATTERS

DESIGNED FOR

Printers, Students, Teachers and Writers

BY JAMES P. TAYLOR

This little book of eighty-two pages aims to make every student of it an adept in the art of punctuation, and we do not think we claim too much for it when we say that it will accomplish all it aims to.

The exercises, one or two excepted, have not been taken from any work on the subject, but from every outside source that provided the best for illustrating the subject. Many have been taken from the School Readers; and it is believed that they are sufficiently numerous and well chosen to afford all necessary assistance to aspirants for proficiency in this much neglected art

Mailed, postpaid, on receipt of price.
