

## Table of Contents

	Page
Table of Contents .....	i
Preface .....	iii
Executive Summary .....	iv
1.0 Introduction .....	1
2.0 Chemicals Addressed in the CWC Negotiations .....	3
3.0 Potential to Develop Novel CW Agents .....	5
3.1 Chemical Agents (Toxicants) .....	5
3.2 Biotoxins, Genetic Engineering and New Technologies as Sources of Novel Weapons .....	7
4.0 Historic Review of Some Recent "Unusual Events" .....	11
4.1 Methyl Isocyanate; the Bhopal Tragedy, 1984 .....	11
4.2 Carbon Dioxide from Lake Nyos in Cameroon, 1986 ..	11
4.3 Domoic Acid; Amnesic Shellfish Poisoning in Canada, 1987 .....	12
4.4 Stachybotryotoxicosis (Mycotoxycosis) in a Hospital in Quebec (Canada) .....	16
5.0 Methodology .....	18
5.1 Interdisciplinary Tier Approach to Problem Solving .....	18
5.2 Investigations to be Conducted .....	20
5.2.1 Introduction .....	20
5.2.2 Gathering of Epidemiological Data .....	21
5.2.2.1 Recognition of an Outbreak .....	22
5.2.2.2 Confirmation of an Outbreak .....	24
5.2.2.3 Health Monitoring for Populations at Risk .....	27
5.2.2.4 Principles of Screening .....	28
5.2.2.5 Actual Investigation of an Outbreak .....	30
5.3 Novel Methods That Could be Used .....	34
5.4 Evaluation of Environmental Effects .....	35
5.5 Tentative Analytical Tests in the Field .....	36
