- Videotex is powerful. Information is available at the touch of a button, and the high-quality NAPLPS graphics generate stunning visual presentations in full colour. Pages are fresh and concise and NAPLPS graphics are visually appealing.
- Videotex is user-friendly. Without learning to program a computer, viewers can access the information they want, when they want it, for as long as they want it. In this way, videotex is an inherently personal medium.
- Videotex is timely. Subscribers have access to up-to-the-minute information, the minute they want it, including special bulletins, information on new products and today's in-store specials.
