

APPENDIX

1. The following frequency bands are referred to by Article V of this Protocol:

MSS Frequency Bands

<u>Uplink Frequencies</u>	<u>Downlink Frequencies</u>
148 - 150.05 MHz	137 - 138 MHz
399.9 - 400.05 MHz	400.15 - 401 MHz
454 - 456 MHz	
459 - 460 MHz	
1610 - 1626.5 MHz	2483.5 - 2500 MHz
1626.5 - 1660.5 MHz	1525 - 1559 MHz
1990 - 2025 MHz	2165 - 2200 MHz

MSS Feeder Link Frequency Bands

<u>Uplink Frequencies</u>	<u>Downlink Frequencies</u>
5 150 - 5 250 MHz	6 700 - 7 075 MHz
12.75 - 13.25 GHz	10.7 - 10.95 GHz
	11.2 - 11.45 GHz
29.1 - 29.5 GHz	19.3 - 19.7 GHz

MSS Inter-Satellite Links

23 - 23.55 GHz

2. Consistent with Article VI, Paragraph 4 of this Protocol, the use of the frequency bands listed above, in the territory of a Party, must comply with the applicable laws, regulations, rules, administrative provisions, policies and licensing procedures of the Parties, conditions set forth in this Protocol and the respective national frequency allocation tables and take into consideration the systems currently operating in these frequency bands and any applicable international agreements of the Parties.
3. This Protocol does not apply to Covered Services in frequency bands not listed above.
