

December
Twenty-second
1922.

Dr. W. A. Sawyer,
Medical Director,
Eastman Kodak Company,
Rochester, N.Y.

Dear Dr. Sawyer:-

Let me acknowledge and thank you for your letter of December 19th indicating that we may count on you for one of the lectures in the course McGill proposes to give re Industrial Medicine.

I shall set aside Friday, March 2nd for your lecture, if this is convenient for you. The time will most likely be five o'clock in the afternoon, as by experience we have found out that this is the most convenient hour for business men. I am quite sure the contribution you will make under the subject of "The Physician in Industry" will be interesting and valuable and I gladly accept your suggestion as to the title.

With many thanks for your willingness to help us, I am,

Yours faithfully,

Principal.
