## FRIEDMANN WAS BESIEGED BY SUFFERERS

Victims of Tuberculosis in Advanced Stage Waited in Vain on German Scientist at Ottawa and Many Pathetic Scenes Were Witnessed.

OTTAWA, March 12.—(Can. Press.)—Before a large audience, consisting of members of the medical profession from Ottawa and many outside points, nurses and prominent members of the Canadian Association for the Prevention of Tuberculosis, Dr. F. F. Friedmann gave a demonstration of his "cure" for tuberculosis at the General Hospital, Water street, today.

Dr. Friedmann repaired to the hospital shortly after noon. Some thirty-seven patients in all stages of the disease were awaiting his arrival, hoping to be treated, and from these the doctor selected those whom he wished to experiment on, ten being selected, and later inoculated.

It was in many respects a tragic scene which furnished the setting for the clinic. The approach to the study room in which the demonstrations were conducted, was lined with patients, pathetic figures most of them, and many in the most advanced stages of the disease. The patients included all classes—men, women and children, some too weak to walk. The most advanced cases Dr. Friedmann did not attempt to treat, and pitiful was the despair which his action caused. The little room on the first floor, at the foot of the stairs in particular, was crowded with a number of most advanced cases. While making the preliminary preparations, Dr. Friedmann was visibly nervous and constantly interrupted the attendants.

**Bustle and Confusion.**  
First it was found that there was no electric sterilizer. He declared that this was absolutely necessary. This want being supplied he asked for ordinary forceps.

Through a misunderstanding neither of these articles was supplied, and there was great bustle and confusion while several doctors and attendants went in search of them. Finally the sterilizer was attached and the first patient brought in for treatment. He was a young man of about twenty-eight, suffering from an incipient case of tuberculosis.

Dr. Friedmann had him stripped to the waist and his arms bared.

First he took what looked like an ordinary hypodermic syringe and injected the serum into the arm. A rubber band was wrapped around the forearm to compress the blood. Before the operation the arm was thoroughly disinfected and after the injection it was bound up in lint.

The next case was that of a young girl who was in what looked to be a

## The Financial Situation

Money is tight everywhere, in Canada, in Europe. There seems to be more ready and available funds in New York than abroad. Toronto as a city got money there that she could not get so easily at home or in London. Canadian firms in the States on short bills, and this way of financing, the somewhat new here, is coming into practice. A firm or corporation of undoubted standing and that gives a full statement of its affairs to a New York broker, can place half a million up in notes of ten thousand dollars each among the broker's clients—many of them local banks scattered all over the States—without trouble. The standing of the firm, the undoubted reliability of its statement of affairs, and the reputation of the broker, does the work. But of course only one broker must be employed.

The Canadian situation is improving daily and confidence at home is the first thing that will ease off the stringency. Not that our banks will have much or any money to spare for new projects; but we hope in a few days to see things in such an improved condition that our banks can more freely take care of their own customers.

The war condition in Europe is the great disturbing factor. But there is one thing we wish to put on record and then we would like to forget it; some of our banks and worst of all our so-called financial papers that have sprung up in such luxuriant crop all over the country have done a wrong thing, an unpatriotic thing, when they started in to knock Canadian municipal issues and broadcast their knocks in London. These knockers were at the same time upholding so-called Canadian issues based on public utility services in foreign countries! All this must stop. It has hurt the flow of money into Canada.

The World trusts that money will soon be easier; in the meantime everyone must get along as best he can till the pressure eases off—rather until confidences is widespread.

We have a big year ahead of us. But we want all to be reasonable, all to look pleasant, and we want the crop of Canadians who risk their funds in Wall street to let up for a time at least. There is no square deal for Canadian lumps in that quarter. Invest in something in Canada if you've got any spare cash. And margins put up outside of Canada are almost sure never to come back. The New York bill broker that we mentioned above is all right; not the other fellow.

## BABY BOY INJURED BY LUMBER WAGON

Stepped From Sidewalk, Fell Under Wheels and Was Badly Hurt.

Stepping from the sidewalk into the road late yesterday afternoon, Robert Gilbert, aged three years, fell under the wheels of a lumber wagon and sustained very severe injuries. The accident occurred just in front of the boy's home at 99 Tecumseth street. The police ambulance conveyed him to the Western Hospital.

## DUE AT NAPLES.

Adriatic Will Arrive Today With J. P. Morgan on Board.

Special Cable to The World.  
NAPLES, March 12.—The Adriatic, making good time, is due at 7 o'clock tomorrow morning. J. P. Morgan is very careful of his privacy and keeps closely to his cabin. He has engaged a special train direct to Rome for tomorrow. The White Star agents refuse to admit journalists on board.

## BILINGUAL ISSUE TO FOREFRONT AT WINDSOR

Grand Orange Lodge of Ontario West Doesn't Hesitate to Reaffirm Principles at Largely Attended Convention—Mayor Hocken Is Vigorous in Denunciation.

WINDSOR, March 12.—(Can. Press.)—Attendance at a public meeting conducted by the Orange Grand Lodge of Ontario West in Windsor armory tonight was limited only by the capacity of the hall. Nearly 500 delegates were present, as far away as North Bay, and citizens turned out in force, altho Windsor is not regarded as a strong Orange centre. Yet the gathering is one of the most successful in over a half century. Rooms were filled early today, and hotel houses have all available cots in use tonight.

Because of pressing business at Ottawa a number of distinguished members of the Orange Order were prevented from attending the meeting tonight, but visitors heard a half-dozen speakers of note, including Lieut.-Col. J. H. Scott, sovereign grand master of the order in British North America; Rev. H. A. Fish, of Owen Sound, grand organizer; E. T. Essery, K.C., of London, past grand master; Mayor Hocken of Toronto, deputy grand master; D. C. Hoesack and Rev. John Coburn, grand lecturer, Toronto.

Mayor Clay was not present to extend the city's welcome. Mr. Marshall Thompson of Windsor called upon Grandmaster Fred Dane to preside. It is generally believed that Mr. Dane will continue in office for another year at least. Both Mayor Hocken and Dr. Williams, deputy and associate, respectively, are likely to be re-elected as well, tomorrow.

## Bilingual Question.

Col. Scott mentioned the bilingual question with considerable delicacy in such a place. "We desire," he said, "to have but one language taught, and that the English. One flag and one crown."

"The language that I am using is good enough for me," Grandmaster Dane added before the next speaker was called on, "and if I am not mistaken it is good enough for 99 in a thousand people of this country. Any person who thinks otherwise thinks detrimentally to the interests of his own family when he takes into consideration what the rising generation of this country will have to contend with."

"Orangism," said Rev. H. A. Fish, "stands for Protestantism, but does not seek to unchurch people who think differently. We are letting in the light, and that is what Rome has always sought to prevent."

"We are wider than both parties."

## EMMERSON'S ATTACK ON CHURCHILL "WILD WORDS OF AN ANGRY MAN"

LONDON, March 12.—(C. A. P.)—The Daily Telegraph this morning, commenting upon attacks made upon Winston Churchill and the admiralty document, says: "Surely there is nothing to justify such language as that used by Emerson. They are wild words of an angry man, and we deplore any suggestion that there has been interference by an imperial minister in affairs of the Dominion. The closest examination will, we are convinced, show that the naval authorities in London, when directly questioned by the official exponent of the Canadian opinion, could not in politeness refuse to show the same courtesy to Borden as that which they are willing to extend to all Dominion ministers, including Laurier himself, when he was in office. The bare idea of interference with the throne voluntarily and without reserve, is entirely foreign to British opinion. We trust, with some confidence, that any feeling of soreness which may be entertained by Canadian Liberals at the present moment, will speedily be removed by a more complete knowledge of all the issues involved."

## WONDERFUL FIND AT THE SPHINX

Sand of Sixty Centuries Removed, Revealing Temple, Tomb of First King and Underground City.

Special Cable to The World.  
LONDON, March 12.—A correspondent writing The Westminster Gazette from Cairo, says: "Great interest is being taken in recent discoveries at the sphinx. Prof. Reigner has succeeded in removing the sand of 60 centuries from the interior of the head and has gained entrance through the neck to a temple that runs the whole length of the gigantic body, measuring 120 feet in length. In this temple is a pyramid which forms the tomb of Menes, the first king of Egypt, and is supposed to contain his mummified body. Sloping passages from the temple lead to other chambers as yet unexplored, and it is thought to be a subterranean city. The importance of these wonderful discoveries can hardly be exaggerated and may prove to be the most valuable yet made."

## WOMEN FOUND DEAD IN POND

Mother and Daughter Committed Suicide Following Nervous Strain and Lengthy Illness.

Special Cable to The World.  
LONDON, March 12.—The authorities of the Town of Godalming, in the County of Surrey, near London, report the suicide there by drowning, under strange circumstances, of Mrs. Louisa Jeffries, 56, and her daughter, Miss Natalie Jeffries. They are the wife and child of Dr. Wyman Jeffries, formerly of the United States, now residing on Redcliffe square, London. He is a Scot by birth and he has served, he says, in three wars, including the civil war in America.

Mrs. Jeffries, according to her husband, had been an invalid for 12 years, suffering from neurasthenia, and austered constantly by her daughter. The two women lived in Godalming. In order to be away from the nerves wrecking excitement of London. It had been decided recently to put Mrs. Jeffries in an sanatorium, and this is supposed to have depressed her and her daughter.

The story is that at 4 a.m. Monday, Mrs. Jeffries awoke the servants in the house and told them her daughter had left a letter reading: "I have gone out to die. Follow me."

When the servants ran to fetch the police, Mrs. Jeffries escaped from the house. Some time afterward, on a search being made, the bodies of mother and daughter were found in a nearby pond.

Dr. Jeffries will give evidence at the inquest tomorrow.

## FORMER TRAVELER ARRESTED FOR PASSING BOGUS CHEQUES

Archie Gillies Alleged to Have Secured Two Thousand Dollars by Means of Stolen Cheque Book and Rubber Stamp.

When Detective Miller came face to face with a man in the lobby of a local hotel last night something about the stranger struck him as being familiar. A photograph and description in the officer's pocket furnished the missing link. Two hours later Archie Gillies, alleged thief, forger and impersonator, was taken into custody, charged among other things, with passing \$2000 worth of cheques W. J. Lovering, manager of the Lake Rosseau Lumber Company, is the complainant.

It was yesterday that Inspector of Detectives George Kennedy sent out circulars. The only picture of Gillies which could be obtained had been taken twelve years ago. Detective Miller visited the hotel last night and met Gillies. He secured his room and the man was, and received the reply that the guest had registered as "A. B. Wells."

Just after "A. B. Wells" returned to the hotel, following a stroll up-town, Miller accosted him. The man made a scene and threatened action for false arrest. Despite his protests he was taken to headquarters.

Gillies at one time worked at the Lake Rosseau Lumber Company of Boskiview, Ont. Before leaving their employ he is said to have stolen a cheque-book and a stamp, used to certify the cheques. Not long after cheques to the value of \$2000 came thru the bank to the company, signed by Gillies, and bearing the official stamp.

Edward Mack, the Yonge street tailor, was one of the victims. The man called at his store and tendered a cheque for \$50, secured a \$25 over-cost and \$25 in cash. Scores of other people were also duped.

## CLOSURE STILL HANGS FIRE ACTION NOT LIKELY TODAY DESPITE RUMOR AT OTTAWA

## DRASTIC REVISION OF TARIFF COMING

U. S. Congress Will Be Summoned For First Week in April and Every Shred of Protection to Any Established Industry Will Disappear.

Special to The Toronto World.  
WASHINGTON, March 12.—Within the next few days President Wilson will issue a proclamation calling upon congress to convene in extra session during the first week of April, to carry out the Democratic party pledges by revising the tariff downward. The date set for the opening of the session will be April 2 or April 3.

This agreement was reached today after Chairman Underwood of the ways and means committee had explained to the president the status of the bill and assured him that the committee would have the bill ready and be prepared to lay the complete tariff program before the Democratic caucus April 1. Before the bill is laid before the house, the caucus must approve of it.

Low Tariff Men.  
The low tariff men are now in a majority in the committee, and they are determined that the bill, which leaves the ways and means committee shall be a drastic downward revision, with no respect whatever to protection theories.

If the low tariff men stand together and carry out their agreement the income tax bill may be invoked to replace the deficit caused by reduction in the tariff. In order to accomplish this end the proposed tax of one per cent on incomes may be increased to two per cent, or more, and the tax may be based upon a sliding scale, taxing large incomes proportionately more than small ones.

Tariff for Revenue.  
The low tariff men have agreed that the country might as well, now as later, get real "tariff for revenue only" legislation and that the business men must accept an entirely new standard. They are determined to lay before the house a bill that is based upon the economic theory that foreign competition is a necessary potentiality to the destruction of high prices and that the only way for the American business man to rid himself of the foreign cheap labor bugaboo is to rid his factories of antiquated machinery and to displace extravagant overhead charges with economic management.

The low tariff men propose to go right down that line from sugar to zinc and to denude the tariff system of the country of every shred of protection to any established industry.

## MRS. PANKHURST SERIOUSLY ILL

Her Condition Is Causing Concern — Two Suffragette Meetings Broken Up After Wild Scenes.

LONDON, March 12.—(Can. Press.)—The condition of Mrs. Emmeline Pankhurst, the suffragette leader, is still causing some concern. She was announced as one of the speakers at a meeting at Kensington tonight, but the chairman explained that she was unable to come, altho she was not seriously ill.

The speakers declared that militant tactics would be continued, Miss Brackenbury saying that if they could not get the vote by ladylike means they must get it by any means in their power.

Two suffragette meetings tonight, one at Edebridge, Kent, and the other at Radlett, Hertfordshire, were broken up by opponents of the cause. At Edebridge the wall behind the platform was bespattered by a fusillade of eggs. The platform was stormed and the police were called out to restore order.

At Radlett the din of the shouting, singing and ringing of bells was maintained for nearly an hour. Red pepper was thrown about the hall and hardly a word of the speeches could be heard.

The government has served a writ on Frederick Pethick Lawrence, joint editor with his wife of the publication, Votes for Women, for the recovery of \$290, the unpaid balance of the costs in the conspiracy trial at Old Bailey last May. The sum of \$304 was recovered by the sale of Lawrence's furniture and belongings last October.

## STRAIGHT FIGHT IN SOUTH LANARK

W. G. Ferguson, Independent, Who Nominated, Announces That He Will Support Conservative Nominee.

PERTH, Ont., March 12.—(Can. Press.)—The nominations for candidates to fill the vacancy in the Ontario Legislature in South Lanark, caused by the death of the late Hon. Col. Matheson, took place in the town hall this afternoon. Three candidates were nominated: John C. Ebbs, Conservative; David McLean, Liberal; and W. G. Ferguson, Independent. Before the nomination J. B. Lyle, independent Conservative, had declared himself a candidate, but he was not nominated.

Shortly after the nomination Mr. Ferguson declared that he would drop out and leave the field to a Conservative or a Liberal. He stated that he had entered the field of his own wish and had dropped out in the same manner, and that he would support Mr. Ebbs. The contest will now be between Mr. Ebbs and Mr. McLean.
