"The Devil's Web" is the title of the play to be produced by the Van Cortland Company next Monday night. It is an entirely new, sensational melodrama, with a great deal of the rollicking sort about it, and is quite a new departure for this versatile actress. While the piece is held together by a strong plot, the comedy element predominates from beginning to end, and is received with shouts of laughter and expressions of merriment. It was produced by them for the first time in Grand Rapids, the piece making a hit and a pronounced success.
