London, Nov. 30.—Whitelaw Reid. at the thanksgiving day banquet last night, said the United States were on absolutely friendly relations with all the world, including Newfoundland. Nowhere was the gallant little colony more respected and admired than in the United States. Before another fishing season came round there would be good feeling enough and love for fair dealing enough at both ends to reach a settlement which should make an end of the matter for ever.

There are few persons who are gifted with a good memory, but there is hope for all if they will but devote a few hours to the study of the system invented by Prof. Sambrook of Lincoln, and on which he spent a lifetime. His daughter, Mrs. R. A. Norman, will expiain the general principles of the system and illustrate its advantages in St. George's Hall on Monday, Dec. 3. It is said that even the memories of borrowers of money and books may be improved.

daily dose of sulphur and molasses every spring and fall.

It was the universal spring and fall "blood purifier," tonic and cure-all, and, mind you, this old-fashioned remedy was not without merit.

The idea was good, but the remedy was crude and unpalatable, and a large quantity had to be taken to get any effect.

Nowadays we get all the beneficial effects of sulphur in a palatable, con-

Canadian Institute.

The members of the Canadian Institute will hold their usual meeting at the library, 198 College-street, this (Saturday) evening at 8 o'clock. The following lectures are expected to be given, both with lantern illustrations: "Early Records of the Mineral Wealth of Canada," by Prof. T. L. Walker, Ph.D.; "The Stromatoporoids of the Guelph Formation in Ontario," by Prof. W. A. Parks, Ph.D. The public are cordially invited.

Nowadays we get all the beneficial effects of sulphur in a palatable, concentrated form, so that a single grain is far more effective than a table-spoonful of the crude sulphur.

In recent years research and experiment have proven that the best sulphur for medicinal use is that obtained from Calcium (Calcium Sulphide) and sold in drug stores under the name of Stuart's Calcium Wafers. They are small chocolate-coated pellets and contain the active medicinal principle of sulphur in a highly concentrated, effective form.

Perfect Manhood. The man of courage, of strong heart, from nerves, good health, self-confidence and undaunted energy. The embodiment of success, popular in every walk of life, respected and esteemed by all. Such is the manly

For forty years I have been making strong, vigorous men out of the puniest weaklings. A man comes to me weak, nervous, despondent and discouraged; with Drains, Losses, Impotency, Varicocele, Rheumatism, Lame Sack, Kidney or Stomach Troubles. I give him my world-famed Dr. Sanden Electric Belt, with suspensory, absolutely free, to use for two months. Mind you, not one penny in advance or on deposit. A few nights use convinces him that he has found the right remedy. It fills him with new life, joy, vigor, and strength, and at the end of the time he is only too glad to pay me for the Belt and to recommend it to his friends.

This is the way I cure men. This is the way thousands every year regain their lost strength, without the slightest risk to themselves, for if I fail it costs you nothing whatever. You pay me only when cured, and in many cases the cost is only \$5.00; or, if you want to pay cash, full wholesale discount.

My great success has brought forth many imitations of my Belt, but my great knowledge, gained by forty years' experience, to guide and advise my patients, is mfne alone, and is given freely with the Belt. Be sure you get the genuins. Call te-day and take a Belt along. Or send for one and my two books on Electricity and its medical uses, which I send free, sealed, by mail.
