MICHIGAN DIVORCE NO USE

Court of Appeal Confirms Conviction for Bigamy.

Jasper K. Kimbley in April, 1897, married Rosa Mary Card, in the County of Huron, where she still resides. His wife left him in August, 1905, and went to Michigan, where, on Jan. 15, 1906, she obtained a divorce. Afterwards on April 12, Brimley left with one Emily Florence Picot and was married at Detroit. Upon his return to Canada he was convicted of bigamy.

The first question submitted to the court of appeal was whether the decree of divorce granted to the wife Jan. 15, 1906, by the circuit court of Michigan, is valid and binding, and a good defence to the indictment for bigamy. The court decides in the negative.

The second question submitted was whether the culpability was removed by the fact of the defendant knowing that the decree of divorce was not granted, and his having been advised that he could legally marry again. The court answers this question in the affirmative.

Wm. Stitt & Co.
Wm. Stitt & Co. desire to state that the deeply regretted death of Mr. Frank Stitt, their late manager, will not interfere with the carrying on of the business.

Fortunately, the services of G. A. Stitt, who has been with the firm some time, and who for many years has had large experience in this line of business, have been retained as manager, and every department of the business will be looked after and carried on with the same care, efficiency and attention as heretofore, under the direction of the surviving executor.

Remarkable Letter
From Ottawa

Describing a Severe Case of Pneumonia or Inflammation of the Lungs.

Woman Lingered for Three Days Between Life and Death and Her Doctor was Powerless to Help Her.
"My wife was taken with chronic inflammation of the lungs, and for three days was hovering between life and death," writes Mr. Fred Hawkins of 14 Young Street, Humberburg, Carleton County, Ont. "Her doctor was prescribing for her all the time, but none of his medicines were doing her any good, and I was afraid I would lose her."
I heard about Dr. Chase's Syrup of Linsseed and Turpentine, and got it, unknown to the doctor. The first night she used a whole bottle, and the next morning she was up and eating, and her much better. The doctor pronounced this treatment until she was completely cured, and the doctor was surprised at her rapid recovery. He thought his medicine was curing her, but she got nothing but Dr. Chase's Syrup of Linsseed and Turpentine. "This medicine is indispensable in every home, and I, for one, will never be without it. I cannot say enough in its praise, for no one can imagine what my wife suffered before using it."
Such cases as this have proven Dr. Chase's Syrup of Linsseed and Turpentine to be far more than a mere cough mixture. They illustrate the thorough and far-reaching action of this treatment in the cure of the most serious cases of the disease of the bronchial tubes and lungs; 25 cents a bottle, at all dealers, or Edmondson, Bates & Co., Toronto.

Mayor Hawkins Questioned.
Mayor Stewart and the aldermen demanded to know what the company would give the city for the right. They wanted to know how many cars it was going to buy, and what it was going to do in the way of improvements.

Mr. Hawkins said the company only wanted the privilege because the Railway Act called for wide cars, with centre streets. If the city would let the company widen the strip, then the railway board would excuse the company from getting the aisle cars.

He said the company would buy no new cars until the present cars were cracked. All the wanted now was to renew the special or curved work at the city engineer before doing anything.

The board refused to close up Taylor-street to the Puller Carney Paper Co. It also decided to ask the Dominion Railway Commission to give its opinion at once on the H. and B. Westinghouse spur matter. It will ask the board to compensate the property-owners in the district for damage done by the street.

John C. Gaud said the Brantford & Hamilton Railway would not use City Engineer Barrow's trunk line and asked for permission to start the work of laying tracks on Main and Hess-streets on May 1. The city engineer was instructed to report.
