BAKER'S Dandruff - Shampoo - Soap

Read This

...Has No Equal...

As a Shampoo Soap It Has No Rival.

As a Bath Soap It Talks the Loudest.

As a Skin Soap all others are a PRETENCE WHEN CLASSED WITH IT. Test it on the hands and face and it will induce you to carry it to the bath room. It is the most effective skin beautifier in the world, as it is the only neutral soap. Use any other soap that is made and then use Baker's Dandruff Shampoo Soap directly afterwards and you will test its qualities. It will leave the skin smooth, hard and cool when all others leave it soft and flabby, with a heated sensation. To test its neutrality, use it in either hard or soft water, and you will find it works the same in either. A proof of its cooling qualities is its formula, which we give. It is made from Florida oil, witch hazel, olive oil and coconut oil, these being the coolest and softest oils made, leaving it the only reliable soap for constant shampooing.

IT WILL POSITIVELY REMOVE DANDRUFF

It will remove that greasy, oily substance from the hair, leaving it soft and fluffy, and keep the hardest bristly hair nice and soft. For insect bites, inflammation, chafings, sores, chapped hands, scaly skin, eczema, pimples, black heads, etc., it must be used in preference to all others, as it is free from all those ardent properties, and does not irritate the already inflamed condition.

Save your hair, and remember that dandruff is not a disease, but the beginning of Baldness is Dandruff.

Every man who has become bald will tell you that he has perspired very freely on the top of the head, thus overloading the perspiratory organs and giving them no relief from this disturbed condition. Now, reverse the order by unloading them, and keep the scalp clean, and you will promote the growth and richness of your hair by the use of

BAKER'S DANDRUFF SHAMPOO SOAP

WHICH IS FREE FROM ACIDS, AMMONIA OR ALKALI.

TEST IT—Wash the hair with any other brand of soap that is made, let your hair become dry, then comb with fine comb and you will comb out soap. Do the same with Baker's Dandruff Shampoo Soap and you will comb out nothing. This is a fair way to test the quality of a soap, and this being its principle, it must remove perspiratory matter from any part of body in same way.

Women as Well as Men must learn to wash their hair two or three times a week, as the scalp and hair become quite as dirty as the face and hands in the same time. Let your head go three days and then wash with Dandruff Shampoo Soap and the water will be very black with dirt. Why then listen to some unscientific man say: "Do not wash the hair"? Why not say the same about the body that is not so much exposed to the dirt? Those who do not shampoo their hair cannot go into company without others knowing it, although they may think differently. Now then, can any person feel good who does not shampoo his or her hair two or three times a week? This must appeal to your own logic.

REMEMBER THIS—Constant shampooing would save headaches, and less headaches would save hair. Always bear in mind that with the use of Baker's Dandruff Shampoo Soap, let it be one or ten times a day, you can positively get no injurious effects, and the soap that proves itself the best shampoo for cleaning and promoting the growth of the hair is always the best toilet soap, and you need no other if you can afford to use Baker's Dandruff Shampoo Soap, which, to manufacture, is the most expensive soap on the market.

Sold by All Druggists, Price 25 Cents.

Wellington and Front Sts. East, TORONTO.

FINANCIAL AND COMMERCIAL

Continued from Page 9.

Our own home harvest looks like being secured in excellent condition, the courage of holders of wheat notes and any other who hear that Lincolnshire farmers are offering their bread wheat at 25s per 504 lbs. This is equal to about 25s 9d for American quarter of 480 lbs.

Wheat in France.
The Corn Trade News shows that the net deliveries of wheat and flour for consumption in France for the year ending July 31, 1898, amounted to 81,744,000 bushels, of which 41,702,000 bushels, or over one-half, were taken in the three months of May, June and July. The Minister of Agriculture estimated that nearly 30 million bushels of wheat were carried over from crop of 1897, 244 million bushels. The stocks of foreign and domestic wheat at harvest of 1898 were reduced to a minimum. It is evident that notwithstanding the high prices of 1897-98, the consumption of wheat was about of average quantity. This is the same experience as in 1891-92, a former year of poor wheat crop and high prices.

Primary Market Receipts.
The deliveries of wheat at the primary markets in the west during last week amounted to 6,468,785 bushels, as compared with 6,098,748 bushels in corresponding year 1897. The deliveries of flour were 22,450 barrels larger than last year.

In Nebraska.
The Nebraska Grain Dealers' Association makes the wheat crop of that State from 45 to 55 million bushels. The Washington estimate in August was 52,000,000 bushels.

Grain and Produce Markets.
Chicago wheat puts to-day 6 1/2c, calls 6 1/2c. On the Liverpool board to-day spot red winter wheat declined 1/4d per cent; this month's delivery, stationary and the December option dropped 1/4d. Maize fell 1/4d to 1/2d per cent at Liverpool to-day. Lard is 6d lower in Liverpool. Pigs rose 1/4d in Liverpool. India wheat shipments the past week 12,000 quarters. Russian shipments the past week were: Wheat 137,000 quarters, maize 31,000. Danish shipments the past week: Wheat 100 quarters, maize 54,000 quarters.

Imports into the United Kingdom the past week: Wheat 226,000 quarters, maize 280,000 quarters, flour 150,000 bags.

Big Crop in Australia.
Sydney, N.S.W., Sept. 5.—The area sown to wheat in New South Wales is shown by complete reports to be 1,500,000 acres, which is an increase of 20 per cent. The area devoted to that product last season. It is estimated that the total yield will be 15,000,000 bushels, which will allow of substantial exports.

Chicago Live Stock.
Chicago, Sept. 5.—Hogs—Estimated receipts 25,000; official Saturday 12,482; left over 2000; quality of offerings fair; moderately active but weak and so lower, with sales ranging: Pigs, \$2.75 to \$3.85; hogs, \$3.00 to \$3.95; rough packing, \$3.50 to \$3.75; mixed, \$3.00 to \$4; heavy packing and shipping rate, \$2.25 to \$4.
Cattle—Estimated receipts for to-day 17,000; receipts Saturday 4077; steady. Low country markets quiet at 6d to 1s decline. Maize off coast nearly due, on passage depressed.
Paris—Open—Wheat 21f 30c for Sept. and 21f for Nov. and Feb. Flour 47f 30c for Sept. and 44f 75c for Nov. and Feb.
Liverpool—Close—Spot wheat dull, with red winter at 3s 5 1/2d; futures quiet at 3s 5 1/2d for Sept. and 3s 1 1/2d for Oct. and 3s 2 1/2d for Dec. Flour, 2s.
London—Open—Wheat, off coast nominally unchanged; on passage quiet. English country markets quiet at 6d to 1s decline. Maize off coast nearly due, on passage depressed.
Paris—Open—Wheat 21f 30c for Sept. and 21f for Nov. and Feb. Flour 47f 30c for Sept. and 44f 75c for Nov. and Feb.
Liverpool—Close—Spot wheat dull, with red winter at 3s 5 1/2d; futures quiet at 3s 5 1/2d for Sept. and 3s 1 1/2d for Oct. and 3s 2 1/2d for Dec. Flour, 2s.
London—Close—Wheat, vessels waiting orders, 2s on passage; quiet; No. 1 Cal., prompt, 37s 6d; Malze, off coast, nearly due; on passage, quiet; mixed American, call grade, steam on passage, 15s, parcel's spot Danubian, 16s 6d; American, 16s, Mark Lane—English wheat quiet and foreign dull; maize firm; American flour nominally unchanged; English quiet and steady.
Paris—Close—Wheat quiet at 21f 30c for Sept. and 20f 90c for Nov. and Feb. Flour, 48f 10c for Sept. and 44f 00c for Nov. and Feb.

ST. LAWRENCE MARKET.

The market was very small to-day. Fifty bushels of goose wheat sold at 58c and 200 bushels of oats at 25c to 26c. Other produce was in keeping.
