BRITAIN PUTS HER FOOT DOWN

6th Michael Hicks-Beach, in Course of Speech Regarding the Fashoda Question, States That, Should France Desire to Take Another View of the Situation, the Queen's Ministers Know Their Business—Cable Notes.

London, Oct. 19.—In a speech at Glasgow last night, the Duke of Devonshire, Lord President of the Council, said that since the blue book giving the correspondence between Great Britain and France concerning Fashoda was issued, nothing had passed between the two countries that in the slightest degree modified the situation. He did not believe the matter was likely to lead to serious trouble. The case was too clear and the facts were undisputed.

Rights of Development.
Sir Michael Hicks-Beach, Chancellor of the Exchequer, speaking at North Shields this evening, announced that the Government had opened negotiations with the powers with a view of securing the "right of developing the respective spheres in which each country is especially interested."

Regarding the Fashoda question, he said he wished cordially to acknowledge the desire evidenced in the speeches of Lord Rosebery and Mr. Herbert Kitchener to help the Government in the matter, "a matter which might develop to the utmost gravity."

Have No Right There.
"It is impossible," he continued, "for France to maintain that she has political rights at Fashoda. She has naturally and properly asked for time to receive Major Marchand's report, but until the contrary is proved I decline to believe that France will refuse to withdraw. If she refused, the matter would assume an aspect as grave as is possible between two great nations."

"The Government is animated by the friendliest spirit towards France and does not wish to inflame belligerence. What we desire is fair treatment. Our work in Egypt is not completed. Africa is big enough for us both—for France in the west and ourselves in the east. Surely we ought to be able to agree to respect one another's rights and claims."

Hopes for Friendly Solution.
"I hope, trust and believe the question is capable of a friendly solution, but this country has put her foot down. If, unhappily, another view should be taken by France, the Queen's Ministers know what their duty demands."
"It would be a great calamity if, after peace for upwards of 80 years, our friendly relations should be disturbed and we should be launched in a great war, but there are greater evils than war, and we shall not shrink from anything that is coming, knowing that we are supported by a united people."

How Will France Receive It?
The speech of Sir Michael Hicks-Beach at North Shields last evening has deeply impressed England, and the utmost concern is felt as to how France will receive it. The idea has been prevalent that the French have not realized how seriously England felt on the Fashoda question, which has been coupled with a desire that France would not force England to an armed support of Lord Salisbury's stand.

Most of the morning papers elaborate some of the exciting descriptions of the belligerent preparations of France.
The Paris correspondent of The Daily Mail says:
"In Toulon and Brest every nerve is strained to get ready for war, which may break out on short notice. The Paris press is growing more and more determined to back up extreme measures, even a resort to arms. The French have been excessively plied by the threatening tone of the English papers, which is a more likely cause than the mere question of Fashoda."

Outlook is Very Grave.
"Consequently the outlook here is grave. There are reports of troops hurrying from Paris to Brest and Toulon. The artillery in the batteries and at the various ports have been confidentially instructed for any emergency, and the cannon at all the forts and the batteries are kept ready for action at any moment. To-day there was a protestant war Council at Brest, the chiefs of the various services, and M. Lockroy is hastily returning to Toulon on account of the gravity of the situation."

RECOGNIZED INDEPENDENCE.

New Colonial Government and South African Republics Will Work Harmoniously Together.
London, Oct. 19.—A despatch to The Times from Capetown says that Mr. W. P. Schreiner, the new Premier and leader of the Afrikanerbond, made a statement of the policy of the new Colonial Government to the Cape Assembly yesterday. The government, he said, would recognize the independence of the South African republics and work harmoniously with them, leaving an external relationship with them to be dealt with by the British High Commissioner, whom the Government would support in the development of South Africa.
The Government would also carry forward a bill for a new customs convention with the South African republics, and introduce a proposal for a contribution on the part of the colony to the British navy.

SECOND BATTLE OF MANILA.

And Again Americans Were Victorious—This Time Over Rebels.
London, Oct. 20.—The Madrid correspondent of The Times says: "Captain Anson, the Minister of Marine, has received a despatch from Manila, announcing a naval engagement between the Americans and the rebels, in consequence of Admiral Dewey's abandoning the latter to fly the rebel flag from their ships. The despatch adds that there were losses on both sides, but the Americans captured the rebels' ships. The scene of the engagement is not stated, but it is supposed to have been Manila Bay."

RUSSIA MAKES ANOTHER POINT.

Muscovite Regiment Occupies the Town of Niu-Chwang and is in Full Possession.
London, Oct. 20.—A despatch from Shanghai to a London news agency, says: "A Russian regiment occupied the town of Niu-Chwang, Province of Liao-Tung, and the forts at the mouth of the River Liaon on Oct. 15, thus securing complete possession of Niu-Chwang. The native troops fled without making any opposition, under orders from the Empress Dowager and Li Hung Chang."
"A British gunboat was in the river at the time. Her non-resistance is regarded as the virtual British abandonment of the whole of Manchuria to the Russians and gives Russia an invaluable strategic position. Great Britain is certain to lose the Niu-Chwang trade, of which it has had 80 per cent."

The Hong Kong correspondent of The Daily Mail says: The magistrate of the Si-Nan District, which includes most of the territory about to be annexed to Hong Kong, has applied to the Canton Government for troops to suppress an anticipated uprising against the British occupation. Many Hong Kongers, who are willing to bear arms have been enrolled.

MR. WYNDHAM GOT THE SIT.

Appointed to the Office of Under Secretary of State for War.
London, Oct. 19.—Mr. George Wyndham, Conservative member of Parliament for Dover, has been appointed Under Secretary for War, in succession to the Right Hon. William St. John Brodrick, recently appointed Under Secretary of State for Foreign Affairs, in succession to Lord Curzon, of Kedleston, the new Viceroy of India.
Mr. Wyndham, who is in his 36th year, is now reckoned to be one of the rising young men of the Conservative party. From 1887 to 1892 he was private secretary to Mr. A. J. Balfour and has been known as that gentleman's alter ego. He is an effective speaker and not long ago produced an admirable edition of North's Pictorial, in The Tudor Classics, edited by Mr. W. E. Henley. His wife is Lady Sibell Mary Lomley, youngest sister of Lord Scarborough and widow of Earl Grosvenor. He was formerly in the Coldstream Guards and served in the Soudan campaign and at Cyprus.

A Secret No Longer.

The secret history of the "La Reina" cigar factory, established in Mexico at the beginning of the Cuban war, has been given to the public. The "La Reina" cigars were in reality the product of one of the best known cigar manufacturers, he taking his supplies with him, making the cigars as they were made in Cuba, but using the delightful tobacco from the Mexican tobacco plantations. Few people would credit the assertion that Mexico could produce such high quality cigars.
The success of the "La Reinas" was so pronounced that it is the purpose to continue their manufacture. G. W. Muller has the sole agency for Canada. He says the average Mexican cigar is not to be compared for a moment with "La Reinas"—the cigar of exquisite flavor, mild and sweet. They sell 2 for 25 cents, or \$3.50 for a box of 50. Only a few Havana cigars equal them in flavor. In a few years the demand for "La Reinas" will be such as will double their selling value.
It is but another proof of how skill and quality command success. Outside the "La Reina" factory, Mexican cigars are not the equal of the poorest Manila.

ANOTHER DEATH BY FIRE.

The Victim Was Mrs. William Young of Kirkwall and the Scene in Beverly Township.
Galt, Oct. 19.—(Special.)—A fire attended with fatal results occurred on the Hector McCaig farm, 9th concession of Beverly, early this morning, whereby Mrs. William Young of Kirkwall received injuries which resulted in her death a few hours afterwards.
Mrs. Young and her 2-year-old child went to Mr. McCaig's yesterday on a visit, and owing to the disagreeable weather remained overnight. Early this morning Mrs. Young was found enveloped in flames near the door of her room. The child was lying in bed almost suffocated, and several articles in the room were in a blaze. The flames were at once extinguished and a physician sent for, but the poor woman never spoke, and died about 9 o'clock.
Mrs. Young, who is about 35 years of age, leaves a husband and three children.
How the fire started is a mystery.

THERE ARE LONG FACES IN THE OLD TOWN

Earl of Aberdeen Does Not Take Kindly to the Ballet Dancers.

Therefore Vice-Royalty Will Not Lend Its Presence at the Opening of Her Majesty's Theatre in Montreal—Rumor That Lord Strathcona Will Give Place to Sir Richard Cartwright—Montreal News.
Montreal, Oct. 19.—(Special.)—The Governor-General of Canada does not like the ballet girls, and for this reason Montreal society is greatly depressed. All have heard of Her Majesty's Theatre, which will be opened here on the evening of Nov. 7, amid a dazzling blaze of light and brilliant display of jeweled beauties. All the swells from sweetmeats were to be at the opening. Royal party has taken a box, and that their Excellencies would be on hand to grace the opening of the new theatre. The play for the opening night will be "The Ballet Girls," and it was expected by the management that Lord and Lady Aberdeen would come at the asking. However, the representative of Her Majesty's Theatre went to Rideau to invite the representatives of Her Majesty, and here the trouble began. Lady Aberdeen told the envoy that her husband did not take kindly to the performance of the ballet girls, and that consequently they would be obliged to withhold their patronage.
There are long faces in the old town to-night.
Will Lord Strathcona Drop Out?
There is a pretty well-accredited rumor about these days in Montreal to the effect that Lord Strathcona will soon resign the High Commissionership and be succeeded by Sir Richard John Cartwright. Many believe the story, although it is not felt that the change will take place before the end of the coming session of Parliament. It does not follow, however, that Lord Strathcona will return to Canada, should he decide to vacate his position.
La Patrie Wrong for Once.
Like all the newspaper organs, La Patrie is a well-posted journal. This evening Mr. Cartwright's paper declares that The Toronto News' article, advising a union of the English-speaking provinces against Quebec, possesses all the more significance from the fact that the editor and proprietor of The News is Mr. John Ross Robertson, Conservative member of Parliament.

Referring to the rumors of war between England and France, La Patrie says: Certain despatches seek to persuade us of the possibility of a war between France and England concerning Fashoda. We believe

VICE-REGAL PARTY AT WHITBY

Red Letter Day in That Town on the Occasion of Their Farewell Visit—Day Spent in Holidaying and Merry-making—Their Excellencies' Speeches—Left Last Night For the East—Evening's Program.

Whitby, Oct. 19.—(Special.)—Irreproachable weather and unlimited enthusiasm on the part of the townspeople made the occasion of the Vice-Royal visit to Whitby this afternoon a red-letter day in the history of the town. Flags and bunting were waved and fluttering on every side, the school boys were omnipresent and vociferous, representatives from all parts of the county were here to see what they could see, and the whole town, in a word, was given over to holidaying and making merry.

The occasion of it all was the acceptance by Lord and Lady Aberdeen of an invitation to include the Ontario Ladies' College in the list of the farewell visits they are now paying. Their Excellencies, accompanied by Lady Marjorie Gordon, and Capt. Thorpe, A.D.C., arrived from Kingston by the 2 o'clock train and were met at the station by dignitaries of the town and college, with a guard of honor of Collegiate Institute boys, marshalled and commanded by Capt. Henderson of the 24th Battalion. The whole party was at once driven to the college, while the cannon were booming a welcome, where they were charmingly photographed in the midst of a group of pretty girls on the steps of the college entrance.

The Governor's Arrival.
In the Town Hall meantime every school boy and girl within a radius of miles sat around the flags impatiently awaiting the Governor's arrival. They were in a state of tremendous excitement, for they had never seen a Governor-General before and they weren't sure just what he might be like or what he might do. At last, however, after what seemed like hours, he appeared. Mayor Rutledge, conducting the Vice-Regal party to the platform to listen to the addresses of welcome that had been prepared for them.

Seated on the platform also were Rev. Dr. Hare, Principal Ontario Ladies' College, Dr. Waugh, Lt. Barclay, Reeve Pringle, Rev. Dr. Dewar, Rev. Dr. McDiarmid, G. A. Ross, Warden Carnegie, Crown Attorney Farwell, J. A. Brown, Peter Christie, Manchester, R. S. Webster, Budora; W. C. Conithard, Oshawa; J. Burns, Rev. J. A. Broughall, Major Foreman, Port Perry; F. Hatch, Charles King, William Ross, Port Perry; A. Johnston, Pickering, and others.

Mayor Rutledge read and presented the address of welcome from the town, and James Carnegie, Warden, 124 of the county. Both extended the heartiest welcome to their Excellencies, coupled with regret for their approaching departure from Canada, setting forth also the praises of the district, especially in its educational and stock-raising aspects.

Lord Aberdeen's reply was brief and pithy. He had crossed the continent from east to west 12 times, he said, since he had become Governor, so he thought he was fairly well acquainted with Canada now. Loyalty to the Crown was a good thing at all times, prosperous as well as gloomy, and the loyalty of the Canadian people had impressed him profoundly.

What He Had Forgotten.
His Excellency had resumed his seat when a suggestion from Lady Aberdeen caused him to take the floor again. "Can any boy in the audience guess what I have forgotten?" he asked.

No one could for a time tell. At last it dawned upon one boy that perhaps it was a holiday His Excellency meant. The suggestion was then carried enthusiastically.

Two tiny tots, Daisy Jones and Bernice Meldrum, here came babbling forth in French with an immense bouquet, one of pale pink and the other white, and a cluster of mountain ash berries, sending a striking blot of color to the scene. The very simplicity of it all increased its aesthetic value.

Lady Aberdeen, during the afternoon wore a black satin gown with a small toque, ornamented with purple-velvet. In the evening Her Excellency appeared in pink dress with overskirt of black lace and black bonnet with pink roses.

Institute gymnasium, where a similar program was enacted. Their Excellencies taking a short drive through the principal streets of the town on the way over.

John Ferguson, chairman of the board of Education, read the address here, making special reference to Lady Aberdeen's interest in all matters educational and to Lady Marjorie's ventures in the literary world. Lord Aberdeen again replied with a few remarks on general culture and again requested a holiday, which was again granted amid general enthusiasm.

By special request the Countess of Aberdeen was induced to address the children. She spoke of her pleasure in visiting Whitby, Canada, because Whitby in the Old Country was a place well known and dear to her. She congratulated the town on its educational progress. Boys and girls whom she looked at the British flag must remember that it was the flag of a free country, and that they were growing up to bring honor to Canada. The meeting was brought to a close with the Maple Leaf and God Save the Queen.

THE EVENING PROCEEDINGS.

In the evening the Ladies' College had their Excellencies entertain, and as they had come to Whitby expressly as the guests of the college, this, as Lord Aberdeen remarked, was eminently as it should be. High tea was served in the College at 6:30, and a formal reception in the drawing room immediately followed.

At 8 the more important part of the program began. Dr. Dewar and Lady Aberdeen led the way from the drawing room to the concert hall, followed immediately by Lord Aberdeen and Mrs. Ross. Capt. Thorpe with Lady Marjorie Gordon, Dr. Hare, James Carnegie, Mayor Fowles of Oshawa, Mayor Rutledge and others. In the audience were noticed Messrs. D. Ormiston, J. Barnard, Judge Dartnell, Judge McIntyre, Rev. Abraham Broughall, McDiarmid, F. Howard, Ames, and others.

Dr. Dewar, the chairman, opened the proceedings with a splendid speech. It was a red letter day for the Whitby Ladies' College, he said, only marred by the absence of the president, Senator Cox.

Address to Their Excellencies.

An organ solo by Miss G. Ross came next, and then followed the most important part of the program, in the address of Lord and Lady Aberdeen from the Board and Faculty of the College. Mr. L. Barclay, vice-president of the College, presented it. It spoke, in addition to its clause of welcome, of the Vice-Royal visit to Whitby, briefly outlining the history of the College, and confidently alluding to its present state of progress.

Lord Aberdeen answered very fully in reply. The externals of the College particularly attracted him, and that he argued a healthy state within. The chief emblem in the Gordon crest, he took as particularly graceful. Lord Aberdeen, concluded with an enthusiastic reference to Senator Cox.

After a solo by Miss Edith Hill, a beautifully illuminated address was read to Lady Aberdeen by Miss Ross and presented to Her Excellency by Miss Hill.
