ly brought down in the British Columbia Legislature. Among the requests made by the representatives of Trail Creek are:

First, the construction of a wagon road

from Rossland to Gladstone via Sheep

Lake, to help open up direct communica-tion with the Boundary Creek country, and

to cost \$17,000. Second, a road to connect Santa Rosa and Sophia Mountain via Big

Sheep Creek, to cost \$3000. Third, the re-building of the trail from Beaver City, on

the Nelson and Fort Sheppard Railway, to Pend d'Oreille, via Fifteeu-Mile Creek, to

cost \$15,000. Fourth, for a court house for

Rossland, to accommodate all the Provincial officers for Trail Creek, Fifth, funds for the maintenance and repair of roads in and around Rossland. Sixth, a continuation

Rossland also asks for the appointment

of a Government agent in the person of the

of a Government agent in the person of the Gold Commissioner of Trail Creek, who should be relieved of the duties of Mining Recorder by the appointment of somebody else for that position, the Mining Recorder to also perform the duties of assessor and collector for the division.

An asking for the above favors, the Rossiand people point out that during the last inaucial year West Kootenay contributed one-fifth of the entire Provincial revenue of British Columbia, and that Trail Creek contributed more than any other division. The B. C. is to be operated on a large scale. Until the new plant purchased by the company arrives, 16 men will be employed in development work from the old shaft. The company have purchased a large plant from the Ingersoll Sergent Company. The plant includes a 30-drill compressor, a hoist that can be used to a depth of 1000 feet, and two steel cages. The plant is not expected on the ground for some time yet. When it is installed a new working shaft will be sunk. It will have three compartments two of which will be 4 feet 6 inches square and the third 4 feet 6 inches by 3 feet 6 inches. It is the futention to sink this shaft to the 1000-foot level. In addition to the above, the company has for anyone but a regular registered veteroperations on animals. In many places in the province men who are not qualified veterinaries have been practising, and Mr. German's amendment will render them hable to a fine of from \$5 to \$25.

Must Put Up Costs. Ask. Bld.

Must Put Up Costs.

Mr. Brower (East Elgin) will shortly introduce a bill providing that any person beginning a, suit for damages against a municipality shall at first put up a necessary amount of money for costs. This is to prevent irresponsible people from entering suit against municipalities and forcing the payment of costs on to the corporation whether it is Hable or not. Any person commencing suit and not deposling costs will, if this bill is passed, be required to appear before a judge, who will decade whether or not the case shall go on.

Maintenance of Ronds.

Several places in the province are pet'tioning the Government for assistance in maintaining the roads. These places urge that, as they have to keep up the county buildings and bridges, the province should help with the roads. Massachusetts spends \$600,000 per annum on roads. New York State pays one-half and Connecticut a third of the expense of keeping up county roads.

The Smallpox Scourge. The Provincial Health Department is investigating complaints that have been made to the effect that the vaccination officers in East Hawkesbury are not properly attending to their duties. The smallpox palents along the St. Lawrence are progressing favorably.

Want Government to Help. Sudbury municipal authorities are endeavoring to induce the Government to pay part of the expense which was caused by the recent diphtheria outbreak in the lumber camps.

German Instead of British Steamer.

London, Feb. 12.—It would seem that a great surprise has been created by Sir West Ridgeway, Governor of Ceylon, coming home to this country in the German Steamer Barbarossa, instead of on board a British liner, of which many call at Colombo. The surprise is all the greater, as Sir West Ridgeway is a strong supporter of Imperial rederation and the knitting together of the cotonies and the Mother Country for trade purposes. But he has explained, and the indignation is turning in another direction. Sir West Ridgeway is very fond of a particular dog, and the only may to bring him to England in comfort was to avoid the English passenger steamers.

Thesday, and it is expected that the committees will begin their labors on Wedneshay.

Hon. Mr. Gibson is expected here this week to assume his duties as chairman of the Private Bills Committee.

## Big Bend B. C. and Republic Stocks.

It's an easy thing to do business when one has the right kind of stocks to dea' in. People are beginning to find out that my words are coming true. Dundee HAS advanced; Fairmont ALSO. Monarch has just struck a nice body of ore, while CARNES CREEK CONSOLIDATED (Big Bend Country) is a bonanza, addeed. Then in Republic Camp (Wash.) a great strike has taken place contiguous to the REINDEER Group and the JUMBO, and the chances are that these two stocks will see an early advance. An assay of \$1000 per ton speaks for itself. Republic Camp is a wonder. There are mines there with enough ore in sight to pay dividends for years to come. What is wanted is machinery on the ground to treat the ore, and this will soon be forthcoming. Write or call for

1-My up-to-date Ymir Notes.

2-Particulars of Carne's Creek Consolidated Proposition (average assays \$58.00 in gold per ton), samples from the rich 10-inch pay streak yielding \$200.00 SIR SANDFORD FLEMING, C. E. K. C. per ton all in gold.

3-My Republic Notes and Selections.

Mining is looking up generally, and, as there is so much talk of an alliance between the British Empire and the States, why should not the investor show his practical sympathy and belief in such a desirable state of things by investing in the great gold mines of America? Let the cynic answer that.
