Heavy clay, well underdrained.

LEEDS—

Bartlett.....	Large.....		September.....	Best.....	5	5			5	5
Flemish Beauty.....	Large.....		October.....	Very best..	5	5	5	5	5	4

DUNDAS AND STORMONT—

Bartlett.....	Very large.....		August.....	Very good..	3		5			
Doyenne D'Ete.....				Very good..						
Flemish Beauty.....	Large.....	Yellow.....	September.....	Best.....	5	5	5		5	

Grows good, bears every year; on the whole, the best for this section.

CARLETON AND OTTAWA CITY—

Flemish Beauty.....										
---------------------	--	--	--	--	--	--	--	--	--	--

The only pear that has been fruited, and it is too tender for this climate.

RUSSELL—Pears have been fruited, but soon die after bearing; climate too severe for this fruit.

LANARK—No pears grow here.

RENFREW—As yet we have found nothing hardy enough.
