Turf Gossip. HUCKEY JUBILEES 5, SOUTH LONDON 0.

Another game of the city championship series was played in the Jubilee rink last night between the South London and Jubilee clubs. The game was a pretty exhibition of hockey, but was too one-sided to afford much interest to the spectators. For two halves of 20 minutes each the teams battled, the struggle being marked by some fine team work, especially by the Jubilees. The South London boys were, however, playing an uphill game, as they were handicapped in having only three of their own men.

When the referee's whistle was sounded for the puck-off, the Jubilees rushed the puck to their opponents' defense, and after some fast and furi-ous rushes succeeded in scoring their first goal in five minutes. Another quickly followed, in four minutes, and just before half-time the Jubilees again succeeded in putting the rubber through the South London defense, eaving the score at half-time 3 to 0. In the last half the teams were not so aggressive, and it was fifteen minates before either scored. At this point Stinson goaled, and Cook followed with a goal for the Jubilees, leaving the Jubilees the victors by a score of 5 to

BASEBALL. VON DER AHE JAILED.

Pittsburg, Pa., Feb. 8 .- The Pittsburg Dispatch this morning publishes a telegram from a staff correspondent, dated St. Louis. Mo., saying that Chris Von der Ahe, the baseball magnate, was taken into custody there last evening by a Pittsburg detective, on a judgment given by the courts in the suit brought by Mark E. Baldwin, the baseball pitcher. The kidnapping of Mr. Von der Ahe, for it is such, in the true meaning of the word, will no

WANTS TO BE MANAGER. Secretary Frank Nichol, of the St Thomas Baseball Association, has received a letter from Mr. J. F. Shirtse, applying for the position of manager of the proposed International League team in St. Thomas. Mr. Shirtse would also play second base, and his terms are moderate. Austin, Texas, has made him an offer, but he wants to come to Canada. Boundary Dispute Between Canadian and U. S. Officials-Tragedy at Skaguay-Notes From the Gold Region.

[C. P. R. Special to The Advertiser.] Ottawa, Feb. 8.-United States customs regulations for goods entering at United States ports for the Yukon have been received here. They show the obnoxious system at Dyea and Skaguay against which Canadians have been complaining have been abandon-ed. New regulations provide that British goods can be transhiped under customs supervision at St. Michael. Goods can be transhiped on the river if necessary.

At Wrangel goods can be transhiped

Regulations for Dyea and Skaguay provide that British goods can be transhiped over the passes by certificate. When goods arrive at either of these ports the owner or person in charge is supplied with a certificate upon his depositing a price equal to the duty, which will secure to him a refund of duty on goods reaching Canadian territory. If goods are carried by transportation companies they can be shipped over the passes in bond.

A BOUNDARY DISPUTE. on the portage between Lindermann and Lake Bennett, on territory claimed by the United States, with the evident tion is, in effect, to move the boundary line four miles into United States territory, making another complication in the international dispute. "McLeod and Sullivan, who occupy the land between the lakes, claim it in entirety under grant from the Canadian government. The distance is about three-fourths of a mile, and on the east side are four officers of the Canadian customs service. The Americans claim that the boundary line crosses Lake Bennett four miles north of this point, commonly spoken of as the Head of the Lake, or the Portage, He was to have been married in Mead- and I write particulars for advice, whether you think it advisable to resist the payment of duty here. As the business men at the Portage will be Americans, with scarcely an exception, we are exceedingly desirous of being declared on American soil." The chamber of commerce advises

McGrath left the saloon and got J. M. Rowan, the United States deputy marshal, to go back with him to obtain satisfaction. Fay shot them both when they entered—McGrath first and then Rowan. Both men died shortly afterwards. Fay was given up to a citizens' committee. To the marshal's wife a child was born two hours before her husband was killed. A fire occurred at Juneau court

QUITTING DAWSON. Juneau, Alaska, Feb. 1 (by steamer City of Seattle, Victoria, B. C., Feb. 5). -A stampede from Dawson is imminent. The news was brought out by party of about a dozen men who reached Skaguay on Jan. 28, several of whom had reached there by a small steamer the evening of the same day. Among them were George McKenna, of Douglas Island, who has been in the Yukon for two years. He also states that a number of very rich new strikes have been made. Four men in the party left Dawson as late as Dec. 26. A party of 24 men left Dawson on

Two new creeks have been discover ed. One is in the Klondike district. Here the ground shows forty cents to the pan, with seven feet of pay dirt to work. The richest creek is in the In-dian River district in the same vicin-

ity. Eighty cents a pan was found in this district a few inches below the surface, with bed rock many feet below. There was a stampede to the Ian River district as soon as the discovery became known. It is now generally conceded that the winter's clean-up will not be more than \$10,000,000. The Coquitlan passed 20 steamers bound for Skaguay. It is reported that Skaguay is already overcrowded and that work is scarce. NOTES.

The Polson iron works, Toronto, has secured the contract from an English syndicate for the building of a steamer to be used on the Yukon River. She will be a stern-wheeler, 45 feet long, 19 feet beam, and will draw only 15 inches of water. Some of the South African miners have reached Dyea. They originally came from Australia. The cold is felt very much by these fellows, but they are undeterred, and their number is
