OTTAWA, July 30 .- (Canadian Press.) -On account of representations made through various organizations, in Ontario, the Government has decided to postpone the date for holding the referendum vote in the province of Ontario until Monday, April 18, 1921. The date originally set for taking the vote in Ontario was October 25 next. The present postponement has become necessary in order that the Ontario voters' lists may be

thoroughly revised and brought to date before the vote is taken. By the legislation passed by the House of Commons on June 28 last, special provision was made for taking the referendum vote in Ontario, as there were in that province existing provincial voters' lists, which had been prepared and used in the provincial election of October, 1919. It was therefore provided in the franchise act that the provincial voters' lists of 1919 in the province of Ontario should be used without revision for any vote in that province taken before the 31st of December, 1920. The provision applied solely to Ontario, because Parliament felt that the lists in Ontario were so recent that it would be both unnecessary and unwise to go to the expense of revision. However, it has now been pointed out that the provincial lists of Ontario are by no means satisfactory, and that if they are used for the purpose of the referendum vote the result may be the disquilfication of a very large number of electors, and particularly of returned soldiers. Various organization in Ontario have objected to the use of the lists for the referendum vote without revision.

At the time the voters' lists for the provincial election were compiled there were in the different parts of the province of Ontario many thousands of re-

Dear Sir,—Inclosed is copy of resolution unanimously adopted by the managing committee of the Dominion Alliance and which I am requested to forward to you. May I say that this was not adopted without very serious and careful consideration of the whole situation, and while we appreciate the state of last session to provide for revision of the lists in Ontario. The necessary proclamation of the taking of the vote was issued to province where the vote is to be taken; but the date of voting in the province of Ontario will be changed from 25th October next to 18th April, 1921. It is only in the province of Ontario that a change of date will take place. In all other provinces affected polling will take place on October 25, as originally fixed. "It's not a very promising beginning for a new government in respect to advanced legislation," Dr. Chown said.

"It will occasion a great deal of disappointment. Everything in the campaign was going forward nicely, and now the plans will be all upset."

We would, therefore, urge upon you the desirability of providing an adequate and up-to-date list.

The section further provides that this list is to be used without any revision. The fact is that at the time this list was compiled for the provincial elections there were in the city of Toronto, in different hospitals, a large number of soldiers whose real place of residence was in various parts of the province and who were placed on the voters' lists in Toronto, under special provisions made for them.
