A working Gif's Life

Day in, day out, month after month, she toils. Often she is the breadwinner of the family, and must work that others may live. Rain or shine, warm or cold, she must be at her place of employment on time. A great majority of such girls are on their feet from morning until night, and symptoms of female troubles are early manifested by weak and aching backs, dragging down pains, headaches and nervousness. Such girls are asked to try that most successful of all remedies for woman's ills, Lydia E. Pinkham's Vegetable Compound, which for more than forty years has been giving girls strength to do their work.

Member of Bar Admits H Was Responsible For Act.

Quebec, Oct. 28.-By the Canadia! [Special to The Advertiser.]

KINGSTON, Oct. 27.—It was learned today that a carload of Government property stolen from the penitentiary was returned to that institution on Monday as a result of the work of detectives investigating the case of Government property being carried out of the penitentiary by officials. It is stated that the goods had been purchased by a local second-hand dealer, who has been under the eye of the detectives for several weeks, and who has, it is understood, decided to give evidence on behalf of the crown. It is said that evidence is being gathered in several charges which will be laid shortly.

Press.—The British flag was flying al half mast at the Quebec court house of Tuesday as a tribute to the late Lot Mayor Terence MacSwiney. Nobod seemed to notice the flag until about noon, and a citizen hastened to Sheri, Blondin's office to inquire if any of the land was at half mast, and made a hurrie inquiry, but was unable to find out which tampered with the flag. It appears that later in the day a member of the bar, who loves a little joke, admitted to his friends that it was he who had lowered the flag to half mast.

WHEN WAR ENDED

LONDON, Oct 27.—(Canadian Associated Press.)—Asked in the House of Commons today for an official date of the end of the war, Right Hon. Andrew KINGSTON, Oct. 27.—A complete investigation has been carried out by the authorities regarding the reported ind of explosives and firearms as reported in the sensational story sent out from here by the Canadian Press. The Advertiser representative was informed tonight by one in authority that the only thing which was found in the prison was a small can of nitric acid, and that this acid had likely been used by some of the convicts who were engaged in doing some soldering work around the prison.

LONDON, Oct. 27.—(Canadian Associated Press.)—Asked in the House of Commons today for an official date of the end of the war, Right Hon. Andrew Bonar Law. Government leader, sail it would as nearly as possible correction with the Turkish and Bulgaria treaties, by Great Britain, which are the only ones outstanding.

It was stated that there are at the present time 100,000 troops in Mcsopotamia.

MEDAL FOR SCOUT

KINGSTON TOO HIGH

KINGSTON, Oct. 27.—Producers' milk prices are far higher at Kingston than in Western Ontario. A dispatch from Ingersoil stated that the price at Beechville had been fixed at \$2.40 per cwt. The price in Kingston has been fixed at \$2.40 per cwt. The price in Kingston has been fixed at \$3.60, and the people here are asking why, if the farmers at Beechville can nake a good profit at that price, should the farmers of the Kingston to the control of the c
