

The strongest economy in this country is the public ownership of the electric power system, said J. H. McMillan, president of the Ontario Electric Power Commission, in a speech before the Ontario Electric Power Association at the annual meeting of the association at the Hotel Windsor last night.

Mr. McMillan said that the electric power system is the only one in the world which is owned and operated by the public. He said that the public ownership of the electric power system is the only one which has been successful in the world. He said that the public ownership of the electric power system is the only one which has been successful in the world.

The abattoir managed, and the material prospered, the chief cause of the economy was the fact that the abattoir was managed by the public. He said that the public ownership of the electric power system is the only one which has been successful in the world.

London, Dec. 28.—The Manchester Guardian regards the German peace offer as an attempt to end her losses, and the terms would leave her with full liberty to start again on the old game. The newspaper believes that the failure to deal drastically with the two open shores in international sovereignty, namely, Alsace-Lorraine and Turkey, is the chief vice in the proposal.

VICTORY LOAN

Payments due on January the 2nd may be made at any time to and including January the 11th. Scrip Certificates will be delivered in exchange for payments then due. Payments due January the 2nd must be made at the Bank branch mentioned in the application.

The extension of time to January the 11th is given for the convenience of subscribers and Banks so that subscribers will not be unduly detained waiting their turn at a Receiving Teller's wicket, as would most likely be the case if all payments had to be made on one day only. Subscribers should not wait until January the 11th, or a day or so before and thus create the situation sought to be avoided. In every case, interest at the rate of five and one half per cent per annum from January the 2nd must be paid if payment is not made on or before the 11th.

For the convenience of subscribers, by arrangement of the Canadian Bankers' Association, Banks will remain open on the evenings of Thursday and Friday, January 3rd and 4th, and on the afternoon of Saturday, January the 5th. Evening hours 7.30 to 9.30. Saturday afternoon from 2 until 6 o'clock.

It has been brought to the attention of the Finance Department that a considerable number of subscribers, who have deposits with Banks, are under the impression that their Banks will take care of their January payments by automatically debiting their accounts with the necessary payments. This is incorrect. Each and every subscriber must personally arrange for these payments.

T. C. BOVILLE,
Deputy Minister of Finance.

CHURCH MEETINGS CUT ATTENDANCE

Colored People Hear Candidates in the Musicians' Temple.

There are no great "myrrours" to speak of at the mass meetings of colored citizens which convened last night at the Musicians' Hall on University Avenue. The meeting was held in the hall of the Musicians' Temple, and the attendance was not as large as in previous meetings. The meeting was held in the hall of the Musicians' Temple, and the attendance was not as large as in previous meetings.

ATTEMPT OF ENEMY TO END HIS LOSSES

Manchester Guardian Regards German Peace Offer as Not Promising Enduring Peace.

London, Dec. 28.—The Manchester Guardian regards the German peace offer as an attempt to end her losses, and the terms would leave her with full liberty to start again on the old game. The newspaper believes that the failure to deal drastically with the two open shores in international sovereignty, namely, Alsace-Lorraine and Turkey, is the chief vice in the proposal.

PORT COLBORNE NOW TOWN

Port Colborne has passed out of the village class and has become a town, according to notice received from the Ontario Municipal Board yesterday. The population is about 2,650 and that is enough to warrant the change. Election of officers for the new municipality will be held January 15 and those nominated for village honors will have to resign.

BARBER IS SENTENCED

Joshua Swan, a barber, 155 Rossvalles avenue, was sentenced to one year in the Ontario Reformatory by Magistrate Denison yesterday for "making statements likely to injure the public peace." Many witnesses testified to having heard Swan make such remarks.

ARRESTED AT NIAGARA

Sophia Mimlich, 176 Chestnut street, was arrested yesterday in Niagara Falls at the request of the Toronto police. She will be brought back to Toronto where she was employed. Peters was caught with the tools in his possession by the detective. He will appear in the police court this morning.

CAUGHT WITH TOOLS

Andrew Peters, 1224 Dundas street, was arrested last night by Detective Hazlewood on a charge of theft from the Willows-Overland Motor Car Company. Peters was caught with the tools in his possession by the detective. He will appear in the police court this morning.

SEVEN YEARS' TORTURE

Nothing Helped Him Until He Took "Fruit-a-tives."

Albert Varner, 3111 St. George Street, Toronto, writes: "I suffered from indigestion and constipation for seven years. Nothing helped me until I took 'Fruit-a-tives.' I feel better now and my health is restored."

PLAYS, PICTURES AND MUSIC

"Old Lady 31." The natural feelings of a superannuated sea captain relegated in his impetuous helplessness to an old lady's home, with no other companionship than that of three solicitous old ladies, provide most of the fun to be found in Rachel Crothers' new comedy, "Old Lady 31," which comes to the Royal Alexandra next Monday.

Logical Dyspepsia Treatment

Importance of Eliminating Acidity and Food Fermentation.

During the past two or three years there has been a frequent appearance in the press of articles concerning the remedy of dyspepsia by the use of a certain food product. This product is a natural food product, and it is the only one of its kind. It is the only one of its kind. It is the only one of its kind.

SEE NEW FUEL MADE

Will Take Special Car to Colorado to See How Garbage is Made into Useful Fuel.

The Canadian Nu-Fuel Co., Limited, with offices in the Royal Bank Building, claims to have a process now in operation in the United States whereby city garbage, manure, street sweepings, etc., through a process of fermentation, sterilization and applied carbon and dust, can be made into a fuel product worth nearly \$1 a ton, but which the company proposes to put on the market at from \$6 to \$7 a ton. It is claimed for this fuel that it is free from soot or clinkers and leaves little ash.
