TUESDAY MORNING JULY 31 1917 .

ANOTHER HOT DAY MAY BE EXPECTED

Weatherman Holds Out No Hope for Amelioration Today.

The highest temperature of any point in the Dominion of Canada was recorded in Toronto yerterday, where the mercury seached an altitude of 98 degrees. Thruout Ontario the heat wave continued with varying intensity, the maximum at Port Arthur being 88 degrees, at Parry Sound 96, at London 96, at Kingston 84, at Ottawa 96 and Montreal 92. In the west, and particularly along the Pacific coast the temperature has moderated and deligatful weather was experienced. Showers foll in the provinces of Quebec and New Prunswick.

ers fell in the provinces of Quebec and New Brunswick.

In Toronto the heat wave continued its unwelcome attentions with "unabating force. The sun shone with tropical intensity from a cloudless sky, and the sweltering populace found no relief from the slight breezes which, blowing from the heated loud, tended rather to aggravate than relieve the situation. Nor does the weatherman offer any relief for today. "Fine and very warm" is the unwelcome prediction that he has handed out, and he does not indicate that the situation may be relieved in the near future. Thus citizens of Toronto and southern Ontario generally are forced to resign themselves to another scorching day.

southern Ontario generally are forced to resign themselves to another scorching day.

The maximum temperature recorded at the meteorological office yesterday was 38 degrees, reached between 2 and 4 o'clock in the afternoon. This temperature did not establish a record for the present season, as the mercury attained the same alittude on Sunday. The mercury begar to climb early in the day. At 8 a.m. it registered 85 degrees, and at noon 33 degrees. Heat records of past years were menaced and speculation was rice among the more optimistic that a record for the present year, at least, would be established. At 2 fo.m. the mercury stood at 97, and at 4 b.m. was back to 30 again. But during the two hours it reached its highest point of 98, and it was then that the prophecies of new records became general.

Perhaps the suffering resulting from the heat was even greater yesterday than for the day previous. The offices, shops and factories were furnaces, and the thousands confined within the restraining walls thought longingly of the lakeside and the green grass and the woods, where they had passed Sunday and found much pleasant relief. On the street if was no better. The yielding pavement absorbed the heat of the sun's rays and radiated it out. with scorching intensity to the discomfort of pedestrians and animals. Coats were shed and Palm Beach suits were much in evidence. At closing time the waterside was the popular rendezvous, and a hôt, sultry evening was passed in comfort by those who had been forced to tend to business during the day.

Dr. Hastings, medical health officer, has siven out the following advice, which

been forced to tend to business during the day.

Dr. Hastings, medical health officer, has given out the following advice, which he advises should be followed during hot weather: East lightly and make the food diet chiefly fruit and vegetables. Cut out meat entirely and drink plenty of water. People should limit themselves to water and buttermilk, the latter being a very good drink in hot weather. Everyhody should wear as little clothing as the law allows.

FLOATING DRYDOCK NOW IN TORONTO BAY

Boats Previously Sent to Kingston May Now Be Repaired in Port.

The necessity of sending ships away from Toronto herbor for repairs requiring dry-docking has been obviated by the arrival of a lloating dry-dock, which entered the bay on Saturday afternoon, to the accompaniment of salutes from every steamer in the harbor.

The large wooden structure was built recently at a cost of between \$50,000 and \$60,000, and was purchased by the Toronto Dry-Dock Company, composed of John E. Russell, a Toronto contractor, who is doing a large proportion of the harbor improvement work, and building several wooden freighters; Lawrence Solman of the Toronto Ferry Co.; C. S. Boone, Toronto; Captain John J. Manley and H. Dickson of St. Catharines.

The new dry-dock, which is gladly welcomed by marine men, will be located in the harbor commissioners' section of the Don division, within five hundred feet of a site occupied by the early days of the port by a graving-dock operated by the now defunct Toronto Dry-Dock Co., of which ex-Mayor Boswell was head.

The dry-dock was towed to Toronto via Green Bay, Sturgeon Bay Canal, Lake Michigan, Lake Huron, St. Clair River, Lake Erie and Lake Ontario, a total distance of one thousand miles. The weather conditions were ideal during the entire trip, and the two towing tugs, under command of Captains Dick Fisher and Fred Clark, alternated between towing and coaling at the nearest port. In this manner several days were lopped off the time allowed for bringing the dock to Toronto.

John E. Russell said yesterday that the

ronto.

John E. Russell said yesterday that the floating Jry-dock was in the nture of an experiment, and, should it prove a success, the company will construct a modern steel floating dock similar to those on the upper lakes, which will accommodate canal-sized freighters and vessels of the larger types. The present one will take steamers up to the size of the large ferries. Application will be made to the Dominion marine department for a bonus, such as is given to the dry-docks at Col-Dominion marine department for a bonus, such as is given to the dry-docks at Collingwood and Port Arthur.

The new dock fills a long-felt need, and will make it unnecessary to send the larger vessels to Kingston for repairs.

KAPUSKASING COLONY FOR RETURNED SOLDIERS

Twenty-One Have Left Farm School at Monteith to Settle In New Colony.

C. F. Bailey, assistant deputy minister of agriculture, stated yesterday that twenty-one of the returned soldiers had been removed from the school at Monteith to the Kapuskasing colony farm where twelve dwelling houses for their accommodation were practically completed and eighteen under construction. The men, still at Monteith will leave for the colony farm in the course of ten days when other returned soldiers would be se lected in Toronto to take their places He added that one carload of horses which the government had sent to depots at New Liskeard and Monteith had been sold at cost to the north in the near future.

HIGHWAY DRAINAGE

Toronto-Hamilton Commission Submits Two Proposals to Meeting.

Should no further effort be made by either the Humber Bay ratepayers or the Toronto-Hamilton high com-mission, it seems certain that the new section of the Toronto-Hamilton highway, between the Humber River and Mimico, will have an open ditch as in the outlying sections, and

to bother most of the Humber man, and altho the opposition to the commission's plan was not unanimous, still, when W. H. Brown moved for its adoption he could not get a seconder.

Want Open Drain.

The majority wanted an open drain and O. L. Hicks, who led the attack on the proposed plan of the commission. desired to have the cost charged up to the whole system. Some even scordate Covernment for tearing ed the Ontario Government for tearing up their road, and not replacing it. Seeing that there was no unanimous opinion for either plan, the officials of the commission dropped the discussion. To a reporter for The World, Mr. Gooderham stated that it is a mandate to go ahead with the road on the old plan, altho the improvement he suggested would ultimately have to come and be paid for by these same people, who are opposing it.

The government planned, he said, to also the works commissioner that Soudan avenue is to be paved, and the contract has been let for the work from Yonge street to Mount Pleasant road. It will be remembered that, according to a statement made by Commissioner Harris to Alderman Beamish last Saturday, it lay between Soudan avenue and Manor road, as there are

who are opposing it.
Will Discuss It. Reeve Charles Silverthorn and Ste-phen Barratt, clerk of Etobicoke Township, were also present, but expressed no opinion, other than that the matter would be discussed at the next counci

meeting.
As the proposed scheme is of vital importance to the community, a last-minute suggestion of a petition was mooted, in order that a final effort be as possible. It may be circulated.

BIRCHCLIFFE RATEPAYERS ASK BETTER CAR SERVICE

Decide to Petition Ontario Railway Board to Compel Company to Improve Schedule.

At the regular meeting of the Birchcliffe Ratepayers' Association last evening, the chair being taken by A. H.
Mitchell, president, a resolution was
adopted to petition the Ontario Railway Board to compel the Metropolitan
Railway Co. to give a better service on
the Kingston road on Saturdays, Sundays and holidays, as at present on these
days the service is very bad. The final
arrangements were also made for the
holding of the annual picnic at Mitchell's grounds at stop 19.

PASTOR TAKES VACATION.

Rev. Peter Bryce, pastor of Earlscourt Central Methodist Church, and Mrs. Bryce leave on Wednesday for a two weeks' holiday at Port Carling, Ont. Rev. Mr. Bryce will occupy the pulpit at the Port Carling Methodist Church during his viait.

REV. ARCHER WALLACE ILL. Residents of Earlscourt will learn with regret that Rev. Archer Wallace, M.A., pastor of Berkeley Street Methodist Church, is seriously ill with pneumonia. Rev. Mr. Wallace was for many years assistant pastor at Earlscourt.

AUTO HIT MOTORCYCLE.

Charles Matthews, Holmsdale crescent, Fairbank, received injuries to his leg, and his motorcycle and sidecar were dam-aged to the extent of \$100 in a head-on collision with an automobile on Dufferin street, near St. Clair avenue, last Satur-

ded that one carload of horses the government had sent to epots at New Liskeard and had been sold at cost to the Another carload will be sent the near future.

Mr. and Mrs. Harrington, North Caledonia avenue, have received official notification from Ottawa that their son, Pte. John Harrington, C.E.F., is reported missing at the front. Much sympathy is expressed in the section with the parents, who are old residents and greatly respected. Another son, Pte. George Harrington, was recently reported killed in action. The family are members of Earlscourt Central Methodist Church, Ascot avenue.

EARLSCOURT PICNIC.

The annual picnic of the teachers and superintendents of Earlscourt Methodist Church took place yesterday to Centre

is a Toronto girl and is the daughter of the late Christopher Robinson, K.C., of Beverley House, whose brother was the Hon. John Beverley Robinson. She graduated in arts in the year 1904 from Trinity College. Her mother, Miss Christopher Robinson, is now engaged in war work in England.

Church took place yesterday to Centre Island.

The chief feature of the proceedings was the lean men's race, the result being as follows: 1, J. Snashall; 2, Rev. Peter Bryce: 3, Cyril Dyson, the latter being subsequently disqualified for unstated reasons. Refreshments were served and ideal weather prevailed thruout.

TWO MYSTERIOUS FIRES AT RICHMOND HILL

Barn of J. Johnston Totally

Destroyed and That of Arthur Ellson Damaged.

Two fires of mysterious origin occurred at Richmond Hill yesterday. The first was at the barn of J. Johnston, just below the town between the second and third concessions, which broke out in the afternoon, and despite the strenuous efforts of the neighbors, the barn was practically destroyed. The other fire broke out about eleven o'clock last night in the barn of Arthur Elison, on the second concession at Markham, and considerable damage was done. The exact amount of damage done in both cases could not be ascertained.
