H. STEINSON & CO., BISCUIT MANUFACTURERS & CONFECTIONERS, MONTREAL

Finding our present premises on Inspector Street much too small for our rapidly growing business, we are now building (November, 1883,) a very large Factory at Nos. 16, 18 and 20 St. MONIQUE STREET, off St. Antoine and near Craig and McGill Streets. The superficial area of the floors of our New Factory will be 43,400 square feet, or about equal to an acre in extent.

We expect to move into our new premises early next spring.
We manufacture full lines in

BISCUITS AND CONFECTIONERY.
