The well known safety of these Steamers and the fast trips they have regularly made, combined with their very superior accommodations, makes their proprietor feel confident that they will receive the best share of public patronage. They are commanded by two gentlemen who have been long and favourably known to the public, and who are the most experienced captains in the trade. Each hoat is fitted with powerful Marine Engines and new Boilers, all under dock, and managed each by two experienced Engineers.

Since these boats started they have made their trips much quicker and with more regularity than any other boats on the route.
