THE EVENING TIMES AND STAR, ST. JOHN, N. B., SATURDAY, FEBRUARY 17, 1917

"I FEEL LIKE A NEW BEING'

"FRUIT-A-TIVES" Brought the Joy of Health After Two Years' Suffering.

MADAM LAPLANTE.

35 St. Rose St., Montreal, April 4th.

"For over two years I was sick and miserable. I suffered from constant Headaches, and had Palpitation of the Heart so badly that I feared I would die There seemed to be a lump in my stomach and the Constipation was dreadful. I suffered from Pain in the Back and Kidney Disease.

"I was treated by a physician for a year and a half and he did me no good at all. I tried "Fruit-a-tives" as a last resort. After using three boxes, I was greatly improved and twelve boxes made me well. Now I can work all day and there are no Headaches, no Palpitation, no Heart Trouble, no Constipation, no Pain or Kidney Trouble and I feel like a new being—and it was "Fruit-a-tives" that gave me back my health."

MADAM ARTHUR LAPLANTE. 50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-served that gave me back my health."

To the Editor of the Times:

Sir,—I have been advised by the department that it would be well, through

OPPOSITION CANDIDATES GIVE PLEDGES

W. E. Foster has answered the fol-lowing questions favorably to the Tem-perance Alliance. All the Opposition ndidates have done likewise: DOMINION TEMPERANCE ALLI-

ANCE. Fredericton, N. B., Feb. 7, 1917. Dear Sir,—The following pledge is being submitted to all candidates seeking lection to the N. B. Legislature. We trust you may see your way clear in the public interest to sign the pledges and return as early as possible, not later than Wednesday, February 14, to Rev. W. D. Wilson, general secretary, Predericton (N. B.) DONALD FRASER,

(On behalf of the Alliance.)

1. Will you, if elected to the Legisla-

Sir,—I have been advised by the press, to call attention to the matter of bogus subscription agents. This is something that interests journalism, as well as it does the public at large. Some time ago, a man, purporting to represent the Canadian Subscription Co., operated in the west, and obtained subscriptions for well known magazines. Postmasters received complaints, and the department was advised on this matter, but before the police could take action the party had escaped to the United States. There were several agents connected with this fraud, but the most active agent, and the one the police were after, was known as R. R. Reade. Recently the department has evidence that this kind of fraud is being revived, so I think it well to put the press and the public on their guard against the operations of any such party.

Unfortunately the public appears to be only too willing to pay with its money to persons of an engaging address who offer subscriptions to well established journals and magazines at The precursor of the Grip is lassitude rates far below regular prices, on account of a small cash payment in advance. To all who are thus approached I would advise that they have nothing to do with

DECLARES THAT SPORT SYRUP OF FIGS IS NOT UNPATRIOTIC New York, Feb. 14-There is nothing

unpatriotic in men indulging in or watching others participate in sport during time of national tenseness. In fact, even with military preparations going on, there is need for wholesome recreation for citizens of the country. Minds bent on serious work need antidotes to ease on serious work need antidotes to ease the strain.

During the Spanish-American war not

only baseball, but racing, tennis and all other sports went on. Unless things assume a much more dangerous aspect, as to actual military operations, there is less reason for actual military operations, there is less reason for curtailing sport now than less reason for curtailing sport now than there was in 1898.

Canada has been pretty thoroughly in the European war since it began. Thousands upon thousands of citizens of the Dominion across the border have been killed and wounded. More thousands are still in active service and still more being drilled and made ready.

Despite these facts, two things should be noted. Toronto was one of the best paying cities in the International Base-paying season right now.

Comment on a curtailing of sports in "fruit laxative." Children love it, and

"I'm looking for a good man to run our cold-storage plant," said the commission merchant.

"You needn't look any more," replied his friend; "just engage our old janitor."

Comment on a curtailing of sports in "fruit laxative." Children love it, and this country, at this time, is ill-advised it can not cause injury. No difference and silly. There is nothing whatever what ails your little one—if full of in the present situation to warrant any cold, or a sore throat, diarrhoea, stomach-consideration of such a move.

Hysteria is not patriotism.

Former United States Senator Mason Pioneer in Pure Food and Drugs Legislation, Father of Rural Free Delivery System

Takes Nuxated Iron

to obtain renewed strength, power and endurance after the hardest fought political campaign of his life in which he was elected Congressman-at-large from the State of Illinois. The results he obtained from taking Nuxated Iron were so surprising that

SENATOR MASON NOW SAYS Nuxated Iron should be made known to every nervous, run down, anaemic man

Opinion of Doctor Howard James, late of United States Public Health Service who has prescribed and thor-

oughly tested Nuxated Iron in his own private practice. WHAT SENATOR MASON SAYS: "I have often said I would never reccommend medicine of any kind. I be-lieve that the doctor's place. However, after the hardest political campaign of my life, without a chance for a vacation, I had been starting to court every morn-ing with that horrible tired feeling one cannot describe. I was advised to try

ing with that horrine tired reeming one cannot describe. I was advised to try Nuxated Iron. As a pioneer in the pure food and drug legislation, I was at first loath to try an advertised remedy, but after advising with one of my medical friends, I gave it a test. The results have been so beneficial in my own case friends, I gave it a test. The results have been so beneficial in my own case I made up my mind to let my friends know about it, and you are at liberty to publish this statement if you so desire. I am now sixty-five years of age, and I feel that a remedy which will build up the strength and increase the power of endurance of a man of my age should be known to every nervous, run-down aneknown to every nervous, run-down ane-mic man, woman and child."
Senator Mason's statement in regard to Nuxated Iron was shown to several

physicians who were requested to give their opinions thereon.

Dr. Howard James, late of the United States Public Health Service, said: States Public Health Service, said:

"Senator Mason is to be commended on handing out this statement on Nuxated Iron for public print. There are thousands of men and women who need a strength and blood-builder, but do not know what to take. There is nothing like organic iron—Nuxated Iron—to give increased strength, snap, vigor, and staying power. It enriches the blood, brings roses to the cheeks of women and is an ing power. It enriches the blood, brings roses to the cheeks of women and is an unfailing source of renewed vitality, endurance and power for men who burn up too rapidly their nervous energy in the strenuous strain of the great business competition of the day!"

Dr. King, a New York physician and author, said: "I heartily indorse Senator Mason's statement in regard to Nuxated Iron. There can be no vigorous iron men without iron. Pallor means

ous iron men without iron. Pallor means anemia. Anemia means iron deficiency. anemia. Are ma included in the state of the skin of anemic men and women is pale; the flesh flabby; the muscles lack tone; the brain fags, and the memory fails, and often they become weak, nervous, irritable, despondent and melan-

ica, the starches, sugars, table syrups, candies, polished rice, white bread, soda candies, polished rice, white bread, soda crackers, biscuits, marcaroni, spaghetti, tapioca, sago, farina, degerminated cornmeal, no longer is iron to be found. Refining processes have removed the iron of Mother Earth from these impoverished foods, and silly methods of home cookery, by throwing down the waste pipe the water in which our vegetables are cooked, are responsible for another grave iron loss.

Former United States Senator Wm. E. Mason, recently elected Member of the U, S, Congress from Illinois,

From the Congressional Directory, published by the United States Government—"Wm. E. Mason, Senator from Illinois, was elected to the 50th Congress in 1887, to the 51st Congress in 1891—defeated for the 52nd Congress 1892—Elected Senator to the 55th Congress 1897 to 1903."

Senator Mason is now Congressman-Elect from the State of Illinois. Senator Mason's championship of Pure Food and Drugs legislation, his fight for the rural free delivery system, and his strong advocacy of all bills favoring labor and the rights of the masses as against trusts and combines, made him a national figure at Washington and endeared him to the hearts of the working man and the great masses of people throughout the United States. Senator Mason has the distinction of being one of the really big men of the nation. His strong endorsement of Nuxated Iron must convince any intelligent thinking reader that it must be a preparation of very great merit and one which the Senator feels is bound to be of great value to the masses of people everywhere, otherwise he could not afford to lend his name to it, especially after his strong advocacy of pure food and drugs legislaticn.

Since Nuxated Iron has obtained an enormous sale—over three million people using it annually—other iron preparations are often recommended as a substitute for it. The reader should remember that there is a vast differsubstitute for it. The reader should remember that there is a vast difference between ordinary metallic iron and the organic iron contained in Nuxated Iron, therefore always insist on having Nuxated Iron as recommended by Dr. Howard James, late of the United States Public Health Service; Dr. Schuyler C. Jaques, Visiting Surgeon of St. Elizabeth's Hospital, New York, and other physicians. In this connection Dr. Howard James says:

"Iron to be of the slightest value to the human system must be in a combination which may be easily assimilated. In the case of metalic salts of iron, iron acetate, etc., it is very doubtful if sufficient actual iron can be taken up and incorporated into the blood to be of any service, especially in view of the disadvantages entailed by its corrosive action upon the stomach and the damaging effect upon the dental enamel. When, however, we deal with iron in organic combination, such for instance as albuminate, or, better still, Nuxated Iron, a far different story is told. We will observe no destructive action upon the teeth; no corrosive effect apon the stomach. The iron is readily assimilated into the blood and quickly makes its presence felt in increased vigor, snap and staying power."

TO RELIEVE CATARRHAL DEAFNESS AND HEAD

If you have Catarrhal Deafness or head noises go to your drug-gist and get 1 ounce of Parmint (double strength), and add to it 1-4 pint of hot water and 4 ounces of granulated sugar. Take 1 tablespoonful four times a day. This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into throat. It is easy to prepare costs little and is pleasant to take. Any one who has Catarrahal Deafness or head noises should give this prescription a trial. Any druggist can supply you, or a bottle will be sent on receipt of 75c., postal note or money order. Address International Laboratories, 74 St. Antonie St., Mont-

lly, Cookshire, Que. Sincerely yours, E. I. HOVEY, Gentlemen:—I had a severe attach of Ludlow, N. B. LaGrippe this spring which left me in Louisville, Pictou Co., N. S.
