TWELVE PAGES—ONE CENT

Heavy Casualties Inflicted During The Brazilian Fighting HEADLOG IN CONVENTION BREAKS

FEDERAL TROOPS NOW CONTROL SAO PAULO SITUATION

Between 250 and 400 are Killed in Luz Barracks Bombardment. SOME REBELS FLEE Reports That Rio Janeiro is Menaced by Large Army are Denied.

BY BRYAN POWERS, (United Press Staff Cor.)

Buenos Aires, July 9.—The Brazilian Federal Government has sent strong reinforcements to Sao Paulo and now seems to have the situation in that state well in hand, according to advices here today.

Federal forces captured the big Luz military barracks after a 20-hour bombardment late yesterday.

Casualties on both sides were heavy and the total dead is estimated at from 250 to 400. Many were wounded.

Additional Federal troops have been converging on Sao Paulo from several directions since Sunday, and it is estimated that several thousand now are in the city and its environs.

The situation in Rio de Janeiro continues calm and there seems little likelihood of an additional outbreak.

Reports Are Denied.

Some rebel bands apparently have escaped into the forests and mountains between Sao Paulo and Santos, but it is believed these will be rounded up within a few days by Federal cavalry. Wild reports which have been circulated here regarding the subversive movement are disproved by United Press dispatches direct from Rio de Janeiro.

A story that 13,000 men were marching on the capital from Sao Paulo was termed entirely without foundation. Such a march, it is believed, would be manifestly impossible, as Rio and Sao Paulo are separated by more than 200 miles of rugged and mountainous country, largely covered with dense tropical forest. There are no wagon roads between the cities.

According to the most reliable information here, less than 1,000 men were involved in the rebel outbreak, which occurred early Saturday.

A number of young soldiers of the state forces, disgruntled by the decision of Governor Carlos de Campos to renew a contract with the French military mission lent themselves to the plans of a group of ambitious politicians.

The soldiers seized the big Estacio do Luz, terminus of the Central Brazil Railway from Rio de Janeiro, the telegraph stations, and Government buildings and besieged the palace, residence of the State Government.

Federal Forces Loyal.

Federal forces refused to join the movement, and word was telephoned at once to Rio de Janeiro. The Federal Government embarked strong detachments of troops and marines on the dreadnought Minas Gerates for Santos and early Sunday the Government forces started marching up the famous mountain boulevard which connects Santos with Sao Paulo.

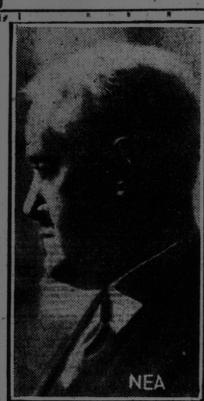

Several stiff engagements were fought before the rebels finally were driven to cover in the Luz Barracks. A desultory bombardment on the military stronghold then was begun and yesterday at midday the barracks was taken by storm. Early today all remaining rebels in it were killed or wounded.

REQUEST DENIED

Germany Wanted Military Control of Her Armaments to Cease on Sept. 30

Paris, July 9.—Germany's request that inter-allied military control of her armaments cease on Sept. 30 was denied by the Allied Council of Ambassadors in a note handed to the German ambassador last evening. Satisfaction was expressed, however, that the Germans had agreed to the main point demanded by the council—the resumption of the control commission's activities.

Comes to Front In Convention

Here is John W. Davis' last picture, taken in New York as votes in the Democratic convention began piling up in his favor.

BELIEVE GIRL IS SUICIDE VICTIM

Maine Young Lady Has Been Missing From Home Since Friday.

Cutler, Me., July 9.—This community has been plunged into mourning by the supposed death of Miss Helen M. Davis, 28 years old, daughter of Captain Hercules and Leone Davis.

Miss Davis had been in poor health and it is supposed that she took her own life by drowning, a supposition made practically a certainty by the discovery of the hat, shoes and wrist watch of the young woman on the shore at Eastern Head, on the northern side of Cutler Harbor where the water is very deep.

Miss Davis, while on the way to a dance with her sister Ruth, Friday evening, left her sister with the remark that she wished to visit a neighbor, but when she had not come Saturday morning search was begun that resulted in the finding of a note.

There is some belief that the body may have been carried to sea by the strong tides and the suggestion is also made that the body may have been devoured by a large shark seen in the vicinity.

SECOND BODY WAS RECOVERED TODAY

Coroner's Jury at Woodstock Says Double Drowning Was Accident.

Woodstock, July 9.—The body of Carl Gibson, one of the victims of Sunday's drowning accident, was recovered early this morning. The body had floated into a net nearly two miles away from the scene of the accident.

The funeral of Miss Doris London, whose body had been previously found with burial at Jacksonville.

A coroner's jury found a verdict of accidental drowning in both cases.

Wire Briefs

London, July 9.—(United Press) America's world flyers who arrived safely at Baghdad, were scheduled to fly to Aleppo today.

Quebec, July 9.—E. W. Beatty, president of the C. P. R., is a passenger on the S.S. Montclair, which sailed for England last night.

Berlin, July 9.—(United Press)—Secretary of State Charles Evans Hughes, who is coming to Europe to attend a conference of the Bar Association at London, will visit Berlin on Aug. 3, the United Press learned today.

Ottawa, July 9.—The Redistribution committee will probably bring down a report to the House of Commons on Thursday. Practically everything has been agreed on, it is asserted, with the exception of some seats in Ontario.

San Francisco, July 9.—Vice-Admiral Sir Frederick Field, commander of the British special service squadron visiting San Francisco sent yesterday a message of sympathy from the fleet to President Coolidge and Mrs. Coolidge in the loss of their son.

PLUNGES TO DEATH IN CAR THROUGH OPEN BRIDGE SPAN

Guy McKibbin Goes to a Watery Grave in Miramichi River.

BROTHER SAVED

Youth, Learning to Drive, Thought to Have Mistaken Car Pedals.

(Special to The Times-Star.)

Newcastle, July 9.—Without a moment's notice, Guy McKibbin, aged 20 years, was plunged to a watery grave in the Miramichi river here about eight o'clock this morning. The young man had driven his father, John McKibbin, of Little Southwest Miramichi, to Newcastle and was proceeding to Nelson with his brother, Hubert, and drove his car over the open draw span of the Morrissey bridge, where it fell 80 feet to the water.

Hubert McKibbin managed to get clear of the wreck and was rescued by workmen, who were repairing the bridge, but the driver of the car was not seen after it struck the water.

Just what caused the accident likely will never be recorded. Hubert McKibbin, when seen by your correspondent, said that they were en route to Fraser company to collect some money for lumbering. When nearing the draw span he noticed it was open and told his brother to slow up and he answered all right. Hubert was watching a tug which was coming through the draw and the first thing he heard a crash and he was hurled through space into the river.

It is presumed that the young man was just learning to drive the car, a Ford, in endeavoring to apply the brakes, put the gear in low and the driver of the car was not seen after it struck the water.

Besides his parents, eight brothers and sisters survive. The body has not yet been recovered, but a diver is now en route to the bridge, and grappling parties are at work.

Up to noon the body of Guy McKibbin had not been recovered. A diver made several descents but failed to locate the car or body. At 12 o'clock grappling parties hooked a submerged obstruction about 15 feet above the bridge which is thought to be the car.

TRIAL OF YOUTHS MAY BE DELAYED

"Dangerous Public Opinion," is Reason Given in Leopold and Loeb Case.

(By United Press.)

Chicago, July 9.—Because of a "dangerous public opinion," an attempt will be made to postpone the trial of Nathan Leopold, Jr., and Richard Loeb, on charges of murdering 14-year-old Robert Frank, the United Press learned today.

On July 21, the day set by Judge John H. Caverty to hear all motions in the case, attorneys for the defense will ask that the trial be delayed. According to present schedule, it is to open Aug. 4.

It would take a month or six weeks to obtain a jury of men who have no opinions as to the guilt or innocence of young Leopold and Loeb if the trial is started in August, the defense will argue.

The two college graduates who confessed to killing the Franks boy are hearing up under prison routine better than expected. They are in good health and eat heartily.

Leopold has a companion; Loeb is alone in his cell. Their routine is as follows: 6:30 a. m., arise, wash and dress, make their beds; 7:30 a. m., breakfast; 8:30 a. m., exercise in bull-pen; 11:30 a. m., return to cells for luncheon; 1:30 p. m., exercise in bull-pen; 3:30 p. m., return to cells to remain until morning.

On Saturdays the prisoners are required to scrub the floors of their cells. Leopold plays first base for the sixth floor team. The prisoners are not allowed bats, and use their hands in batting. Leopold and Loeb have not been playing ball much recently, however, they play ball. Loeb, an expert pitcher, is captain of his team, known as the Dicks.

Leopold plays first base for the sixth floor team. The prisoners are not allowed bats, and use their hands in batting. Leopold and Loeb have not been playing ball much recently, however, they play ball. Loeb, an expert pitcher, is captain of his team, known as the Dicks.

Shadow of Thirteen On The Convention

New York, July 9.—The shadow of 13—the hoodoo number—is hovering over the Democratic National convention, according to a wag who appeared at the National Committee headquarters here today.

He called attention to the fact that these names, all prominent around the convention, have 13 letters: Thomas Taggart, George S. Sizoo, Royal Copeland, William McAdoo.

Other names on this list having thirteen letters are: City of New York, while the constitution is being written; Madison Square, the convention hall.

He also pointed out that the convention cast 513 votes for McAdoo on the last three ballots, that the "13th conference" is being held in 213, Waldorf-Astoria, and that 13 horses have been mentioned.

IRISH AND GERMAN SISTERS ENTER U. S.

Had Been Detained 3 Weeks at Ellis Island by Quota Law.

New York, July 9.—After being detained at Ellis Island for three weeks 28 Irish and German women, who had arrived in excess of the quota, were released and landed at the Battery, following a decision by the Department of Labor at Washington, D. C.

Five of the women are members of the Stated "Nasareth order and will proceed to their new home in San Diego, Cal., where they will teach and nurse orphans and aged people. The others, from Germany, will be assigned to several convents throughout the country.

There is likely to be a shortage of negro elevator men from the British West Indies from now on as the Secretary of Labor has decided that they will come under the British quota hereafter instead of coming here at any time of the year under the designation of "other Americans." They will also have to pay \$10 for a visa and obtain the regulation new immigration card from the United States consulates at the various islands.

It is presumed that the young man was just learning to drive the car, a Ford, in endeavoring to apply the brakes, put the gear in low and the driver of the car was not seen after it struck the water.

KILLS WIFE; THEN COMMITS SUICIDE

Former Railroad President Was Believed Suffering From Dementia.

Michigan City, Ind., July 9.—Charles N. Wilcoxon, 68, former president of the Chicago, Lake Shore and South Bend Railroad Company, operating between Chicago and South Bend, killed his wife, 70 years, with an axe, a razor and a potato masher and then hung himself at their home here last night, some time Monday night. Their bodies were discovered last night.

The two were found in a bedroom on the second floor of their home. Mrs. Wilcoxon's body on the floor in a pool of blood at the foot of the bed, and that of her husband hanging from a half-inch rope in a clothes closet, the head nearly severed by the rope. Both bodies were fully clothed.

Mrs. Wilcoxon had been in ill health for the past year. The authorities lay the tragedy to senile dementia.

PROVINCE STILL CRIES FOR RAIN

Several Small Fires Are Reported to Department at Fredericton.

(Special to The Times-Star.)

Fredericton, N. B., July 9.—The Department of Lands and Mines has received no report of rain in any part of the province but the humidity is increasing in some sections. The situation with regard to fires continues serious. Fires so far have been small, however, and crews have controlled them in short time. From Plaster Rock comes a report of a fire on crown lands west of that place and near Blue Bell Mountain. The fire is burning this afternoon but is not large. A crew is fighting it.

Two small fires have been reported south of Bathurst but are under control. A fire also is reported half a mile from Hampton Station but is controlled.

RUM SEIZURE IS MADE AT PARRSBORO

Customs Men Seize 109 Kegs, Valued at \$20,000 on Schooner.

Amherst, N. S., July 9.—One hundred and nine kegs of rum, valued at \$20,000, were seized by customs men at Parrsboro yesterday. The rum was lightered from the schooner Boutelou, alleged to be a vessel from Rum Row, and placed on a train this morning and sent to Halifax. The Boutelou has been in the stream at Parrsboro for several days, during which time she has been under surveillance.

MACDONALD AND HERRIOT SEE WAY TO AGREEMENT

Plan for Application of Experts' Scheme to Germany About Decided.

SEVERAL SESSIONS

Premiers Fatigued as They Resumed This Morning—Some Suggestions.

(Canadian Press.)

Paris, July 9.—A plan for the application of the experts' reparations settlement plan was practically agreed upon by Prime Minister MacDonald of Great Britain and Premier Herriot of France at the resumption of their conference this morning. It was explained, however, that the question would be gone over again and the plan possibly modified after luncheon.

A joint note to the Allies suggesting how the different questions might be settled with the application of the experts' plan might be settled was drawn up at the conference yesterday and this morning. The British Premier announced this today.

Mr. MacDonald said the documents he had drawn up with M. Herriot outlined the joint note which explained how the Daves plan problem might be settled at the inter-allied London conference which remained held for July 16. He declared there was no thought of postponing the conference.

The premiers resumed their conversations at 10 o'clock in the foreign office, though looking very much fatigued after their night session at the British embassy, which did not end until after midnight.

The absence of any indication as to how the negotiations were going after midnight, leaving the reparations conference to a pessimistic impression in unofficial circles. The opposition to Premier Herriot dwelt this morning on the assertion that if everything were to let it become known.

The conversations centered, it is understood, on the British Premier's proposal to discontinue the reparations commission of its right to decide if and when Germany is in default on the Daves reparations plan. Several propositions have been discussed, one which would leave the reparations commission to say when Germany was in default, would set up another organization to decide whether that default were voluntary.

Another suggestion is that the inter-allied council of ambassadors—with a U. S. member having full rights with the others, and the council perhaps enlarged to include the neutrals—supersede the reparations commission in supervising execution of the experts' plan.

Mr. MacDonald and M. Herriot both are understood to be eager to arrange the supervision so that the United States shall have a share in it on equal footing with the Allies. It is even said in British circles that Mr. MacDonald would be pleased if a settlement could be made by the election of one from the U. S. to the presidency of the reparations commission with the same preponderant rights as are now accorded to the French president.

WOMAN WINS A BIG SUM ON RACE

Wife of Officer on Furness-Witby Liner Fortunate in Calcutta Derby.

Liverpool, July 9.—Mrs. Evan Pritchard, of Bedford road, Bootle, has received notification that she has won a big sum in the Calcutta Derby Sweepstakes. The wife of a ship's officer serving with the Furness-Witby line, Mrs. Pritchard was busy with her household when interviewed.

The prospect of wealth does not worry me," she said, "but a lot of other people seem to be worrying themselves about it."

"I knew I was a winner when Hurstworthy ran third in the Derby. My husband bought me the ticket when he was on his trip abroad."

It was told my winnings would be \$15,000. Then rumor raised it to \$40,000 and \$80,000. How much it really is I shall know when the check comes."

She has a cable from the secretary of the Wireless Service Association in Calcutta, asking me to forward my ticket, and I have done so."

New York, July 9.—Representations have been made to the Canadian government by the State Department of the U. S., in the case of Walter Muir, United States citizen, sentenced to hang Friday at Valleyfield, Que.

HOW A LION GETS A TOOTH PULLED

This modern Androcles, attempting to soothe the lion's pain, is having a little harder time of it than the chap that removed the historic thorn from a lion's paw. However, the lion will probably be quite grateful when it is all over. It's no easy job being dentist to a lion, as the picture shows. It is necessary to holdopen the jaw with a rope. The photo was secured at the Bronx Park (N. Y.) Zoo.

Beer Smugglers Impersonate Police Director; Use His Car For Convey

Philadelphia, July 9.—Police, including a lieutenant and an inspector, are said to be involved in a plot, uncovered by Director Butler, to smuggle contraband high-powered beer out of the Rising Sun Brewery.

Director Butler's indignation was fanned by information that laden beer trucks had been conveyed from the brewery by his own official automobile, a bright red vehicle, with the city seal on it.

"I have been told," continued the director, that they even had a man made up to look like me. Several people told me positively they saw me sitting in the back of the car as it escorted the beer trucks down Broad street."

The director's automobile has been kept in a garage near the brewery. The beer-smuggling plot was revealed after Detective Inspector Cahill, J. Brinton, Charles Beckman, detective in charge of the Central Office Liquor Squad, and Perkoup, Ferguson and Walls, detectives, had seized two trucks.

From 4 p. m. until 6:15 this morning Inspector Brinton and his men shadowed the brewery. When the five trucks rolled out, Brinton pursued the first one, driven by William Terrance. He caught Terrance at Tenth street and Montgomery avenue, following in his own automobile.

Perkoup, running after the truck driven by Lawrence Frank, caught up with it at Marshall street and Montgomery avenue and fired in the air. Frank stopped and surrendered.

The other three trucks scattered.

Roxbury Milkman Has Strange Rig

Boston, July 9.—Look out for the long silk-stockinged milkman!

The residents of Regent street, Roxbury, and neighboring streets and terraces, provided they arise early enough, are privileged to witness a rare spectacle these mornings. The deliverer of milk in that district for a prominent company has inaugurated a novel style of dress for early morning workers.

Not content with establishing an enviable record for speed and precision in covering his route, he wears a pair of ladies' silk stockings, to cover his legs, and a pair of white socks, to cover his feet, and a light jersey.

SOCIALIST PARTY CONDEMNS KLAN

Convention at Cleveland Also Denounces Fascisti and Matteotti Assassination.

Cleveland, July 9.—The Socialist Party late last night officially condemned the Ku Klux Klan by name after the sharpest debate in the national convention that has been meeting here for three days.

The resolution said: "We emphatically condemn the Ku Klux Klan and every other effort to divide the workers on racial or religious lines and to effect on political purposes, by secret or terroristic methods."

The convention also passed resolutions denouncing the Fascisti movement in Italy and the assassination there of the Socialist deputy Matteotti.

(Special to The Times-Star.)

Fredericton, July 9.—Walter K. Tibbert and Abner D. Belyea, doing business as insurance agents in Fredericton under the name of Tibbert and Belyea, have dissolved partnership. Arthur W. Barbour and George N. Taylor, doing business at New Mills, Restigouche county, under the name of George Taylor Box Company, have dissolved partnership.

M'ADOO VOTE FALLS TO 190 AFTER HE RELEASES SUPPORT

Place Climbs Into Second David With Smith Leading on 100th Vote.

SMITH TO DROP OUT

Withdrawal Will be Presented When Convention Resumes Today.

(By Canadian Press.)

New York, July 9.—The democratic national convention adjourned at 4 a. m. today after taking the 100th fruitless ballot in an endeavor to choose a presidential nominee.

The feature of the convention session came in the early hours of today, when Chairman Walsh read a letter from William G. McAdoo releasing his supporters from their pledges. In the release letter he attacked the "wet" and reactionary forces which he said had opposed his nomination.

In the one hundredth ballot, which followed immediately, McAdoo's vote fell to 190. The Smith forces held firm and John W. Davis rose to second place in the balloting with 203 1/2. The convention adjourned to meet again at noon today.

The 100th Ballot

The result of the 100th ballot follows: McAdoo, 190; Smith, 203 1/2; Davis of West Virginia, 203 1/2; Underwood, 41 1/2; Glass, 33; Robinson, 46; Ritchie, 17 1/2; Walsh, 32 1/2; Sausbury, 6; Owsen, 20; Meredith, 15 1/2; Houston, 9; Bryan, 2; Daniels, 24; Baker, 4; Gerard, 10; Berry, one; Total 1,088. Absent nine.

Indications were that the deadlock which had frustrated attempts to choose a party candidate for president would be broken.

McAdoo's qualified release of delegates was read after the 99th ballot. On the 100th Mr. McAdoo lost votes in big blocks. His strength went chiefly to John W. Davis, E. T. Merriam, former secretary of agriculture, and a staunch McAdoo supporter, and Senator Thomas J. Walsh, chairman of the convention. Through the long night session the Smith supporters held firm and his position was little changed on the last ballot.

When the convention assembles today, Smith is expected to attempt to withdraw from the race. The Smith withdrawal was made at last night's session and was contingent upon similar action by McAdoo. Governor Smith made his offer after he had been closed alone for an hour with Mr. McAdoo. It was understood that Mr. McAdoo would agree with him on a compromise candidate to end the deadlock.

The only answer was a McAdoo drive that put him once more in the lead. Meanwhile, however, in his listening post nearby, McAdoo was conferring with a steady stream of advisers, and intimations of his impending action were passed during the 99th roll call. Then a letter from Mr. McAdoo to Chairman Walsh releasing his delegates was read and the 100th ballot was taken.

The McAdoo leaders said the letter was in no way connected with the Smith announcement, and it was so phrased as not to put him in the position of formally withdrawing from the race. The Smith leaders held their lines, waiting to determine its effect; whether their condition for withdrawal had been met in fact if not in words.

Uncertainty Yet.

Under the surface today were many portents, but only impending developments waiting to determine its effect. Reports circulated that McAdoo and some of his leading advisors wanted his strength to go to Meredith; others said David Ladd Rockwell, his campaign manager, favored Chairman Walsh. All asserted that, in releasing his delegates, McAdoo was not attempting to direct their course to any specific column.

The Meredith boom, however, had gained momentum while Rockwell was passing the word of the impending letter during the 99th roll call and during the 100th prominent McAdoo men were working in his behalf.

Where the Smith supporters would go, once they were satisfied McAdoo was definitely out of the race, was still another question.

Weather Report

Toronto, July 9.—Pressure is high on the Atlantic Coast and over the western half of the continent, while a moderate disturbance is moving eastward across northern Ontario. Showers have occurred in Manitoba and in some other sections of Ontario and Quebec, elsewhere the weather has been fair.

Forecasts: Gulf and North Shore—Southern winds, fair. Thursday, increasing southerly winds, becoming unsettled, showers in western districts.

Showers. Maritime—Moderate southwest winds, partly cloudy today and Thursday, probably a few scattered showers.

Northern New England.—Showers and thunderstorms tonight and Thursday; not much change in temperature; gentle south and southwest winds, becoming fresh Thursday.

Toronto, July 9.—Temperatures: Lowest 8 a.m. yesterday, night.
