K. K. K. IN CALGARY

Effort Being Made to Form Branch of Hooded Order

CALGARY, Dec. 5.—The Ku Klux Klan is in Calgary and officers are receiving members for the organization, but the branch is still in the process of formation and little or no activity has been noticeable up to the present. This is the information that has been secured by the Herald and although police do not confirm the report they admit that the movement has been noised about and they believe that there is an effort being made to organize a branch here.

MORTALITY RATE DECREASE IN OCT.

OTTAWA, Dec. 5.—Mortality in Canada decreased in October, according to figures compiled by the statistical division of one of the large insurance companies. The mortality rate for October is given in these returns as eight per thousand for the previous month, 12 per thousand.

King's Daughters Report Appeals From Those in Want

The appeals committee of the King's Daughters at the monthly meeting yesterday reported a very large number of appeals had been received during the month and conditions of poverty in the city appeared to be very serious. Mrs. Edith Stevens, president, was in the chair and other reports showed that the work of the order was going forward with success.
Preparations were made for the travelogue which Mrs. E. Atherton Smith will give next week in aid of the King's Daughters relief work funds. Standing committee reports were heard.
The hospital committee told of the hospital visiting carried out during the month by members of the Good Cheer Circle.
Mrs. Rothesay McLaughlin gave the report of the house committee and Mrs. Austen the report of the spiritual committee. Nominations for the officers of the Women's Council were made.

WRANGLER'S SHIPS ARE DISARMED

BIZERIA, Tunis, Dec. 5.—The squadron of General Baron Peter Wrangel, who was at the head of the anti-Bolshevik campaign in the Crimea, which has been lying in Bizeria Roads since December, 1920, was disarmed today. All the guns, torpedo tubes and other armament were removed from the two battleships, two cruisers, nine torpedo boats and four submarines, comprising the squadron. Part of the crews were dispersed while the remainder have been given shelter in the French naval barracks at Sidi Aime.

CONFERENCE HELD IN A. M. E. CHURCH

Delegates and Pastor Present From Every Congregation

After a very interesting session the district conference of the A. M. E. church, which opened in St. Philip's church on Thursday evening, came to a close last night. Delegates and pastors from every church in the district were present.
The presiding elder was Rev. C. M. Morgan, of Halifax, and in opening the session he reviewed the work of the year and outlined the aims of the conference. He complimented the pastors on the good they were doing under what Mr. Morgan knew to be very adverse circumstances.
Several excellent papers were read on subjects related to church work and the education of the negro. Discussion of these papers brought out much valuable information relative to spiritual work among the colored people of the Maritime Provinces.
On Thursday evening Rev. W. J. Davidson, of Yarmouth, was the speaker, "Taking Care of Our Burden," being the subject of his address. Last evening, "A Faith Guide for Critics," was the subject ably dealt with by Rev. A. F. Skinner, of Woodstock.

REV. E. E. STYLES SPEAKS.
At the consecration meeting of the Young People's Society of the Portland Methodist church last night the address of the evening was given by Rev. E. E. Styles, who spoke of the "Need of Methodism." Frank W. Merrill was the chairman. The scripture portion was read by William Leck and a solo was pleasingly sung by Thatcher Townshend. Miss Hattie Wright, the president, moved and Miss Laura Farnoy seconded the hearty vote of thanks extended to Mr. Styles. The closing prayer was offered by the pastor, Rev. H. A. Goodwin.

Canadians Invited to Make It A BIG SUCCESS

ONE of Canada's greatest Natural Resources is her Fisheries. In fact, our Dominion has the most extensive fishing waters in the world.
In recognition of the importance of our Fisheries, a Nationwide FISH Day will be observed on December 10th.
The Government—The Transportation Companies—Hotels and Restaurants—The Fishing Industry—the Merchants—are all co-operating to have extra large supplies of Canada's Sea and Lake Fish on hand for the big event.
All Canadians are invited and requested to help make this day a big success.

World's Finest Fish
There is no finer fish in the world than come from Canada's seas, lakes and rivers. And the variety is tremendous. You could eat a different variety every day for a month and then not be half through the list.
Canada's Fish have all the superlative flavor, the firmness, the meatiness and invigorating healthfulness that distinguish fish caught in the cool, clear, sparkling waters of our Northern latitude.
Nature has endowed Canada's Fish with wonderful health-giving qualities. They are exceedingly rich in protein—the most valuable of all food elements. They are richer in protein than any other food. They are full of energy. Fish is a brain food and a body food.

A Splendid Food
Fish is more easily digested than meat. For that reason it is a splendid food for office men and women—and for children.

EAT FISH FOR HEALTH

Yet, it also supplies abundant energy for working men, outdoor workers and others doing heavy work.
People of thirty-five years of age and upwards could wisely eat more fish and less of foods that tend to increase blood pressure.
Doctors largely prescribe fish for people threatened with or recovering from pulmonary diseases, goitre, and other illnesses. The value of fish is recognized by physicians and food authorities the world over.
In view of Canada's predominant position as a fishing country, it is natural that Canadians should be large consumers of fish. Of late years the consumption of fish in this country has grown rapidly, due to better facilities for handling and marketing it.

More Fish Eaten in Britain
Nevertheless, in Canada, the consumption of fish is only a trifle over \$9 lbs. per year per person. In Great Britain it is 57 lbs. In Germany 75 lbs. In Japan it is 200 lbs. Canadians eat six times as much meat as fish. It should be more nearly equal. Canadians could, with benefit to their health, eat a pound of fish per week per person. England does better than that.
Make your start on FISH Day. The more frequently you eat it the better you'll like it, and the more good it will do you.
You can obtain good fish—fresh, smoked, salted and canned—practically anywhere and everywhere in Canada. Well equipped fish stores offer you Canada's Fish in fine condition. You can order it cleaned and filleted—all ready to cook—if desired.
All together. Let's make Canada's FISH Day a big success.
