The court martial which was to have taken place on Saturday in connection with the charge of desertion against Pte. Charles George Pelletier was postponed until Tuesday on account of the absence of necessary witnesses.

Those returning from the United States by boat on Saturday afternoon cannot have the head tax refunded until Monday as the U. S. Immigration office closes on noon on Saturday. This is particularly inconvenient to people who have to proceed to points beyond St. John.

The street car service to Seaside Park for this summer was discontinued last evening after a fairly successful season. During the month of August considerable rainy and cloudy weather prevailed and the traffic was adversely affected, yet on the whole a satisfactory number of passengers availed themselves of the service.

The annual rally day services of the Carleton Methodist Sunday school was held yesterday and out of a total enrollment of 348, there were 218 present. An address was given by Rev. H. A. Goodwin and Rev. Jacob Heaney read the scriptures. A duet by Misses Flog Thompson and Muriel Purdy was greatly enjoyed.

At both services in Knox church yesterday the attendance was large, many of the congregation coming particularly to welcome Rev. Dr. Fraser, principal of the Presbyterian College, Montreal,

formerly pastor here. He delivered two very interesting sermons and was heard with keen appreciation by those present. While in the city Rev. Dr. Fraser is the guest of Col. M. B. Edwards, 2 Mecklenburg street.

The children of the Congregational church Sunday school had a very good time at their annual picnic held on Saturday afternoon at Rockwood Park. A horse, owned by Joseph McNamara, of the Loch Lomond road, was struck on Saturday night by an East St. John street car, operated by Everett J. Teehan, and so badly injured that it was necessary for it to be shot. Policeman Linton was called and shot the horse.

E. Reddin with his wife and baby arrived in the city last night from Chicago, after making the journey by automobile in seven days. They came via Montreal and Mr. Reddin estimated that they had covered 1800 miles. They leave today for Charlottetown where they will visit Mr. Reddin's father, Dennis Reddin.

A head-on collision between two motor cars occurred last evening about 8.30 near Sand Cove road, when an automobile driven by Everett Watters, a druggist in West St. John, struck a car driven by Dan Donovan, the operator at Fairville station. Oliver Emery, who was in Mr. Watters' car had his teeth knocked out and Mr. Donovan, who was alone in his car, had his leg slightly hurt. The cars were both damaged, the front axles, mud guards and hoods of each being wrecked.

AUSTRIA WILL SIGN

The national assembly of Austria by a vote of 97 to 28 on Saturday decided to sign the peace treaty. The assembly, however, protested against "the violation of Austria's right of free disposal of herself."

DR. MEAHAN IN NEW CHARGE

Rev. Dr. A. W. Meahan officiated yesterday at both morning and evening services in St. John the Baptist church for the first time since he was appointed pastor in succession of the late Rev. F. J. McMurray. Father Meahan read his letter of appointment to both congregations in the morning and followed with a feeling and appropriate reference to his late predecessor. He said that he had known the deceased pastor probably more intimately than most people and this had been the second occasion on which he had succeeded him in pastorate. Father Meahan touched on the good work accomplished by the late beloved priest, his eagerness for the welfare of his people and the unqualified success he met in all his undertakings. He asked the prayers of the congregation for the repose of his soul.

Shirriff's ORANGE Marmalade WHY are Seville oranges brought thousands of miles from Spain to make Shirriff's Marmalade? The reason is that only Seville oranges can give that exquisite flavor so characteristic of true marmalade. Shirriff's has a wealth of zestful tang brought out by many years of specializing on marmalade. Sold everywhere in glass and large tins. Sales Agents, Harold F. Ritchie & Co., Ltd., Toronto

In Support of Ireland Scranton, Pa., Sept. 8.—Fifteen thousand Irish-Americans in mass meeting at Rocky Glen, a pleasure park near here yesterday afternoon adopted resolutions calling upon the United States senate so to amend the league of nations agreement that Ireland be given the right of self-determination. The action followed a stirring address by De Valera, president of the Irish Republic.

BE SUSPICIOUS OF TENDER GUMS Be suspicious of any tenderness or bleeding of the gums. This is usually the first stage of Pyorrhoea—an insidious disease of the gums that destroys the teeth and undermines bodily health. Gradually the gums become spongy. They inflame, then shrink, thus exposing the unenclosed tooth-base to the ravages of decay. Tiny openings in the gums form gateways for disease germs to enter the system. Medical science has traced many ills to these infecting germs in the gums weakened by Pyorrhoea. They are now known to be a frequent cause of indigestion, anaemia, rheumatism and other serious conditions. So watch carefully for that first tenderness or bleeding of the gums. Try Forhan's immediately. It positively prevents Pyorrhoea (Riggs' Disease) if used in time and used consistently. And in preventing Pyorrhoea—it guards against other ills. Forhan's (For the Gums) cleans teeth scientifically as well. Brush your teeth with it. It keeps the teeth white and clean. If gum-shrinkage has already set in start using Forhan's and consult a dentist immediately for special treatment. 50c and 60c tubes. All Druggists. FORHAN'S, LTD., Montreal.

Hose was hose — Till Goodyear Built it

THE GOODYEAR CORD TIRE of to-day would not have been possible had Goodyear been guided by the hide-bound traditions of the rubber industry.

Nor could Goodyear Industrial Hose ever have reached its high degree of perfection.

But Goodyear refused to be bound by precedent or trade prejudices. Hose fit to meet modern industry's varied and severe demands was our goal. Prevailing methods of construction would not do. Better methods had to be developed.

It was typical of Goodyear to study the hose requirements of industry exhaustively—to want to know exactly the conditions industrial hose must meet in use.

To discard existing processes of hose building, rubber compounds and cotton specifications and set new and more exacting standards—to de-

velop more modern processes and methods of construction.

So you are offered the more efficient Goodyear Industrial Hose—hose that embodies all the virtues demanded by the strenuous needs of 20th century industrial life.

For foundry, paper-mill, mine, railway, steel plant and every other industry there is a Goodyear Hose that will meet your needs more exactly; that will give more lasting service.

Goodyear Industrial Hose will open up to you new possibilities of economy, increased production and hose satisfaction.

A man trained by Goodyear in hose problems will gladly call upon you without obligation.

Just phone, wire or write the nearest branch.
