terms of the legal professions act.

J. A. Russell, on behalf of the appellant, argued that no decision had been lant, argued that no decision had been rendered forbidding women to practice at the bar, with the exception of filat of the supreme court of New Brunswick in the case of Miss French herself. That court had decided that the word "person" employed in the art did not include women. The legislature of New Brunswick thought differently, and immediately afterwards passed an act to enable Miss French to practice. rench to practice.

EREWORKS AGAIN

Calm of Council Session Ruffled at Last Moment Paving Contracts the Cause

It seems impossible for the city council of Victoria to meet without the generation of electrical energy, but on or when a substitute is put on. An intill within 10 minutes of the end of the ession, as the work had peacefully progressed till that time, and then the calm was ruffled by Alderman Okell insisting on discussing the desirability of letting contracts for streets which have been passed for paving. A re- lot. mark which he made about Mayor rman Gleason had several times sidetracked the motion, did not ease matters, and both members of the board concerned strenuously objected. His worship declined to proceed with the

liscussion at the late hour.
The mayor declared it had only been reached once on the agenda paper and laid over, and they had not blocked consideration of the matter. After a division the majority vote

supported the mayor that Alderman dora street has been engaged, as the Gleason was entitled to discuss the unions, must leave their present resolution before the council to extend premises by the end of the year, but fire occurred in the hemp cargo loaded the time ten minutes, and thus backed

> Alderman Okell submitted in rief discussion permitted that the uncil should avoid the mistake this year in leaving the letting of con tracts so late in the year, and that the contracts should be let early. The city engineering department had not had enough time to carry through the underground work before the contract+ ors wanted the streets for opening up Alderman Moresby, while favoring he letting of contracts, wished it to be understood that he would not support any new work being commenced. It is understood the aldermen interested, and who voted against sustaining the chair. Aldermen Humber, Okell and Moresby, will bring the matter up
