

ALBERT LIBERALS SELECT CANDIDATE

H. C. BREWSTER THE CHOICE OF CONVENTION

Vote of Confidence in J. A. Macdonald, M. P. P.—Outlook Bright for the Party.

Alberta, Aug. 30.—By the unanimous vote of the Liberal convention held at Albert last night, H. C. Brewster, of Clayoquot, was selected to lead the Liberals to victory at the next general election.

The district was well represented. Unity and good feeling prevailed at the meeting. Mr. Haggart, of Wellington, was elected to the chair, and J. Grice, of Clayoquot, secretary.

Mr. Brewster was nominated by W. S. Planta, of Texada, seconded by J. Halpeny, of Alberta.

After some of the different districts represented had been heard from, the chairman put the motion which was carried with enthusiasm.

Mr. Brewster is well and favorably known on the west coast of Vancouver Island, and the prospects are exceedingly bright for the Liberals at the next general election.

The following resolution was also carried with enthusiasm: "Resolved, that a vote of confidence be tendered to J. A. Macdonald, M. P. P., leader of the provincial Liberal party, and that this convention pledge themselves to do their utmost to return a supporter of the Liberal party at the next general election."

Mr. Brewster, the choice of the convention, is regarded as a sure winner at the next election. He is a local man, having charge of the Clayoquot cannery, in which he is deeply interested personally. He is well-known in Victoria, also having resided here for many years before embarking in the cannery business. He still makes Victoria his home during the winter seasons.

Mr. Brewster is well informed on public affairs, having always taken a deep interest in politics. In addition an experience on the daily press of the East has given him a varied insight into matters affecting the public.

He is extremely popular both in Victoria and on the West Coast, where his business relations have brought him into close contact with the settlers for many years past.

SHOT BY THIEVES.

'Frisco Policeman Mortally Wounded by Two Men Who Made Their Escape.

San Francisco, Aug. 30.—Shortly after 12 o'clock last night, Policeman James Cook was shot four times through the abdomen by two thieves whom he had arrested at the corner of Seventh and Townsend streets. Both thieves got away, though Cook shot five times at them after he had fallen to the ground.

The officer was taken to the Emergency hospital, where it was said he could not recover. The only clue to the identity of either of the thieves was a hat which Cook shot from the head of one of them.

THE CUBAN REVOLT.

Rumors of Conspiracy Among Police and Quarrel Between President and Vice-President.

Havana, Aug. 30.—Rumor is busy to-day with suggestions of conspiracy among the police and an open quarrel between President Palma and Vice-President Mendez Capote. Both reports lack definite confirmation.

In certain quarters Capote is suspected of bargaining with the insurgents. In the reported quarrel at the palace the latter is reported to have accused the former of being a traitor. The Vice-President is said to have replied that Palma was a president without power.

Two Engagements.

Havana, Aug. 30.—A fight took place last night at Calabazar, Havana province, between 50 insurgents and 150 rural guards. The guards retreated with one man wounded.

An engagement between insurgents and government troops is reported to have occurred last night near Artemisa, a town of Pinar del Rio, near the Havana border. The result is not known.

Several exchanges of shots have been reported at various places west of Guanajuay, near the Havana border, in Pinar del Rio. Reinforcement of 50 rural guards have been sent there.

Moving Against Guerra.

Havana, Aug. 29.—The actual pursuit of Pino Guerra began to-day when Col. Avalos, commander-in-chief of the government forces in Pinar del Rio, left San Juan De Martinez in search of the main insurgent body. The latter is now estimated to number 2,000 men. If Guerra's recent statements can be considered trustworthy there will be no battle if he can help it. He has repeatedly declared that he does not want to cause bloodshed.

The general opinion, however, is that he will soon be drawn into a battle, if indeed, he does not suddenly assume the offensive. Progress is being made daily in arming, equipping and forwarding government troops to the disturbed districts. There is considerable discussion as to how Pino Guerra's forces should be met. Food crops are not raised to any extent in the province of Pinar del Rio, the soil being entirely devoted to the cultivation of tobacco.

The construction of earthen works for the defence of the city of Pinar del Rio is being pushed.

EARTHQUAKES IN CHILI.

Panic at Tacna is Indescribable—People Are Living in Public Square.

New York, Aug. 30.—A cablegram to the Herald from Tacna, Chili, says: "Heavy earthquake shocks have been felt, the panic is indescribable. People are living in the public square. The first shocks lasted 30 seconds. Slighter shocks continue at intervals."

EARL GREY'S TOUR.

Spent Several Hours at Saskatoon and Then Proceeded to Prince Albert.

(Associated Press.)

Saskatoon, Aug. 29.—Earl Grey, governor-general of Canada, arrived in Saskatoon by special train at 12.30 to-day. He was met at the depot by the mayor and a large crowd of citizens and school children. An address was read to His Excellency by the mayor of Saskatoon, to which a hearty and thoughtful reply was made by the governor-general and delivered with vigor. Immediately following the address and singing by the school children, Earl Grey retired. His injured eye was covered, but it is very much improved. The party proceeded to Prince Albert, and will spend to-morrow in that vicinity.

CONSUL MURDERED.

Tientsin, Aug. 30.—M. Laptew, the Russian consul here, who was shot yesterday by a Russian contractor named Levinsky, died at 2 o'clock this morning. The murderer is not a revolutionist.

ENGINEER MISSING.

Probably Murdered by Bandits While on Way to Tientsin.

Tientsin, Aug. 30.—A British engineer named Wills, who was travelling from Jehol to Tientsin, has been missing since he departed. It is feared that he has been murdered by bandits.

EXPORT OF CATTLE FROM WINNIPEG.

THIRTY THOUSAND HEAD ALREADY SHIPPED.

The Animals are all in Prime Condition and Prices Have Been Steady.

Winnipeg, Aug. 30.—"These are busy days for the C. P. R. stock yards," remarked H. A. Mullins, one of the leading cattle exporters of the West yesterday in an interview. "It makes a fellow rub his eyes and wonder if the yards are really the outcome of the little pens in which the cattle export trade started a few years ago. There have been days during the last two weeks when there have been 6,000 cattle in the yards and long trains of unloaded cars on the tracks."

"The forward movement of cattle has never been so early or so satisfactory for years. The winter was a very favorable one for cattle on the ranges, and this was followed by a heavy rain in May and consequently a luxuriant growth of vegetation and the cattle are in prime condition."

"To give you an idea of how early the movement is I may mention that such ranching companies as the Knights and Eldridge Bros., who had not shipped a hoof before September 15th last year, are almost through with their shipments for the year. Up to date some 30,000 head of exporters have gone forward."

"Prices have been steady, and have never touched the low points of last year. Ocean space has ranged about 35 shillings to 40 shillings or about the same as last year, and has been well taken, many going out by Boston and Philadelphia because it has not been possible to get sufficient carriers out of Montreal."

"There has been no trouble in disposing of good steers and ranchers have been taking home more money than for the past three seasons. This year a great many ranchers are shipping their own. They secure the ocean space and then very frequently sell steers and ocean space to some dealer in Winnipeg. A great many train loads have been disposed of in this way this year. It is a good arrangement for both parties; it saves the dealers the time and trouble of going to the ranges to buy and the rancher gets his cattle started, and if he does not like the price there is nothing to hinder his shipping them through to the Old Country himself."

"The free movement of cattle so early in the season will be a great relief to the railroads, as there will not be a lot of cattle trains to congest traffic when the wheat movement commences. The service of cattle trains has been very good this year. This is an all important matter to cattlemen, as the big shrink is always on the long railway journeys."

"The outlook for the time of year was never better, in fact I have never seen the ranching country look so well."

TURKS AGGRESSIVE.

Reported to Have Occupied Twenty-Five Villages—Persia Entered Protest.

Constantinople, Aug. 29.—The Persian ambassador here has been informed from Teheran that Turkish troops have occupied the Persian district of Margovar, comprising some 25 villages. The Turkish government denies that the alleged encroachment has taken place, but nevertheless the ambassador has ordered an energetic protest with the Porte, and has demanded the recall of the troops.

TO END RACE WAR.

Important Conference of Armenians Now in Progress.

Erivan, Russia, Aug. 30.—The first general conference of Armenians opened to-day at the Etchmiadzin monastery, which is the seat of the Armenian Catholic patriarchs. The principal subject for discussion is the question of the reorganization of the schools in consequence of the restoration of the Armenian church property by the Russian government. The most important action of the congress is likely to be in connection with measures for ending the race war between the Armenians and Tartars.

RUSSIAN PREMIER WANTS FREE HAND

EMPLOYING NEWSPAPERS TO FIGHT COURT CABAL

Resents Interference Which Makes It Impossible to Carry Out His Programme.

THE CONSTRUCTION OF C. P. R. HOTEL LIKELY NEW WING WILL BE UNDERTAKEN

Suggested That Last Wing Be Built Without Delay—To Consult the President.

St. Petersburg, Aug. 30.—It is asserted that Premier Stolypin and his colleagues are employing the newspapers which they control to fight the Court Casarilla. This, it is said, is the secret of the Novoye Vremya's constant references during the past few days to the necessity of protecting the cabinet from the interference of pernicious court influences.

Mr. Stolypin is said to have declared that he is continually subjected to embarrassment, adding that he was convinced that the one task which he had set himself was impossible unless the Emperor gave him an absolutely free hand, in other words, control over the cabinet a practical dictatorship.

In a conversation with friends, the premier is alleged to have said that history seemed to be repeating itself, the situation closely resembling the closing days of the reign of Alexander III, and the reactionary spirit was growing rapidly. Nevertheless he considered it vital that the government should not take a reactionary path.

Martial Law.

St. Petersburg, Aug. 30.—An Imperial Ukase issued to-day authorizes the minister of finance to issue £2,500,000 in 4 per cent. rentes to cover the expenses of the relief of the districts affected by the failure of the crops.

Another ukase prolongs martial law, which at his residence was being enforced for another year.

Revolutionary Magistrate.

Kieve, Russia, Aug. 30.—A perquisition at the residence of M. Minniko, who is examining magistrate for political crimes here, has led to the startling discovery that he was a member of the revolutionary organization, and that his residence was the headquarters for the propaganda in this vicinity.

HEAVY SALES OF CITY PROPERTY

TWO BUSINESS-BLOCKS RECENTLY CHANGED HANDS

Trustees of Green-Worlock Estate Dispose of Trounce Avenue Property—Other Transfers.

(From Thursday's Daily.) Though the name of the purchaser has not been made public, it is known that Bernard Heisterman, trustee of the Green-Worlock estate, has sold the property at the corner of Trounce avenue and Broad street, to a local man, the consideration being in the vicinity of \$30,000. A substantial deposit has been paid on the purchase price, but the sale will not be completed for a week or ten days. The property includes the offices occupied by R. L. Drury and others and the Y. M. C. A. upstairs.

It is not intended to declare a dividend to depositors in the defunct bank at the present time. There is other property remaining to be disposed of and the proceeds of the present sale will be placed in the bank until other assets are realized upon.

Another sale of importance was that to Frederick Moore, director of the block on Government street occupied by Sea, & Gowen and others. The price is stated to be about \$32,000, and Mr. Moore has purchased the block as an investment. At present no changes will be made in the premises. Both above sales were made by Heisterman & Co.

Russell Wilson, of Saskatoon, Sask., yesterday bought from Major Greisback the property known as "Saschevan Lodge," on Cadboro Bay road. This sale was made by C. A. Gass.

CONGREGATION OF JESUITS.

Meetings of Delegates Who Will Elect New General.

Rome, Aug. 30.—The delegates to the congregation of Jesuits are arriving here to go into convention to elect a general of the society. The election will be held about September 1st. The power of the general of the Jesuits, as is known, is considered so great that from the severity of his black robes he is commonly called the "Black Pope," to signify that his influence in the Roman Catholic church rivals that of the Pontiff, the "White Pope."

This important post has been vacant since May, when the last general, Father Martin, died.

According to the constitution of the order of Jesuits, the ex-general leaves a species of will in which he indicates who among his assistants—five in number—shall act as his temporary successor under the name of vicar, and direct affairs until the congregation can be called. In his will the late head of the Jesuits appointed as vicar Father Ruggiero Fredi, who was his assistant for the Italian province. The other assistants were Father Rudolf Meyer, of St. Louis, Mo., for the Anglo-Saxon provinces, Father Marprice for the German provinces, Father Jno. Joseph De La Torre, for the Spanish, and Father Fine, for the French.

Father Meyer is well known in America, having served as provincial of the order in St. Louis and having been president of the Jesuit colleges in Cincinnati, Chicago and Detroit, while in his youth he was a student at Woodstock, Md., university, where afterwards he was a member of the society and the same caution, no members of the society being allowed in the quarters of the congregation where only the appointed delegates can be present.

AUSTRALIA IS AGAIN PROSPEROUS

ADDITIONAL WHARVES NEEDED AT SYDNEY

Steamer Miowera Arrived This Morning From Antipodes—Improved Conditions Reported by Arrivals.

(From Thursday's Daily.)

The Australian liner Miowera arrived this morning about 8 o'clock from the Antipodes, after an uneventful voyage. She left after landing her passengers and discharging a small consignment of freight about two hours later.

Leaving Sydney under the command of Capt. Frank A. Henning on August 26, the steamer encountered a severe gale and was encountered during the run to Brisbane, where she was reached two days later. After leaving Brisbane the weather for the most part was fine. From Suva a rough sea was encountered. Honolulu was reached on August 22nd. The stranded Manchuria was passed during the night time, so that nothing was seen of her.

At Honolulu a very considerable quantity of cargo was discharged, but the steamer brought little to British Columbia ports. Only about 17 tons were discharged here and 470 tons will be unloaded at Vancouver.

The Miowera brought a large number of passengers, however, 175 in all. Included among them are the members of the Collier Comedy Company, which has been playing in Australia and open their American tour in this city next week.

A. Dods, of this city was among those who returned after paying a visit to friends in Honolulu. At Honolulu Mrs. Rose are on their way to England.

Quite a number of the passengers are tourists, making a short trip to points in Canada and the United States.

Reports by the Miowera bring the news that conditions in the Australian colonies have very much improved. The indications are that the dry cycle which affected the crops of Australia and other accessories in keeping with the season, for a number of years past has now been succeeded by much better conditions. The wet weather of the past season has given a bountiful harvest, and there has been also a very large increase in the trade of the country. This applies also to New Zealand, and the general reports are that the Antipodean colonies are experiencing remarkably good business.

As an evidence of this the port of Sydney is crowded with shipping. The extensive wharfage facilities have been found far too cramped, and the government is at the present time seeking additional wharfage.

The information received from Sydney and a decided surplus has been created in the public accounts. Although there has been a falling off in the gold exports, the general trade has increased. This is evidenced by the exports last year increased by three million and a half pounds.

There is an increase in the immigration to the Australian colonies—a sure sign of returning prosperity. The government is likewise encouraging the advent of new colonists, and altogether the evidences of prosperity in the country are marked.

The full list of passengers arriving by the Miowera was as follows: Mrs. Lindsay, Mr. and Mrs. Swan and child, Mr. and Mrs. Howchin, Mr. Stoff, C. D. Driscoll, Mr. Myers, Mr. Hamilton, Mr. and Mrs. Fish, C. Fish, J. A. Fish, Master L. Fish, Miss P. Fish, Master S. Fish, Mr. Corbett, Mr. and Mrs. Batchelder, Mrs. Butzki, Mr. Lawson, Mrs. Corrie, A. Dods, G. Bray, Mr. and Mrs. Dunn, Mr. Satchell, C. F. O'Brien, Mrs. O'Brien and two children, Mr. and Mrs. Young, Mrs. Renwick, J. P. Bell, Mr. and Mrs. Bardollar, Mr. and Mrs. Harris, C. O'Brien, Mrs. F. Dunn, Miss Adams, J. L. Ward, R. A. Bull, Mr. McKenzie, G. Bennett, Mr. and Mrs. Nicholas, D. Adams, Mr. Anderson, Mr. Grundy, Mr. Arthur, Miss Arthur, Mr. and Mrs. Hopp, Mrs. Williams, Forer (2), S. Fairbank, W. J. Allen, A. Welch, Mr. and Mrs. Hamilton, Miss Moses, Mr. Moses, Mrs. and Misses Newthams (3), Master Newthams, Rev. Healy, Miss Healy (3), Master G. Healy, Mr. Robertson and child, G. Bell, Mrs. K. Bell, Miss Kirchner, W. Howe, Mr. Wieble, Miss D. Aire, Capt. and Mrs. Ross, Mrs. Williams, Mr. Blackburne, Mr. Fairbridge, C. Sharp, Mr. Clifford, Mr. Phillips, R. L. Adams, Mr. Moncrieff, W. G. Bell, H. Knorr, J. H. E. Gares, J. L. Logan, H. L. Lay, Miss McKeown, Miss G. Chamberlain, Lee Woe, J. Lockie and the Collier company, including Wm. Collier, Miss McKenzie, Miss Fagistero, Miss Stewart, Miss Hadsell, G. Stewart, Mr. Nasto, Mr. Jackson, Mr. Barrymore, J. W. Dean, Mr. Goose, Mr. Laville, Mr. Martin, Mr. King, Mr. McCutcheon, Mr. and Mrs. Garrick. There were also 42 Japanese on the steamer.

THE SPOKANE MURDER.

Mental Irresponsibility Will Be Defense of Sydney Sioane, Who Killed His Father.

Spokane, Aug. 29.—Mental irresponsibility is to be the defense of Sydney Sioane, the 17-year-old boy who murdered his father, James F. Sioane, yesterday. The defense is to try to show that the young man is a mental imbecile, and that he is not responsible for his deed.

Mrs. Sioane visited her son in the office of the chief of police to-day. The mother, who is a widow, held the child of her feelings and made no other show of emotion. The boy was the same immovable stoic he has appeared throughout the case. He came from the conference with dry eyes, with his hands in his pockets, and with a jaunty air as though on a pleasure walk.

Bees are said to have such an antipathy to dark-colored objects, that black chickens have been stung to death, while white ones of the same brood were left untouched.

FRONTIER DISPUTE.

Constantinople, Aug. 30.—A Turco-Bulgarian commission has been appointed to delimit the portion of the frontier of the Balkan states which is in dispute and which led to a somewhat sharp fight recently between the soldiers guarding the Bulgarian post at Sudejuk and the guard on duty at the Turkish post of Dervish Moglia.

A suspension of hostilities has now been agreed upon pending an investigation. The deficiencies in the artillery of the second Turkish army corps, whose headquarters are at Adrianople, are being remedied by the dispatch there of ten batteries of new Krupp quick-firing guns.

SYSTEM REQUIRES FREQUENT CLEANSING.

Not only outside but inside as well, your body must be frequently cleansed. It becomes loaded with wastes that clog up the wheels of health. Much better to act in time. Use Dr. Hamilton's Pills; they strengthen and regulate the bowels, assist digestion, enrich the blood, and thereby fortify the nerves and lay the foundation of lasting good health.

Dr. Hamilton's Pills bring vim and vigour to much sought for to-day; they infuse strength, enrich the blood, and spirit in those who have been ailing for years. Really no medicine so potent. Price 25c. at all dealers.

THE MUTUAL LIFE.

Changes in Membership of the Finance Committee.

New York, Aug. 30.—The Herald says: "Frederick Cromwell and Odrian Iselin have retired from membership of the finance committee of the Mutual Life Insurance Co., though retaining for the present at least their posts as directors. Thos. M. Mulrey, president of the Emigrant Industrial Savings Bank, who is one of the recently elected directors, and who was not associated with the Mutual Life during the McCurdy era, was named to fill the vacancy in the finance committee caused by Mr. Cromwell's retirement. Dumont Clarke, a lawyer who was a member of the old board, but whose record was in no wise impeached during the Armstrong inquiry, succeeds to the place on the committee vacated by Mr. Iselin. Mr. Cromwell was for many years the treasurer of the company during the McCurdy administration. After the retirement of Richard A. McCurdy, he served as acting president until the election of Charles A. Peabody."

DOUBLE MURDER AND SUICIDE.

Lacrosse, Kas., Aug. 30.—As a result of a quarrel over the settlement of an estate at McCracken, 17 miles west of here, last night, Omar Young shot and killed Alexander Walker, farmer, and Petyjohn Young afterwards shot himself.

FOR EXTENDING IMPERIAL TRADE

BRITISH COMMISSIONER ARRIVES IN VICTORIA

Richard Grigg, Government Representative, to Study Local Market Conditions at Length.

(From Thursday's Daily.) "We are a whole." These words were uttered with an air of finality by a sturdy, clear-eyed, British man of business this morning at the Driard. He was Richard Grigg, commissioner of the British Board of Trade, who is in Canada carefully considering what can be done to increase commercial intercourse between Great Britain and the Dominion. In advance of his official report to Rt. Hon. Lloyd George, M. P., head of the department, he cannot enter into details, but spoke most instructively this morning as far as the information he has gathered to date, and the conditions in British Columbia and interview merchants personally and the officials of the board of trade. This morning he expressed his willingness to attend a meeting of the board during his stay.

"My position in coming to Canada is analogous to that of the Dominion commercial agents in Great Britain," he said when seen at the Driard. "While I am only too anxious to do what I can to further Canadian interests in the Old Country, my principal mission is in what has heretofore been the reverse direction, the stimulation of British merchants trade with Canada."

"I am deeply interested in the future of the Dominion, for we are a whole. The preferential tariff which Great Britain has arranged in favor of Great Britain has certainly induced an increase of trade and another step in this direction has been the betterment of steamship communication between the two countries. The latter method has not only benefited business, but is already commencing to bring about a larger degree of what might be deemed pleasurable visitations between residents of the Old Country and Canada."

"British Columbia is best known on old country markets by reason of its salmon. The Fraser river product is the standard of excellence everywhere. 'What about the prospects for 'fruit'?" inquired the reporter. "I have only been a few hours in your city," replied Mr. Grigg, "and cannot say anything definite as to that. It comes really within the province of your own representatives in Great Britain to push this matter. You can be sure I will be happy to do anything in my power. There is one thing I may point out, however, that trade is largely a matter of interchange and the more you purchase from Great Britain the more the old country will probably purchase from you."

"The greatest interest in Canada is a theme of the greatest interest to the government at home. This is seen by my being sent out to study conditions. I cannot give details in advance of my official report, but you may be assured that where I can do anything to help British Columbia trade, or that of any other part of Canada, it will be not only a duty but a pleasure to do so."

Before leaving Mr. Grigg will appoint his official correspondents for the British Board of Trade in different parts of the Dominion, probably one in each province. Who will receive this honor in British Columbia is not yet known, but the appointment will be announced in a few days. To-day Mr. Grigg will visit the parliament buildings and interview R. M. Palmer, secretary to the bureau of information, and other government officials.

NATIVE CHIEF CAPTURED.

Manila, Aug. 29.—Word has been received that native volunteers captured Armogines Sanchez, a chief of the Pulajanes, in the province of Leyte, last Saturday. The escape of the bandits from Leyte has been cut off by the troops who will prevent the arrival of reinforcements of Pulajanes from Samar. The situation is greatly improved.

WATER COMMITTEE ASKED OPINIONS

THEIR PROJECT WILL COME BEFORE PEOPLE

Forecast of Action of City Council This Evening Regarding the Water Question.

(From Thursday's Daily.) It is impossible to accurately forecast what will happen at to-night's meeting of the city council regarding the water question. More trouble will be caused by a side issue than by anything else. From present indications the chief bone of contention will be whether the city should pay for the reports of Expert A. L. Adams read at the last meeting on Monday evening.

The why and wherefore of these reports has caused considerable speculation. They have placed the water question on a new basis and brought out many facts which were eagerly digested by a large number of ratepayers. How and why they were obtained may best be given in the words of the alderman who is willing to accept the responsibility.

"I am the instigator of the obtaining of these reports," said Ald. Fall to-day. "As you know, I went away on a short vacation directly after the council decided to lay the two proposals before the people. I heard the Mayor was trying to knife that of the water committee, and when I got to Vancouver began to think the matter over. After doing so I decided to write Ald. Stewart, chairman of the water committee, asking him to instruct the water commissioner to lay the water committee's and the Mayor's proposals before Mr. Adams and obtain his opinion. On the reasons for my doing so was the fact that the water committee had been charged with neglecting to obtain an expert opinion on their scheme. Ald. Stewart did as I suggested, and Mr. Adams' valuable information is the result."

"Now I hear that the Mayor, because the council's authority was not previously obtained, will try and hold up the report. He intended such a course he should not have permitted the opinions to be made public. The public has had the benefit and will not, I believe, object to paying the cost. If his worship had been fair he would have raised the objection before the documents were read to the council. In that event I would have paid for them out of my own pocket and kept the information to myself."

"This statement places the matter in a plain light, and it will be interesting to see what will happen this evening."

The receipt of Mr. Adams' reports which have been received with very mixed feelings, has caused a feeling among many of the aldermen that a large expenditure would not be best at the present time. In fact, some so far as to say that the question of redistribution should be laid over until a complete scheme is formulated. In that event it would not be necessary to carry this out already before the reverse direction, the stimulation of British merchants trade with Canada."

"I am deeply interested in the future of the Dominion, for we are a whole. The preferential tariff which Great Britain has arranged in favor of Great Britain has certainly induced an increase of trade and another step in this direction has been the betterment of steamship communication between the two countries. The latter method has not only benefited business, but is already commencing to bring about a larger degree of what might be deemed pleasurable visitations between residents of the Old Country and Canada."
