Garrett Smith, of the firm of M. R. Smith & Co., has produced a display equalling that which won so much favor-Tole comment at the recent Victoria exhibition. It is also very similar to the one prepared here, taking the nature of a house composed entirely of the varied product of the firm's factory. There are shown the excellent biscuits, which hardly require an advertisement, and the confectionery, which fully equal the imported article. Exhibits such as these are noteworthy because they represent the product of local industry, and it is because of this fact as well as the genuine excellence of the goods that they attract the general attention, and merit the most cordial encouragement. Garrett Smith has become an adept in arranging displays, long experience having familiar-ized him with the features which should receive the greatest prominence. LADYSMITH NOTES. Chinese Cook Assaulted and Robbed-Shipping News.

Ladysmith, Oct. 8 .- The Liberal ative met last night, and the result is that a meeting of all supporters of Ralph Smith will be called for Monday evening to organize for the campaign. Yesterday afternoon Government Agent Thompson held an informal inuiry into a complaint against a couple of white boys whom a young Chinaman had complained had assaulted and robbed him. It turned out, however, that it was only a boyish prank, that no robbery had taken place, and that one of the boys, while larking, had broken the Chinaman's lautern.
